ANOTHER HARD WEEK  
FOR COCKILL'S CREW

Schedule Calls For Eight Games  
Including Two Double-headers;  
Lancaster Today

By "UMP"

With Joe Chabek crippled, but not seriously, George Cockill and his Ponies started the week-to-day at Island Park with a double-header with Lancaster. On the result of the games this week will depend Harrisburg's chances for landing the pennant.

It was gratifying to Manager Cockill to learn to-day that Pitcher Chabek has no bones broken in his pitching hand. There is still a large lump on the back of the hand, which was badly bruised when Chabek was hit last week. An X-Ray examination showed no bones fractured. Chabek may be able to pitch to-morrow. He hoped to be all right to-day, but a rest has been recommended by the club physician.

One game will be played at Lancaster to-morrow. On Wednesday Harrisburg plays a double-header at Allentown and one game on Thursday. Winning two games from the Teutons would help in landing the pennant. Trenton will be the attraction at Island Park Friday and Saturday.

Pop Foster continues to hold his place as the star hitter of the Tri-State League, with Cannell, of Allentown, second, and Meyers, of Wilmington, third. There is a goodly collection of 300 hitters, the total being twenty-two and including Crist, Fox, Miller, Cruikshank, Cockill, Emerson, Whalen, all of Harrisburg.

Allentown leads in hitting and long drives, with Danny McGeehan being the star long-distance clouter, a most remarkable record for a lad of his dimensions. McGeehan's hitting has been most timely, and he has been responsible for a lot of late-inning victories with his long-distance clouts.

The best fielding team would include Teal, pitcher; Boelzie, catcher; Cockill, first base; Meyer, second base; Hammond, third base; Maurer, shortstop; Emerson, Cannell and Hooper in the outfield.

Harrisburg has the best team fielding average. Manning, with seven victories and no defeats, is the star pitcher of the league, though Chabek has won the most games.

The game on Saturday ended in the eighth when the storm came nearly putting Island Park out of business for the rest of the season. Harrisburg nosed out a victory by the aid of daring base running by McCarthy, who two men were down. It was the most sensational play seen this season. Wilmington had a good man in Brown, but Harrisburg was lucky with the breaks and Adams won the game. The score:

International Tennis  
Is on Today's Program

Special to The Telegraph

Boston, Mass., July 27.—International attention will be directed toward the tennis courts of the Longwood Cricket Club this week, with both the American and the British Davis cup teams in active practice. This afternoon Maurice E. McLoughlin and R. Norris Williams, 2d, clashed in the semifinals round for the Longwood cup. Karl Gehl, former internationalist, paired with Fell, played against A. S. Dabney and N. G. Niles, the Massachusetts title holders, in the eastern doubles.

Thomas C. Bundy, who holds the national doubles title, with McLoughlin, is practicing daily. It has not yet been decided whether Bundy or Behr will pair with McLoughlin in the Davis cup doubles.

McLoughlin, playing his familiar whirlwind game, is favored by most of the tennis experts to win his second leg on the sixth Longwood cup, now held by William M. Johnston, a fellow-Californian, who won it last year.

Although the entries closed on Saturday with Secretary Fred R. Fortmeyer, in New York, they will not be announced until to-day week because of post-entries permitting crews desiring to enter at the conclusion of the annual Canadian regatta to be rowed at St. Catharines, Ont., on Friday and Saturday of this week.

You Smoke a "Better" Tobacco  
—Why Not Smoke The Best?

THE tobacco you now smoke you consider "better tobacco than you ever smoked before." Naturally, you kept trying until you found a "better" one.

But it stands to reason that since there is a difference in tobaccos, you may be missing still greater pleasure in a still better smoke—in the BEST smoke, in fact.

Tuxedo is the best smoke because no better tobacco leaf grows, and no process of treating tobacco leaf equals the original "Tuxedo Process."
