Tan, Red or Freckled Skin Is Easily Shed To free your summer-soiled skin of its oiliness, muddiness, freckles, blotches or tan, the best thing to do is to free yourself of the skin itself. This is easily accomplished by the use of ordinary mercurized wax, which can be had at any drug store. Use at night as you use cold cream, washing it off in the morning. Immediately the offending surface skin begins to come off in fine powder-like particles. Gradually the entire cuticle is absorbed, without pain or inconvenience. The second layer of skin now in evidence presents a spotless, whiteness and sparkling beauty obtainable in no other way. If the heat tends to loosen and wrinkle your skin, there's an effective and harmless remedy you can readily make at home. Just let an ounce of powdered salixite dissolve in a half-pint of water, and bathe your face in the liquid. This at once tightens the skin and smooths out the lines, making you look years younger. Is Your Coal Bin Empty? Do you care what it costs you to fill it for the needs of winter? Do you know that you can still economize, for August prices are 20c less on broken, egg, stove and nut sizes than they will be September 1, when full winter prices go into effect? You have the empty bins—we have the coal to fill them with—what is your verdict? Do it in August. H. M. KELLEY & CO. 1 N. Third St.—10th & State Sts. HARRISBURG STORE ORDER SYSTEM BELL PHONE 2749 E. Planning for the Stork's Arrival

Among those things which all women should know of, and many of them do, is a splendid external application sold in most drug stores under the name of "Mother's Friend". It is a penetrating liquid and many a mother tells how it so wonderfully aided them through the period of expectancy. Its chief purpose is to render the tendons, ligaments and muscles so pliant that nature's expansion may be accomplished without the intense strain so often characteristic of the period of expectancy. "Mother's Friend" may therefore be considered as indirectly having a splendid influence upon the early disposition of the future generation. Whatever induces to the ease and comfort of the mother should leave its impress upon the nervous system of the baby. At any rate, it is reasonable to believe that since "Mother's Friend" has been a companion to motherhood for more than half a century it must be a remedy that women have learned the great value of. Ask at any drug store for "Mother's Friend," a penetrating, external liquid of great help and value. And write to Bendfield Regulator Co., 122 Lenox Bldg., Atlanta, Ga., for their book of useful and timely information.

Accounts of Dead Tax Collector Found Short

Carlisle, Pa., July 31.—A representative of the Fidelity Surety Company, of Baltimore, is here for the purpose of checking up the accounts of the late W. N. Hall, tax collector of this borough at the time of his death in January. M. Hall left his accounts in bad shape, but it was not suspected there was a defalcation until a few weeks ago. Then the borough authorities called upon the surety company to make good. When the representative of the company first came to Carlisle he found he would have to go over accounts to the amount of \$15,000. The amount unaccounted for to date, he says, is more than \$2,000 and may exceed \$3,000. Mr. Hall was a resident of Cumberland County for many years and was regarded as a man of unquestioned probity. The only criticism leveled against him was that, after his wife's death, he became addicted to drink, and to that is attributed the present condition of his books.

A STOMACH TONIC There is a form of indigestion called "atonic" dyspepsia. Atonic means "lack of tone." It is probably the most common form of indigestion, but not much is heard about it because people are inclined to group all forms of dyspepsia as "stomach trouble" and the doctors let it go at that. Lack of tone in the digestive organs means that the stomach is no longer able to do its work as nature intended. The nerves that control it are weak, the glands that supply the digestive fluids are not working properly. Gas on the stomach, sour risings in the throat and constipation result. The cause of the trouble is thin blood. Stomach, nerves and glands are all dependent on the blood and when it gets thin and watery they are at once weakened. Dr. Williams' Pink Pills act directly on the blood and the first response from the stomach is a better appetite, freedom from distress after eating and an increase in ambition and energy generally. Try Dr. Williams' Pink Pills as a stomach tonic and see how your general health improves. A diet book, "What to Eat and How to Eat," will be sent free of charge by the Dr. Williams' Medicine Co., Schenectady, N. Y. Every druggist sells Dr. Williams' Pink Pills.—Advertisement.

Fire Destroys Large Barn, Seven Hogs and Crops

Marietta, Pa., July 31.—A large bank barn on the farm of Mrs. Joseph Hunchberger, several miles northwest of here, with all its contents, was burned to the ground Wednesday evening, entailing a loss of more than \$5,000, partially covered by insurance. The farm is one of the largest in that section and requires a barn nearly one hundred feet square. At the time of the discovery of the flames the mares were threshing wheat with a traction engine outfit, and a spark caused the conflagration. Eleven men were working at the time and all did their best in saving the horses and cattle, but the farming implements and all harness, crops of wheat, oats and hay, just harvested, went up in smoke. The pig sty which stood close, also caught fire and with seven large hogs was burned to the ground. Neighbors responded as quickly as possible and with bucket brigades saved the residence and other buildings, although they were on fire a number of times.
