SITUATION LEADS TO INTEREST IN BOOK

Dr. Jordan Predicted Ever Threatening War in Europe Would Never Come

The menace of a general European war lends particular interest to what Dr. David Starr Jordan, American distinguished peace advocate, said in his recent book, "War and Civilization."

"What shall we say of the Great War of Europe ever threatening, ever impending, and which never comes? We shall say that it will never come. Humanly speaking, it is impossible. It is the physical sense, of course, for with weak, reckless and godless men nothing evil is impossible. It may be of course, that some half-crazed Archduke or some harassed Minister of State shall half knowingly give the signal for Europe's conflagration. In fact, the agreed signal has been given more than once within the last few months. The tinder is well dried and laid in such a way as to make the worst of this catastrophe.

ROAD WORK HELD UP IN SOME PLACES

Inability to get immediate delivery of Equipment and Materials Has Been Drawback

READING GRADE CROSSINGS

Hearing Will Be Held by the Public Service Commission During the Present Month

Inability to get prompt deliveries of equipment and materials at points where they are needed has retarded the work of the State Highway Department in its repair of the State highways and efforts are being made to get necessary equipment working this week.

While progress on the repair of the most traveled routes has been made by the Highway Department, close to 4,000 men being strung along the roads, the condition of drains, culverts and bridges has caused unexpected delays.

Within the next few weeks it is expected that things will be in pretty fair shape in some of the districts, road drags having been worked hard on roads which did not require filling up. Practically no resurfacing will be undertaken until the bulk of the highways are in passable shape.

The contractors recently awarded charters for the express roads have been instructed to get started as soon as possible and plans for other contracts or the State aid plan are being worked out.

Mont Alto Exercises.—Ten students of the State Normal Academy at Mt. Alto will be graduated this week. They completed the prescribed course. Most of them will enter State employment in the reserves. Forestry Commissioner S. Conklin will present the diplomas.

More Charters Asked.—Men interested in electric propositions are getting over their scare over the public utility law and more applications for charters for electric corporations have been made in the last six weeks than in the first five months of the year. Several of them have been of new companies for territory covered by companies which did not exercise franchises.

Dr. Rauer Here.—Dr. Phillip Rauer, eminent German medical man, who is in this country studying methods of combating tuberculosis, spent Saturday here going over the work in this state with Dr. F. Royce, chief medical inspector. He inspected the exhibit and the plans.

Powell at Pottsville.—Auditor General Powell was in Pottsville on Saturday looking after the legal end of some escheat proceedings.

Berks Grade Crossings.—A hearing will be held before the Public Service Commission August 19, in the matter of the proposed grade crossings of elimination of some of the crossings of highways and railroad tracks at grade, located in Berks county. They are known as High's Lane, Lower Berks township, over the Pennsylvania Railroad crossing, Crossling, Cunru township; Gibraltar Crossing, Robeson township, and Robeson Crossing, over both the Pennsylvania Railroad and the Reading, Philadelphia and Reading. The Reading Chamber of Commerce and the Berks County Farm Bureau are back of the petition, which is signed by 158 citizens.

Local subjects of the various warring nations are anxiously awaiting news from relatives from Steelton who are visiting in some of the war torn countries. Michael J. Horvath, of the Horvath Printery, this morning received a letter from his father-in-law, Joseph Kiselic, 225 Myers street, who with his wife and son, Vincent, are visiting their old home in Rijeka, Austria. The letter was mailed from Paris twelve days ago while the Kiselics were enroute to Austria. It made no mention of the war. Their present whereabouts is unknown.

Mrs. Martin Gerhardt, wife of the proprietor of the Gerhardt studio, has postponed her departure for Austria for a month's vacation. Indelibly Mrs. Gerhardt had already booked passage to sail on the Vaterland from New York, Friday, when she received a cablegram from her mother, in Austria, warning her not to sail. Then the sailing of the Vaterland was prohibited by the government. Another passenger on the Vaterland was to be Anton Breinich, a Steelton tailor.

The first Austrian to offer his services here was Valada Kelscher. Kelscher quit his job at the steel works this morning and immediately left for New York where he will sail for Austria.

Another man to offer his services is Otto Fischer, of Harrisburg, a draughtsman at the steel works. Fischer is a lieutenant in the Sixty-seventh Austrian reserve infantry. He left for New York Saturday.
