DR. HASTINE READS OSTEOPATHIC PAPER. Well-Known Harrisburger on Program at International Convention at Philadelphia.

DR. HARRY M. VASTINE. Philadelphia, Aug. 4.—Dr. Harry M. Vastine, of Harrisburg, read a paper last evening before the eighteenth annual convention of the American Osteopathic Association, in session here, on the topic "Technique-Correction of Sacro-Iliac Lesions."

BIG CROWDS FLOCK TO FEDERAL SQUARE FOR LATE WAR NEWS. Up-to-Minute Bulletin Service Gives Hundreds Opportunity to Read Flashes on Big Conflict.

Crowds, eager for war news, in this city are flocking to Federal Square these days to read the latest Associated Press bulletins which the Telegraph is posting the minute they reach the news desk. To show just how quickly bulletins on important news are posted in front of the Telegraph building, this morning when the news of the German liner Kronprinzessin Cecilie's landing at Bar Harbor, Maine, came over the wire, it took but one minute to post the flash on the board.

FOREIGN WAR FLAME HAS NO EFFECT ON CITY'S INDUSTRIES. Few Men Leaving Positions For Battlefields of Europe According to Plant Managers.

While contractors and heads of the big manufacturing establishments employing foreign labor in this vicinity refuse to comment on possibilities, they declare that up to date the spreading of the war flame throughout Europe has not yet affected the hosts of workmen from foreign climes. On the city improvement jobs, at the Pennsylvania Steel Company, the Harrisburg Foundry and Machine Works, the Central Iron and Steel Works, in fact practically all of the big plants, there are scores of Austrians, Servians, Germans and even some French and Russians employed. Many of them too, are not naturalized. It is this contingent that will be liable for military duty should the final call for the reservists to "colors" be sent from the capitals of Europe.

NEUTRALITY OF THE UNITED STATES

(Continued From First Page)

concerned in increasing or augmenting the force of any ship of war, cruiser or other armed vessel which at the time of her arrival within the United States was a ship of war, cruiser or armed vessel in the service of either of the said belligerents or belonging to the subjects of either, by adding to the number of guns of such vessels or by changing the position of any of the guns of a larger caliber, or by the addition thereto of any equipment solely applicable to war.

11. Beginning on setting on foot or preparing the means for any military expedition or enterprise to be carried on from the territory or jurisdiction of the United States against the territories or dominions of either of the said belligerents.

And I do hereby further declare and proclaim that any fringing and use of the waters within the territorial jurisdiction of the United States by the armed vessels of a belligerent, whether public ships or privateers, for the purpose of preparing for hostile operations, or as posts of observation upon the ships of war or privateers of either of the said belligerents lying within or being about to enter the jurisdiction of the United States, must be regarded as an act of war, offensive and in violation of the neutrality which it is the determination of this government to observe; and to the end that the hazard and the consequences of such apprehended practices may be avoided I further proclaim and declare that from and after the fifth day of August, 1914, and during the continuance of the present hostilities between Austria-Hungary and Servia, and Germany and France, no ship of war or privateer of either of the said belligerents shall be permitted to make use of any port, harbor, roadstead or waters subject to the jurisdiction of the United States, or to use a vessel of an opposing belligerent (whether the same shall be a ship of war, a privateer or a merchant ship) shall have previously departed from such port, harbor, roadstead or waters.

The Suffrage Movement and Womanly Beauty

The newspapers happily have provided by printing photographs of many suffrage leaders to give up to the minute, both as to clothes and as to beauty and we contend modern women are beautiful because they have learned to care for themselves and study beauty methods. Then, too, we have found an astonishing thing—namely, that they have discarded face powder. The reason complexion suffer so much is that they use face powder does not offer sufficient protection against the hot sun. A plain surmam lotion not only safeguards the skin from the elements, but in itself is a beautifier of great worth. To prepare this lotion at home, dissolve 4 ounces surmam from drug-dists in 1/2 pint hot water (or witch hazel) and add 2 teaspoonfuls of vasoline. This applied to the skin becomes invisible and imparts a velvety softness and dainty tint to a rough, faded skin, relieving the complexion of all blemishes, and its use will insure a lovely, clear complexion.—Advertisement.

Stomach Troubles Due to Acidity

SO SAYS EMINENT SPECIALIST. So-called stomach troubles, such as indigestion, wind, and stomach-aches are in probably nine cases out of ten simply evidence that fermentation is taking place in the stomach, and the acid, causing the formation of gas and acids. Wind distends the stomach, and causes that full oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The troubles arise entirely in the fermenting food. Such fermentation is unnatural, and acid is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper anti-acid, such as bisulphate of magnesia, which can be obtained from any drug store and thus enable the stomach to do its work properly without being hindered by poisonous and dangerous acids. 500 PATRIOTIC SONS HERE TO GO TO YORK

Boost L. Ira Cargill of Steelton For State Guard of Big Order

Members of the eight camps of the Patriotic Order Sons of America of this city, as well as those of Steelton, Embury, Highspire, Middletown, Dauphin, Emola, West Fairview, Lemoyne, New Cumberland and surrounding towns, are making arrangements to attend the annual session of the state camp, which will be held in York during the week of August 24.

Parade day, which will be held on Thursday of that week, will draw an especially large number, when the largest parade the order ever held will close the session. Among the camps from this city and vicinity to parade on August 27 will be Camp No. 8, of this city, and Camp No. 102, of Steelton. The former expects no less than 100 men in line and will be accompanied by the West End band. They will be dressed in summer costume, consisting of white felt hats, white shirts, duck trousers, blue ties, and they will carry flag canes. The camp's decree team, wearing its handsome uniforms of the Colonial days, will precede the camp proper. The camp will be marshaled by Frank Lindsey, its president. Camp No. 102 will be marshaled by J. C. Mehring, and the camp will have about 75 men in line. They will be accompanied by the Highspire band. Their uniforms will consist of white cap, blue shirt, red four-in-hand tie, black trousers, and each man will carry a pennant made especially for the occasion.

To Go On Special. Under special train will leave this city at 8:30 a. m. and returning will leave York at 10 p. m. An exceptionally fine fare will be charged for the round trip. Arrangements for the trip made by the train stop at New Cumberland for a delegation from that place. From recent indications more than 500 people will attend from this city and vicinity, as the committees of these two camps are working hard to send an excellent representation in honor of their candidates for state guard, L. Ira Cargill, of Steelton, who they expect to elect with a handsome majority.

Destination of Kronprinz Wilhelm Still a Mystery

New York, Aug. 4.—The destination of the steamer Kronprinz Wilhelm of the North German Lloyd Line, which left this port last night with a cargo of coal and other supplies, is a subject of speculation to-day. The steamer, after clearing Sandy Hook, had only her running light burning and was headed in a southerly direction instead of northward, which is the usual course for steamships bound for Europe. The sou' e'ly route taken, and the fact that the steamer had about 2,000 tons more coal than she would need to cross the Atlantic besides sea stores, led to reports that she was going to sea to transfer supplies and fuel to the German cruisers Dresden, Straasburg and Karlsruhe, which have been reported as hovering in American waters.

MISS MEHRING DEAD

Miss Minnie M. Mehring, of 2439 North Sixth street, died early this morning at the Atlantic City Hospital of heart trouble. She is survived by her father, J. C. Mehring, one sister and four brothers. Funeral arrangements will be announced later.

And I do hereby enjoin all citizens of the United States and all persons residing or being within the territory or jurisdiction of the United States to observe the laws thereof, and to commit no act contrary to the provisions of the said statutes or treaties or in violation of the laws of nations in that behalf. And I do hereby warn all citizens of the United States and all persons residing or being within its territory or jurisdiction that, while the free and full expression of sympathies in public and private is not restricted by the laws of the United States, military forces in aid of a belligerent cannot lawfully be originated or organized within its jurisdiction and that, while all persons may lawfully and without restriction by reason of the aforesaid state of war may refuse and sell within the United States arms and munitions of war and other articles ordinarily known as contraband of war, yet they cannot carry such articles upon the high seas for the use or service of a belligerent nor can they transport sol-

For half an hour this afternoon City Council forgot the European war—and elected Charles A. Thompson, 116 Linden street, a former baggage man at Union station, a city patrolman.

Thompson was nominated by Commissioner Lynch, seconded by Commissioner Bowman, to succeed John W. Matzinger, who was dismissed for conduct unbecoming an officer. Commissioner Taylor voted with Messrs. Bowman and Lynch.

Mayor Royal wanted ex-Police Sergeant Charles J. O'Donnell and his efforts to have O'Donnell named in Matzinger's place were supported by Commissioner Gorgas. Mayor Royal's appointment of his one-time police sergeant. He once more raised the cry as to unfairness of Council in Bowman's measure, who had given up should have to dictate as to whom he should have.

Royal Resents Defeat. Mayor Royal resented his defeat up until the adjournment of Council—even in his own city. Council that the vacancy in the dogcatcher-ship was unfilled.

Who appointed the dogcatcher before? Inquired Mr. Gorgas, "Didn't Mr. Lynch suggest it?" "Why I don't know any candidates for dogcatcher," smilingly replied Mr. Lynch.

And I just wish to say this to Council, that if you are to be fair, when you are approached by applicants for places in my department—please don't send them to me. Tell them where they stand and don't fool them and don't refer them to me."

Hall Included in List of Unacquired Land by Mistake, Says Bowman

In a brief note to Francis Jordan Hall, a member of the City Planning Commission whose name had been mistakenly included by City Commissioner F. Bowman, superintendent of public safety, in the list of owners of unacquired river park frontage, Mr. Bowman explains the error. Following is Mr. Bowman's letter:

Dear Sir:—I am very sorry that the article got into the papers the other day regarding the piece of ground which you had given to the city some years ago. I want to assure you that this was an error, possibly on my part, as to the ground being given to the city. It is the "frontage of 5 1/2 feet directly opposite Harris street as given me by the City Solicitor Mr. Seitz. If you will notice this piece of ground is the continuation of Harris street and is either owned by yourself, or the heirs of Emily R. Porter and Edward Bailey, or Elizabeth H. Reilly. You will notice that this ground is 60 feet, while the ground which you donated to the city some years ago is 5 1/2 feet on the north side of Harris street.

Bowman Ordinance to Condemn Park Frontage Solution to "Filling"

By an ordinance introduced in Council this afternoon by City Commissioner Harry F. Bowman, superintendent of public safety, Front street, from South street to a newly opened street, Liberty, and from Harris to MacLay street are authorized to be opened from the eastern curb-line to low water mark.

This procedure would follow that of the city of Philadelphia, the lower end of town from Iron alley to Park street, settlement of a few cases of the kind now pending, and only other stretches which the city will not have condemned for street purposes, should be finally passed. The ordinance was introduced by Her and Calder, known as Hardacre, and the Fleming property, which has been turned over to the Civic Club. The city's share of the expense incident to the opening of the street and condemnation for damages would be comparatively small, it is believed. Incidentally this Mr. Bowman believes, will satisfactorily settle the controversy growing out of the dumping of "fil" along Front street above Hardacre. Mr. Bowman had stated that Taylor's proposition to have 20,000 yards of excavated earth to the north of Hardacre be used for the park frontage had not yet been given over to the city for park purposes.

Paris, Aug. 4.—German troops to-day cut the telephone and telegraph wires on French territory along the border. No engagement in force was reported.

American Warship Will Be Used to Send Gold to Countries in War Zone

Washington, D. C., Aug. 4.—Congress is to be asked immediately to appropriate \$2,500,000 to relieve Americans in Europe. President Wilson to-day approved the bill which was introduced last night at a conference between Secretary Bryan, Secretary McAdoo, Robert Lansing, solicitor of the State Department, and the American Express Company, and Benjamin Strong, a New York banker.

Congress will be asked to empower Secretary McAdoo to appoint fiscal agents in Europe to supervise the expenditure of the \$2,500,000 fund, which will be in addition to the \$250,000 appropriated yesterday.

Select Cruiser

The State Department to-day cabled diplomatic and consular officers abroad to assemble all Americans in the countries involved and have them ready to embark for home.

Outlet Furnishing House Have Opened Stou

The latest among the new stores to bid for a share of Harrisburg patronage is the Outlet Furnishing House, at 1014 Market street. This store opened for business Monday with complete lines of furniture. The management announces the intention of specializing in factory lots of furniture bought direct to eliminate the wholesaler's profit. The store is ample in floor space to permit a large stock and the location is convenient to the railroad stations and most of the car lines.

London, Aug. 4.—Premier Asquith to-day read a telegram from the German Foreign Minister, which the German Ambassador in London had sent to Sir Edward Grey. It was as follows: "Please dispel any distrust that may subsist on the part of the British government with regard to our intentions by repeating most positively the formal assurance that even in case of armed conflict with Belgium, Germany will under no circumstances whatever annex Belgian territory."

THE experienced motorist now asks for Polarine

THE STANDARD OIL FOR ALL MOTORS —not just "lubricating oil." This is because experience has convinced him that Polarine Oil gives the best lubrication for any make of car. A trial will convince you, too. If your dealer cannot supply you, telephone or call.

WAR BULLETINS

(Continued From First Page)

London, Aug. 4.—The German cruiser Breslau bombarded the French naval station of Bona, Algeria, at 4 o'clock this morning, afterward steaming off at full speed in a westerly direction, according to a dispatch received at the French Embassy here.

London, Aug. 4.—A dispatch to the Morning Post from St. Petersburg reports that Germans in the Russian capital as incensed at the conduct of their government, which to the last pretended surprise at Russia's policy and refusal according to a dispatch received at the Russian Embassy, to leave its nationals in the hands of the American Embassy, to whose care German interests were entrusted, was quite unprepared to deal with such a complex question.

Paris, Aug. 4.—The French government, the Foreign Office and the military authorities have expressed to Ambassador Herrick and Consul General Thackeray their desire to treat well the Americans who are still here, facilitating their departure if they wish to leave or permitting them to remain without annoyance or embarrassments that can be avoided.

St. Petersburg, Aug. 4.—A ukase imposing a military censorship was published to-day.

London, Aug. 4.—Dowager Empress Maria Feodorovna of Russia, who reported to have reached Copenhagen, whence she will try to get to St. Petersburg, was on her way to the Russian capital from a visit to England when she was stopped in Berlin and turned back by the government authorities.

Brussels, Aug. 4.—The Belgian newspaper Chronique announces that the Belgian authorities have seized the wireless installation set up by the German school in the Belgian capital.

Paris, Aug. 4.—Diplomatic relations of France and Germany were formally broken off to-day.

Stockholm, Aug. 4.—It was stated to-day that both Germany and Russia made inquiries on Sunday as to whether Sweden would remain neutral. Germany's not was brief, merely demanding to know whether Sweden was "for or against us." The ministers declined to say what reply was given, but they are preparing to defend the nation's neutrality.

THE ATLANTIC REFINING COMPANY

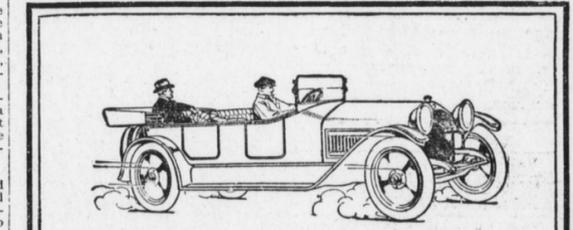

SONS OF ST. GEORGE IN SESSION HERE

Officers Installed at Opening; Will Be Here For Three Days. Sons of St. George of Pennsylvania opened a three day biannual convention in the Board of Trade building this morning.

William Sims, of Erie, presided while the following officers were installed: Robert Sandaver, of Philadelphia, president; William Trembath of Wilkes-Barre, secretary; Andrew Symons, of Wilkes-Barre, treasurer. On account of the illness of John T. Hunt, of Washington, vice-president, a new vice-president will be elected to fill this vacancy.

About sixty members of the lodges of Philadelphia and vicinity, Pittsburgh and vicinity and the anthracite coal regions are in attendance. The convention will continue three days.

The Sons of St. George Order was originated in Scranton in 1871. Its membership in Pennsylvania is 500, in the United States 3,200. Membership in this organization requires a man to be English or of English descent, further removed than the third generation.
