

MAN MYSTERIOUSLY SHOT WILL NOT TELL POLICE WHO DID IT

Found Shortly Before Midnight by Captain Thompson at 15th and Herr and Herr CONNECT COPELIN'S NAME Morning Newspaper Reports Hint That City Treasurer Worked the Gun

With seven bullet holes in his right thigh, one near the left groin, and two fingers of the left hand chipped as if by the flight of other bullets, Walter M. Quigley, machinist, 42 South Cameron street, rested fairly comfortably on a Harrisburg Hospital cot to-day and steadfastly refused to divulge to the police a single clue that would help to solve a mystery that had all Harrisburg by the ears.

Quigley was found shortly before midnight last night by Police Captain Joseph P. Thompson and City Detective Beach tottering about in the vicinity of Fifteenth and Herr streets. The ambulance was called and Quigley was hurried to the hospital. To the police he first gave his name as "George Thomas."

Morning newspaper reports associated the name of City Treasurer O. M. Copelin with the shooting and this statement had all Harrisburg discussing the mystery. At the office of the City Treasury the clerical force explained that Captain Copelin and his daughter, Miss Eleanor Copelin, left the office at 3:35 o'clock yesterday afternoon for Mt. Gretna. Consequently Captain Copelin's host of friends in this city and in Mt. Gretna floated the morning newspaper's broad hints that the Eighth Regiment's inspector of small arms practice might have had any connection with the shooting in the vicinity of the Copelin home at Fifteenth and Verbeke streets.

Couldn't Locate Copelin Captain Copelin himself could not be located to-day.

Mrs. Copelin was prostrated by the story, it was explained at her home to-day, and remained in bed upon the advice of her physician and refused to see reporters.

Mrs. Quigley frankly admitted that she wouldn't talk now, but it all depended upon what might develop as to whether or not she would in the future.

Friends of the captain were eagerly seeking for some word from him to-day in view of the more or less conflicting reports that were current as to his whereabouts.

Went to Gretna Yesterday United States Commissioner Leroy Wolfe told the police that he went down to Gretna on the 3:35 train in the afternoon with Captain Copelin and his daughter.

Prior to his departure the inspector of small arms practice conferred with Colonel Joseph E. Hutchison, commander of the Eighth and the city's chief of police, relative to the arrangements for the opening of the rifle practice on the Gretna ranges to-morrow.

Registered at Plaza Here Inquiry at the rifle range to-day elicited the fact from Colonel L. V. Rauch, deputy quartermaster general on the ranges, that Mr. Copelin was seen on his way to his hotel with his daughter presumably to register. This was at 6:20 or thereabouts last evening.

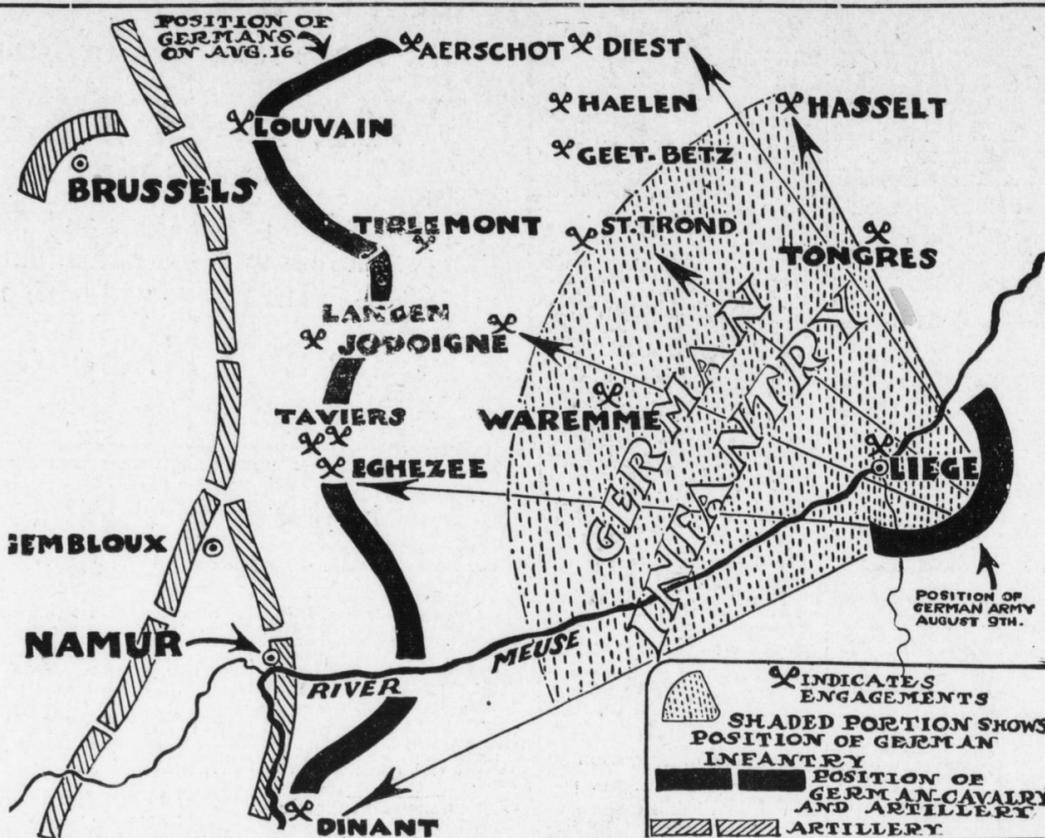

Further inquiry at the Hotel Conewago and Gretna Inn failed to reveal any registration by Captain O. M. Copelin.

On the register of the Hotel Plaza, at Union Station entrance, this city, the name of "O. M. Copelin," no residence given, appears. He was assigned to room No. 1.

A friend of Mr. Copelin recalled

AMERICANS TELL STORIES OF GREAT BATTLE AT LIEGE

Returning Yankees Telling of Lying in Ditches While Bullets Fly Over Them

By Associated Press New York, Aug. 19.—First-hand tales of the fight at Liege and grim narratives of the war sweeping Europe came into port to-day on the lips of American refugees from the continent aboard the Red Star liner Finland.

With a Dutch pilot aboard, Captain Barman steamed his ship through a perpetual intercanal canal rights and coaling stations, was referred to a special subcommittee of the Senate foreign relations committee, to-day as the first step toward ratification.

MAY LICENSE WAREHOUSES Washington, D. C., Aug. 19.—Senator Gore introduced a bill to-day for Government licensing of grain warehouses. A bill for licensing cotton warehouses is pending. Both are designed to facilitate loans on farm products, particularly during the European war.

At this moment, when nearly the whole of Europe is being dragged into the vortex of a most terrible war, with its present dangers and miseries and the consequences to follow, the very thought of which must strike every one with grief and horror, we whose care is the life and welfare of so many citizens and peoples cannot but be deeply moved and our heart wrung with the bitterest sorrow.

And in the midst of this universal confusion and peril we feel and know that both fatherly love and apostolic ministry demand of us that we should with all earnestness turn the thoughts of Christendom thither "whence cometh help"—to Christ, the Prince of Peace and the most powerful mediator between God and man.

We charge, therefore, the Catholics of the whole world, to approach the throne of grace and mercy, each and all of them, and more especially the clergy, whose duty furthermore it will be to make in every parish, as their bishops shall direct, public supplication so that the merciful God may, as it were, be bewitched with the prayers of His children and speedily remove the evil causes of war, giving to them who rule to think the thoughts of peace and not of affliction.

Katy Sings of Early Frost and Cold by Mid-September

Who's Telling the Glad News About Town? Why the Smiling Coal Man, Who Else?

The farmers through this section of the State are preparing for an early frost and the harvesting of the crops is being rushed with all possible speed. The cause for the alarm came last week when the katydid was, for the first time this year, heard in the meadows. An old weather legend, says Walter Montgomery, the coal man, which is infallible with the agriculturists of this section, is that continuous cold weather and frost follows the first appearance of the katydid by not more than six weeks.

Head of Church Addresses Exhortation From Palace of the Vatican

By Associated Press Rome, via London, Aug. 19, 10:50 a. m.—The Pope has addressed the following exhortation to the whole world:

At this moment, when nearly the whole of Europe is being dragged into the vortex of a most terrible war, with its present dangers and miseries and the consequences to follow, the very thought of which must strike every one with grief and horror, we whose care is the life and welfare of so many citizens and peoples cannot but be deeply moved and our heart wrung with the bitterest sorrow. BRUSSELS HELD OUT AS BAIT TO FORCES OF GERMAN KAISER

Daily Express Correspondent Declares Second Emperor Is to Meet His Waterloo

By Associated Press London, Aug. 19, 3:05 A. M.—The Daily Express correspondent, a Belgian who was expelled Monday according to the Belgian government's decision to allow no outside newspaper men in Belgium, arrived in Ostend yesterday and sent the following dispatch to his paper:

"The great battle may be said to have begun on Saturday when an attack was made on the French positions south of the river Meuse near Dinant. This feint attack, without much weight, was beaten back.

"On Sunday the real German attack began in an attempt to strike toward Waterloo and France. The battle started with the pushing forward of cavalry supported by infantry and artillery.

"This entire force, as soon as it came in contact with the Belgians was virtually surrounded and its advance guards exterminated. The shattered fragments fell back on the massed reserves waiting to attack.

"Later on Sunday the main German attack began from Saint Trond, eleven miles east of Tilleur. The fighting was tremendous, great execution being done on both sides.

"By sheer weight on numbers the Germans finally forced the Belgians back on their second line. Then the French came up and heavy firing was heard all along the line all day yesterday at Wavre.

"The German advance did not follow any of the main highways. They cut across these, using the smaller roads. The Germans were unable to operate their heavier field artillery.

"The outstanding fact in the developments in the present week is the dramatic abandonment of Brussels, which was a heroic act of self abnegation.

Censors Silence News of Battle Raging in Belgium

Reports Which Have Leaked Through Lines Indicate Fight Between Allies and Germans Is Now in Progress; Battleships in North Sea Are Believed to Be Shelling Each Other, But Official Confirmation of This Is Withheld; Liege Forts Said to Be Holding Out; Servian Victory Over Austrians Is Confirmed

Washington, Aug. 19.—Secretary Garrison of the War Department admitted to-day that the cruiser Tennessee, held at Falmouth, Eng., on her mission to relieve Americans stranded abroad, was awaiting his orders, but refused to discuss the matter. The secretary said, negotiations with various countries the Tennessee will visit, were proceeding but he would not say how far they had proceeded or state why it has been found necessary to hold her.

Complete silence is maintained as to the fortunes of war in the big fight understood to be in progress somewhere along a line extending through Belgium and Luxemburg. Dispatches give evidence of the presence of masses of German troops pushing their way to the front behind an impenetrable screen of cavalry whose dashes in search of information as to the whereabouts the allied troops have resulted in sharp clashes and heavy casualties.

The commanders of the allied forces of French, British and Belgian will not permit anything about their positions to become public and since the official note made known the presence of a large British expeditionary force on the continent its movements have been hidden from the outside world.

At Brussels it is said there has been no change since yesterday, in the position then reported to be excellent for the allies. German dispatches describe them as in the hands of the German army since the arrival of heavy artillery while Belgian military authorities assert they are still intact and holding out bravely.

FRENCH PROGRESSING STEADILY In Alsace Lorraine the French turning movement through Southern Alsace appears, from French reports, to be progressing favorably for the French and this seems to receive confirmation in a dispatch sent out by the Wolff Bureau, the German official news agency, saying two batteries of guns were taken by the French, who continued their march forward.

All these reports, however, refer to the preliminary meetings of opposing bodies of troops leading up to the great battle which may already have begun. Even leading Frenchmen take occasion to point out to the countrymen that the decisive conflict is yet to come and that too much reliance must not be placed on reports of demoralization among the German troops.

It is reported that a naval encounter has occurred in the North Sea but this is without official confirmation.

On the Russo-German-Austrian frontier fight of small importance are recorded. German troops to-day occupied Mlaw, in Russian Poland, close to the German frontier, and Russian reports relate a repulse with heavy casualties of Austrian troops who had attacked Vladimir, in the Russian province of Volhynia.

SERVIAN VICTORY CONFIRMED

A strong force of German troops is said to have attacked Edykhunen, a German town on the Russian frontier which was occupied by the Russians soon after the outbreak of hostilities.

A French official note confirms reports of a Servian victory at Shabatz, over an Austrian force of 80,000 men. The Austrians are said to have lost 3,000 killed and 5,000 wounded.

A Montenegrin army is reported within two hours march of the fortified Austrian seaport of Ragusa, in Dalmatia. The Montenegrins had already captured a number of towns in the vicinity.

Two large Austrian steamers were captured to-day by the French.

An exhortation to the world by the pope calls for prayers for peace, "so that the merciful God may, as it were, be wearied with the prayers of His children and speedily remove the evil causes of war, giving to them who rule to think the thoughts of peace."

King Alfonso of Spain, with Premier Dato, are to confer with the French and British ambassador at Madrid concerning Spain's attitude.

Dispatches from Paris and London report fighting around Brussels but with what success is not known. The Belgian and French allies are in contact with the advance lines of the German army.

Germans Attacking Brussels

London, Aug. 19, 2:20 P. M.—The curt announcement of a telegram from Brussels dated last night of fierce fighting between Belgian and German troops along an extended front is generally accepted in London to-day as indicating the real beginning of the first great battle in the war.

The German attack is to-day again reported made on the direct orders of Emperor William himself to his generals in the field.

The exact extent of the line of fighting has not yet been revealed, but presumably it stretches in a north and south line. Beyond this its definite location is virtually guesswork.

Refugees from Dierst, Tilleur and other towns in that section of Belgium who fled as the Germans approached, are coming into Brussels in great numbers. They declare that since the inhabitants vacated Tilleur German shells have been dropping in the town and that subsequently the Belgians broke the German advance there at the point of the bayonet.

Paris Believes Fight Is Started

Paris, Aug. 19, 1:09 P. M.—Careful study of the military situation on the northern frontier leads French military observers to the conclusion that the events transpiring in Belgium to-day are the beginning of operations on an immense scale.

Germany, it is declared, is making fresh effort to break into France through the comparatively open Belgian country.

Government opinion in Paris, however, is confident that the allies will be able to meet this shock successfully and reply to it crushingly.

EMPEROR NICHOLAS SENDS GREETINGS TO HIS SOLDIERS

London, Aug. 19, 2:40 A. They received deputations of the nobility and the Zemstvos

Late News Bulletins

POPE PIUS SUFFERS RELAPSE Rome, Aug. 19, via Paris, 4.10 P. M.—The Pope has had a sudden relapse. A bulletin issued by Dr. Marchiafava leaves no doubt that the patient's life is in danger. The sisters of the Pope are convinced that a momentous crisis has arrived, and they are deeply apprehensive. They have lighted candles before the miraculous image of St. Joseph and remain prostrate in prayer.

Rome, Aug. 19, 1.10 P. M., via Paris, 6.15 P. M.—It is reported that the Pope has received the last communion.

Mexico City, Aug. 19.—A decree is to be issued to-morrow by the governor of the federal district repudiating government notes of the issue of July 25 last. This issue was made during the regime of Provisional President Francisco Carballo on the authorization of the \$60,000,000 six per cent. ten-year gold bonds, made by the Huerta administration. About ten million dollars of this paper is now in circulation.

Rotterdam, Aug. 19, 5:25 P. M.—The Cologne Gazette asserts that the advance of the German troops while slow, has not been seriously checked anywhere. Large contingents of Austrian troops including mountain artillery which the German army is without, have passed points along the Rhine on their way to the front.

London, Aug. 19, 3:55 P. M.—An unsubstantiated report has been received here from St. Petersburg to the effect that a Russian warship foundered in the Black sea after striking a mine, and that the Odessa docks are on fire. The official information bureau has no confirmation of this report.

Washington, Aug. 19.—The President signed to-day the nominations of Attorney General James C. McReynolds to be a member of the United States Supreme Court and Thomas Watt Gregory, of Texas, to be attorney general of the United States.
