Keeping It on Top

The one breakfast cereal that has survived all the moods of public fancy and shows a steady increase in sales from year to year is

SHREDDED WHEAT

It is largely through the loving favor of healthy boys and girls that Shredded Wheat is kept at the top of all breakfast foods. Being ready-cooked and ready-to-serve it is a boon to the busy housewife and mother, enabling her to prepare "in a jiffy" a nourishing, wholesome, appetizing meal without kitchen worry or kitchen drudgery.

Always heat the Biscuit in oven to restore crispness then pour over it milk or cream, adding salt or sugar to suit the taste. Deliciously nourishing for any meal in combination with berries or other fruits of any kind. Try toasted Triscuit, the Shredded Wheat Wafer, for luncheon with butter, cheese or marmalades.

Made only by
The Shredded Wheat Company, Niagara Falls, N. Y.
