To Peel Off Freckled, Tanned or Muddy Skin

To remove tan, muddiness, freckles, blotches or an complexion difficulty, the best thing to do is to remove the skin itself. This is easily, painlessly and inexpensively done with the application of ordinary mercurized wax, procurable at any drug-store. The wax peels off the defective outer skin, a little each day, gradually bringing the cutis or second layer of skin to the surface. The pores are unclogged and the face breathes in the life-giving oxygen. The new skin is beautifully soft, clear and white, bearing the healthy glow of youth.

Just apply the wax as you would cold cream, only not rubbing it in. In the morning wash it off with warm water. It's the most effective treatment known for a soiled, discolored or aged complexion.

To Quickly Remove Ugly Hairs From Face

(Beauty Notes) Beauty-destroying hairs are soon banished from the skin with the aid of a delatone paste, made by mixing some water with a little plain powdered delatone. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delatone you buy.—Advertisement.

MRS. GRAYBILL TELLS OF TRAVELING WAR NEWS

Several Other Harrisburgers in Europe Are Now Heard From

Mrs. Elizabeth Graybill, formerly of this city, now residing with her aunt, Mrs. B. S. Kunkel, of Philadelphia and Cape May, returned to this city yesterday. The steamer Noordam of the Holland-American Line, which docked at New York Monday morning, on which Mrs. Graybill arrived from The Hague, Holland, had over 2,000 passengers and made an exceptional run. Mrs. Graybill was in Berlin when war was declared. She left that city August 2, at which time bulletins containing the declaration of war were being distributed by automobiles to the excited pleasure of the population of the mad rush to neutral territory, with and without luggage, lack of accommodations, shortage of money, separation of friends, mobilization of the army and anxiety to secure passage for the return trip home, is interesting and thrilling. Mrs. Graybill taught in the public schools of this city for many years. She is now visiting her sister, Mrs. Edwin S. Herman, of this city, at her summer cottage at Aqueduct.

Miss Lemer in France Mr. and Mrs. LeRue Lemer, of South Front street, have heard again from their daughter, Miss May Lemer, who has lived in France for several years, and who recently returned there after a year's stay in this country. Miss Lemer is at her country chateau, Verangeville, Normandy, near Dieppe and the English coast. There is quite a colony of wealthy Americans there at the moment. They are interested in safety. All the native men in the vicinity must answer the war call, so the women have to do the gardening and the other work. They are hiding their food, vegetables and all valuables and the women have learned to be good marksmen. Miss Lemer says they all are excited, but not afraid, and that they are rather there in the country than in Paris. As long as the Americans stay, Miss Lemer will remain at Verangeville with them.

Playing in London Elnor Dayne, of this city, who has been playing at Ciro's restaurant, Paris, for four months, writes her mother, Mrs. Harry C. Dayne, of Penn street, that she and Miss Ely Brown, of Minneapolis, left Paris for London to rehearse for a new show. Since war has been declared the show has been called off and rehearsals stopped, leaving the young women in London without work and with no hope of getting passage home until October.

A letter has been received from the Rev. Daniel J. Carey announcing that he will arrive home Thursday afternoon. He is visiting at Bridgeport, Conn. his home town, after having spent in this country on the Chicago yesterday.

Return From Russia Mrs. James I. Chamberlin and her daughter, Miss Jean Bosler Chamberlin, of 222 North Front street, who were in Russia with Judge and Mrs. Edward W. Biddle, of Carlisle, when the war broke out, sailed for home August 1, and are expected here within the week.

Kunkels Homebound Dr. George B. Kunkel, Kunkel and their son, Lewis Scott Kunkel, of Locust street, who spent most of the summer in Berlin, Germany, are on their homeward way and expect to reach this city to-morrow evening.

On the Olympic Mrs. Marlin E. Olmsted, who is spending the summer at York Harbor, Maine, has heard that her daughter, Miss Gertrude Olmsted, and her sister, Miss Jane Howard, of Staunton, Va., who were summering abroad, are on the Olympic, now speeding to this country. Mrs. Olmsted will meet the steamship at the docks at Boston the last of the week.

BUCKS COUNTY MOTORISTS Mr. and Mrs. Frank Morris and daughter, Miss Evelyn Morris, Miss Laura Bean and Frank Good motored to this city from Revere, Bucks county, and are guests of Mr. and Mrs. William B. Brunner, 1632 North Fifth street.

How Thin People Can Put On Flesh

A New Discovery Thin men and women that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. The food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions, assimilations, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meats you are eating now and eat with every one of those single Sargol tablets. In two weeks note the difference. Five to eight good solid pounds of healthy, "stay there" fat should be the net result. Sargol charges your weak, stagnant blood with millions of fresh new red blood corpuscles — gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds in a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant to eat and inexpensive, and George A. Goss and all other druggists in Harrisburg and vicinity sell them subject to an absolute guarantee of weight increase or money back.—Advertisement.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constant use of remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
