

WOMEN FROM 45 TO 55 TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me.—"I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial."

Manston, Wis.—"At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since."

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

A Message to Thin, Weak, Scrawny Folks. An Easy Way to Gain 10 to 20 lbs of Solid, Healthy, Permanent Flesh. Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food. The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste."

Men From 15 to 65 Are Under Arms in Serbia. Rome, Sept. 2, 7.12. M. Via Paris, Sept. 2, 3.29. M.—A report received here from Belgrade states that the Serbian government has been officially notified that the Russian plan will in all probability lead to the occupation of Vienna. The news from Serbia also declares that great excitement prevails in that country over the reported Austrian defeat. Men from 15 to 65 years of age have been called to arms.

1,400,000 Engaged in Battle in Galicia. Rome, Sept. 3, via Paris 3, 10.40 A. M.—The Russian Embassy here has received an official report from Petrograd setting forth that Russian troops are triumphantly marching on Lemberg, repulsing the Austrians all along the line. The fighting has been on a gigantic scale, 800,000 Russians being engaged against 600,000 Austrians. If all indications do not fail, the report from the Russian capital continues, the Russians will be definitely victorious and as a result the roads to Vienna and Berlin will be open to the Russian armies.

Only Sure Corn Cure Ever Known. "Gets-It" the New Way, 2 Drops Do It. To endure the pains and tortures caused by a little thing like a corn is ridiculous, simply because it is unnecessary. The new-pain corn cure, "GETS-IT" is the first one ever known to remove corns without pain, without cutting and without trouble. This is why it is the biggest-selling corn cure in existence to-day. It is now used by millions because it does away with sticky tape, with plasters and cotton rings that shift their position and press down onto the corn, with knives, razors and files, claving and pulling a raw up the toe, with "harnesses" that cause pressure and pain, with "corns" that cause corns, and with "corns" that cause corns.

Visitor Strolls Into Prothonotary's Office With Splendid Business Tip

If Prothonotary Harry F. Holler or his deputy, Elmer E. Hummel, ever figure on going into business they will have the benefit of a good tip as to possibilities. This morning when a stranger, quite obviously a picnicer, strolled into the office and looked carefully around, Deputy Hummel was busy with some docket entries at the time and the visitor stepped up to him.

"Let me have a good cigar, please," began the caller casually, "something mild." Hummel looked up, plainly astonished, but felt abstractedly through his pockets. "Sure," he murmured in amazement, "but I don't as a rule smoke 'em mild."

"That's all right, my friend, just give me what I asked for. And I want a mild one." "Well, I tell you I don't use the mild ones, and anyway," he said bittingly, "isn't that going somewhat to extremes to ask a man for a smoke and dictate the kind?"

were all wrong and asked you to accept the tariff for revenue-only policy of the Democratic party. Under this policy, you would have had no free access to the markets of the world, for the products of the soil, the mill, the mine and the factory. Mr. Wilson explained to you that should you desire to purchase your farming implements in England, you could not do so without paying a duty. In this statement, of course, he was mistaken, as most Democratic orators are when they make statements in regard to the tariff. You could then, as now, have brought into this country from England all the implements you want without paying one cent of duty. You were told that we must open our markets to the world and that they would then in return open their markets to us. Immediately after the inauguration of President Wilson, he called Congress into extra session, for the express purpose of passing the tariff bill in accordance with their promise and theories.

enactment of the Underwood Tariff Bill can certainly claim that distinction. Democratic Deficiency. I have not time to go into details in regard to the volume of our export business, yet I must call your attention to the fact that the last year that the Payne Aldrich Bill was in effect, our exports exceeded our imports by nearly seven hundred millions of dollars and during the month of November, 1912, which witnessed the success of the Democratic party at the polls, we purchased abroad merchandise aggregating \$153,094,998 and sold abroad merchandise aggregating \$75,244,191, leaving a balance of trade in our favor for that month alone, amounting to \$77,850,807. Since the Underwood Bill has been in effect, this balance of trade in our favor has gradually disappeared until we find for the month of April, a balance against us of over \$1,000,000 and a balance of trade against us for every month since that time. I must stop long enough to tell you that under the management of the Democratic party, the income has been insufficient to pay the running expense of the government and the administration is now seriously considering the levying of additional taxes un-

der the guise of war tax, when the country is at peace and no prospects of war in sight. During the Republican administration, the revenue was not only sufficient to pay the expenses of the government, but were sufficient to pay for internal improvements, such as the improvement of rivers and harbors and vast irrigation projects, the building of fortifications and indeed, as a result, there are lying in Washington to-day, \$240,000,000 government bonds that were authorized to be sold for the payment of the canal, but which were not needed. These bonds must now soon be put on the market in order to raise money to pay the running expenses or additional taxation must be levied upon the people of this country. If there ever was a time, that the Democratic party should realize the mistake of 1912, that time is now. I believe, in fact, I know that the great majority of people of this country, and especially in Pennsylvania, favor a protective tariff and at heart, are in thorough accord and sympathy with the principles and policies of the Republican party. The Republican Ticket. The unfortunate circumstances that be-
