YOUR KIND OF HEADACHE

The headache which in addition to the pain, gives the impression of a tight band about the head, is caused by nervous exhaustion. It is a blessing in disguise because it gives warning that you are overdriving your supply of nervous energy.

Rest is, of course, desirable but not always possible and liable to be deferred. With sufficient rest the nerves will build themselves up. Failing in this, you need something that will build them up and sustain them while they are kept moderately at work.

Dr. Williams' Pink Pills are probably unequalled for this purpose. They build up the nerves in the only possible way, by enriching the blood with the elements the nerves need.

A little book on Nervous Disorders will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. All druggists sell Dr. Williams' Pink Pills.—Advertisement.

SIMPLE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them. To do this get about two ounces of plain powdered norexin from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared.
