For Use After Motoring
My Turkish Bath Oil is positively unique. There is nothing like it in the world over. It is for more cleansing than any soap or cream, for it removes the shiny oil that gathers on and around the nose.
Turkish Bath Oil is quickly and easily used. Just apply a bit with the finger, tip; then rub with a soft cloth and the skin is thoroughly cleansed. It is not necessary to even rinse the face.
It is bland and emollient in action and keeps the skin beautifully clear, smooth and healthy. It is the right thing to use after motoring, getting or any outdoor sport. Remember—no soap or water necessary to take away every bit of dust, grime or grease.

PREVENT HEADACHES!

Don't Dope Them With Poisonous Drugs
If you suffer from chronic or periodical headaches there is something seriously wrong with your system. Headache is not a disease, it is a symptom. The only way to get rid of it is to correct the trouble at its root.
Stop fooling yourself by taking so-called headache remedies, which are nothing but mild poisons in a disguised form. They simply kill the pain temporarily without helping your trouble in the slightest.
Morrel's Salts will tell you that the only sensible thing to do is to CORRECT THE CAUSE. You can do this by using Morrel's Salts—The Salt Headache Remedy.
Made from the marvelous curative waters of the Manitou Mineral Spring in Saskatchewan, Canada. A natural remedy known to the Indians for centuries. Now available to you in a convenient form for the first time.
The label gives full directions and complete analysis. Positively guaranteed to contain no drugs or other injurious substances employed by most headache and constipation remedies.
Take Morrel's Salts in the morning as an appetizer. Correct constipation or liver and kidney sluggishness with it. Use it whenever your system needs a corrective or tonic. Pleasant and refreshing, young or old, and for all digestive disorders.
This Salt has no bad after-effects. Goes right to the seat of your trouble and does its work in a mild yet permanent way.
One bottle will convince you. Try one bottle to prove its value. At your druggist's. Morrel's Manitou Mineral Co., Chicago, Ill.—Advertisement.
