SELF-RELIANT HOME DOCTORS. Is what women are called who offer this broad land make their annual collections of roots and herbs, and rely upon recipes which our pioneer mothers found dependable for different family ailments. In one of these recipes Lydia E. Pinkham's Vegetable Compound had its origin and so successful has it proved that there is hardly a city, town or hamlet in America where some woman who has been stored to health by its use does not advise.—Advertisement.

To the Rescue in Blood Diseases

Just the Help Needed to Overcome Worst Troubles.

In S. S. S., the famous blood purifier, is the greatest natural repair crew known. It is an antidote for germs that once let loose, multiply so fast that a definite disease is apparent over night. And yet so powerful is the influence of S. S. S. that like a vast army it spreads all through the blood, checks disease, opens up all the valves of escape and throws out disease through the lungs, kidneys, bladder, bowels and skin. Do not become panic stricken if a rash or boils or eruptions inflame the skin. Nature is doing her best but Nature is in the same time calling for help, and in S. S. S. is just the kind of help Nature demands, for it is a pure vegetable remedy with an action that vigorously follows the blood channels and cleans and repairs as it goes along. In every community there are people who know this to be true. They have used S. S. S. and are blood clean, through and through. Get a bottle of S. S. S. today at any drug store. Drive out those destructive germs that cause skin eruptions, sore throat, swollen glands, blood risings, painful rheumatic joints, chronic rheumatism, and most all conditions of disease. Read the folder around the bottle that tells about the great work being done to assist sufferers. If you would know more about the blood and its treatment, write for special book to The Swift Specific Co., 52 Swift Bldg., Atlanta, Ga.
