## DECKS LOADED FOR WAR REVENUE BILL

(Continued From First Page)

delphia with a fine record appeals to some. "Then there is the man from Harrisburg," Mr. Buckner then said there were three P's for senator, but they were not "peas in a pod." He lauded Palmer and Pinchot and said it would be an insult to mention the name of the present senator with them. Palmer got some applause, but there were cheers for Pinchot, which were repeated when Roosevelt was mentioned as commending Pinchot. Mr. Buckner said all candidates needed to be inspected with as much grace as possible.

W. Johnson Bristol, declaring that there had been statements that the conference was controlled by the Anti-Saloon League, offered a resolution making it appear that the objects were not to be made.

Then a motion was made for a committee to consider resolutions, which caused Mr. Johnson to say that the whole object was for local option by counties as a step toward prohibition. A difference occurred over the manner of naming the committee, but it was finally fixed up and the committee named.

## Storm Breaks Loose

Then the storm broke loose. C. Tyson Kratz, of Montgomery county, offered a resolution setting forth that as both McCormick and Brumbaugh were known to be for local option, no endorsement be made on candidate for Governor.

Shouts of "No, no," "Not that," greeted this part of the resolution. "To be able to table it," called a big man in the rear.

Kratz then went on to read that endorsement be made on candidates for Lieutenant-Governor, who might have a vote in the Senate, and other candidates, including senator, congressmen and legislators.

Several men moved that it be tabled.

"It's out of harmony," declared V. L. Bollman of Allentown. "I was invited to this conference and I want a fair discussion," shouted Kratz.

"Sit down," was called.

Dr. R. W. Fair, of Westmoreland, protested that the conference was going on in a room in which no one had a vote in the Senate, and that county local option was the goal. He did not see what the sentiment on government had to do with it.

The conference broke up with shouts of objections, but Dr. Fair held out and was informed by the chairman that the conference wanted all the light it could get.

Bair was reported by its spokesman, a Mennonite preacher, to be for Brumbaugh.

## Story of Ship's Sinking Proved to Be Untrue

New York, Sept. 17.—A circumstantial story of the sinking of the Norwegian Lloyd liner, Kronprinz Wilhelm, by the British cruiser, Lancaster, on the night of Sept. 14, 1914, by Pilot Michael Carthy, aboard the Norwegian freight steamer, Hermod, was proved to-day to be untrue.

Michael Carthy, who was reported to have been taken to the ship by Pilot Michael Carthy, who yesterday boarded the warship of the United States navy, admitted to newspapermen this afternoon that he had told such a story to the British navy and confessed that he had been romancing.

## Finishing Touches Put on War Revenue Bill

Washington, D. C., Sept. 17.—Finishing touches were being put on the war revenue bill to-day by Democrats of the House ways and means committee. Chairman Underwood and his colleagues were determining how to complete the draft of a bill for introduction in the House late to-day.

Following its introduction, the bill will be reported to-morrow and a special rule brought in for its consideration.

With party differences smoothed over, Administration leaders are determined to push the bill to a final conclusion in the House. Passage of the measure by Saturday night is hoped for by the leaders. On the Senate side, however, the bill is expected to be delayed because of the opposition of the Republicans. They plan to attack the measure on the ground that Democratic revision of the tariff is responsible for the large falling off of the revenues. The pruning down of the river and harbor bill so as to take care of existing public works and abandonment of a public building bill next year, they are prepared to urge, would do away with the necessity for an emergency revenue bill. As outlined by the Democrats, the bill will include a tax on beer, wines, gasoline and the special and stamp taxes of the Spanish-American War revenue law.

## Desperate Battles For Past Four Days

Paris, Sept. 17, 4:20 a. m.—A Nish, Serbia, dispatch to the Havas Agency says: "Resuming the offensive, the Austrians passed the Drina river to the south and southwest and marched toward Krapouni and Valerio (Serbian towns about ten and thirty-five miles, respectively, from the Bosnian border), were held from the home of the Austrians along the Bosnian frontier. Desperate battles have been fought for four days."

## Get Many Suggestions For Market St. "Movie"

These are a few of the names suggested by Peter Magaro, proprietor of the Star Theater, 10 Market street, as a name for his theater. Magaro offered a prize of \$10 to the person who sends the best name for the theater which he is remodeling and since the contest opened yesterday thirty-five names were received from contestants. The contest will be open until October first. All answers should be sent to 419 Market street.

## TRIES THE GAS ROUTE

Because of an estrangement from her lover, whom she would not name, Lena Lauckner, aged 17 years, who boards at 111 Vine street, tried to commit suicide to-day by the gas route. Other boarders detected the odor of gas and found the girl on her bed in her room and unconscious. The gas jet was turned on full force. The ambulance was called and Miss Lauckner was rushed to the hospital where the physician declared that the girl will be able to leave the hospital this evening.

## ENGINEERS DISCUSS LEGISLATION

With the arrival of a dozen or more members of the legislative committee of the Brotherhood of Locomotive Engineers, business started this afternoon. Meetings will be held daily at the National Hotel. Following the organization of the committee, suggestions for legislation will be taken up.

## Mrs. Clark Cooper Injured in Jumping From Auto

Millersburg, Pa., Sept. 17.—While returning from Gratz Tuesday in their automobile, Mr. and Mrs. Clark Cooper and party of friends met with an accident on a steep hill midway between Millersburg and Herrysburg, in which Mrs. Cooper had one of her ankles broken by jumping from the auto. Unknown to Mr. Cooper, the steering gear of the automobile was wrenched out of shape in going over a stretch of deep sand and dust, and when going down the hill the machine became unmanageable and ran down the hill and broke the main road which led to a watering place for cattle. Mrs. Cooper, fearing an upset, jumped out with the above result. The other occupants of the car remained unhurt and reached the base of the incline in safety.

## Gettysburg Instructor Back From War Zone

Gettysburg, Pa., Sept. 17.—Professor R. F. Schappelle, instructor in foreign languages in the Pennsylvania college, arrived here Monday evening from the war zone in Belgium and Europe, where he spent the summer and experienced much difficulty in leaving. Professor Schappelle said: "When I arrived in New York yesterday it was the first station I entered in a long time that I did not have to look into the muzzle of a gun or have a bayonet shoved close to my face."

## ARRESTED FOR STEALING LETTER

Lewistown, Pa., Sept. 17.—Harry Bennett, a youth about 14 years old, was arrested by United States Marshal Smith, for an alleged offense committed two years ago. The lad was employed for a short time at the Lewistown postoffice as extra messenger, and when a special delivery letter that he was sent to deliver to a party in Grand street this city containing \$10 did not reach its destination, the boy was suspected.

## CHICKEN DINNER AT THE LIMIT

Millerstown, Pa., Sept. 17.—Camp The Limit held a fried chicken dinner and cornroast at Echo Grove for a few of their friends. Those present were Misses Olivia Rauch, Mary Long, Helen Ronnsey and Ruth Sherk; Dr. Robert J. O'Connell; Robert Sherk, J. Otis Charles, Emory Fry and D. Gilbert Brinkbaugh; chaperones, Mrs. John Brinkbaugh and Miss Kathryn Brinkbaugh.

## TEAM GOES THROUGH FLOOR

Columbia, Pa., Sept. 17.—John Kurtz, a farmer, in Ephrata township, riding a mule carrying a load of tobacco, and the floor gave way under the weight, precipitating the wagon and mules to the basement. One mule was killed and the other was rescued with great difficulty. Mr. Kurtz escaped with only slight injuries.

## Corn Comes Off as Easy as You Please!

"Gets-It" Being Used by Millions!

It is the first time that a real, sure-fire corn cure has ever been discovered. "GETS-IT" is the new corn-

ender, based on an entirely new principle. It is a new, different formula, never successfully imitated. It makes corns shrivel and then vanish. Two drops do the work. You don't bundle up your toe any more with sticky tape and plasters that press down on the poor corn—no more flesh-eating salves that don't stay put, no more hacking at corns with knives or razors, no more bleeding or danger of blood poisoning or more limping around for days with sore corns, no more corn pains. "GETS-IT" is now the biggest-selling corn cure in the world. Use it on any hard or soft corn, wart, callous or bunions. To-night's the night. "GETS-IT" is sold by druggists everywhere. 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago.—Advertisement.

## A SCIENTIFIC WAY TO REMOVE UNSIGHTLY HAIR

Apply a few drops of El Rado, the liquid hair remover, after washing off with a little plain water not a trace of it will remain. The ingredients of El Rado are used by many physicians for exactly the same purpose, which proves conclusively how perfectly harmless it is.

This wonderful preparation is the result of a long series of scientific experiments, and is proving a veritable godsend to women troubled with hair growths on lip, chin, cheek, neck or arms. Use a simple application of El Rado to saturate the hair. It is harmlessly dissolved, and in a few moments is gone, leaving the skin smooth, clear and velvety. The action of El Rado is absolutely safe, sure and thorough.

El Rado is coming to be regarded by society women as indispensable as face cream or toilet powder. Test it on your arm to prove for yourself it will do everything claimed. Your money back if you are not entirely satisfied. In case of a trial, return bottles at all leading drug and department stores, or direct from the Pilgrim Mfg. Co., New York. A valuable information sent on request.

### Big Lumber Truck Over Embankment at Lemoyne

Lemoyne, Pa., Sept. 17.—A Morton automobile truck loaded with lumber owned by the Lemoyne Lumber Company, Twenty-third and Derry streets, Harrisburg, ran down a 25-foot embankment at the Reading railroad bridge early last evening. The truck, going up the embankment, was twenty miles an hour, a bolt working out of the steering gear caused the accident. Before going down the embankment the truck crashed into a trolley pole and broke it off. At the foot of the embankment a large tree stopped the truck. The front was badly smashed. The driver jumped and escaped injuries.

### MINERS KILLED BY EXPLOSION

Tamaqua, Pa., Sept. 17.—Two men are dead and three injured in an explosion of a mine of the Lehigh Coal and Navigation Company, near Lansford, as a result of an explosion of gas yesterday.

John Dobach was instantly killed, John A. Matrick, with skull fractured and part of his face blown away, died in the Coaldale Hospital last night. Bernard Cumming and Joe Lesko, both frightfully burned about head and hands, are in a critical condition at the hospital. Mike Setina was burned on his hands, but not seriously. All the victims live near Lansford.

Little hope is entertained for the lives of the three aliens still in the mine.

### Correspondent Tells of Cruiser's Sinking

London, Sept. 17.—2:00 A. M.—The Harwich correspondent of the Daily Telegraph sends this story of how the German cruiser Hela, was destroyed, as told by one of the crew of submarine E-9:

"In the early hours of Sunday morning two or three British submarines were stalling the Hela about six miles from the German coast. The wind was freshening and the sea beginning to get rougher. The E-9 came to the surface at 6:30 and sighted the enemy, which was seen to be within range. With all possible speed the E-9 dived at a suitable depth, lanced two torpedoes at intervals of ten seconds. Whether both struck is not definitely known, but one of them certainly was effective, as the Hela's listing was observed. The E-9 remained below about a quarter of an hour and then came to the surface. The Hela was listing badly. There were other German ships in the vicinity, but they were not fighting units. The submarine prudently dived again at once. After an interval of something over an hour, it came to the surface again, but the Hela had disappeared. The submarine got away safely, but was unable to make a report of her achievement to the Admiralty until to-day, when she got within her wireless range. The submarine crew were never seen by the enemy either before or after the blow was struck."

### STRIKE IS AVERTED

St. Louis, Mo., Sept. 17.—The threat of a strike by the men on the St. Louis Southwestern Railway (Cotton Belt) has been averted for the present at least by the acceptance on the part of the union officials of the intervention of a special arbitration board, whose good offices were requested by the management of the road.

## Is Your Hair Right For the New Fall Styles?—By Lois

You will delight in arranging your hair in the new and interesting modes of this season if you are among those who keep their hair perfectly soft and appearing naturally heavy by use of a shampoo that makes it very fluffy. Do not take chances with some makeshift or unknown soap mixtures. I have tried many in search of the best, cheapest and easiest to use and finally have decided to always use canthox, which is made for shampooing only and is so beautifying in its effect upon the hair. I get it at any good drug store and one package lasts so long that it is the most economical shampoo I can get and my first trial convinced me that it was the most easily used. In clearing the scalp and hair of all dirt, dandruff and excess oil, its delicately perfumed ingredients permeates to the hair roots and not only takes loose dirt but dissolves all the oil accumulations so they are rinsed out instead of being rubbed and scoured out, as with soap and so many cheap washes. My hair is now so fluffy that it seems much heavier than it is naturally.—Advertisement.
