SIMPLICITY MARKS LECOQ-BOHER BRIDAL

Pretty Ceremony at Ten This Morning in St. Stephen's Church

Simplicity marked the wedding this morning of Miss Dorothy Boher and Victor F. Lecoq, 3d, of New York city. The ceremony was performed at 10 o'clock in St. Stephen's Protestant Episcopal Church, North Front street, by the rector, the Rev. Rollin Alger Sawyer, in the presence of the immediate families and a few personal friends.

Alfred C. Kuschwa, the organist of the church, played the wedding marches, with the bridal chorus from "Lohengrin" as a processional and the brilliant Mendelssohn wedding march as a recessional.

The bride, one of the most attractive of the younger girls of the city, was given in marriage by her father, Dr. Jay Heck Boher. She wore a white satin street costume with black hat adorned with black paradise plume and carried a bouquet of white roses and gardenias. There were no attendants.

Following a southern wedding journey Mr. and Mrs. Lecoq will reside in apartments at 125 Pine street, where they will be "at home" to their friends after November 1.

The bride is a daughter of Dr. and Mrs. Jay Heck Boher, of Second and South streets, this city, and a granddaughter of the late Misses Sara Mengle, Esther Dunlap and Ruth Laverty, Henry Logan, Franklin Etter, Will Eby, of Philadelphia, and Stewart Koser. YOU'LL GET RID OF BLACKHEADS SURE

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get about two ounces of plain powdered norexin from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores, and do not get the blackheads out after they become hard. The powdered norexin and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.—Advertisement.

One Sailor Was on All Three of Doomed Ships

London, Sept. 23, 9.15 a. m.—The correspondent of the Daily Telegraph at Rotterdam sends this story of the sinking of the three British cruisers by German submarines: "Captain Berkout, of the steamer Titan, who saved over 100 of the British sailors, witnessed the fight between the cruisers and the submarines. Some of the rescued sailors

claim that two out of three of the attacking submarines were sunk. As will be seen, only one submarine was seen sailing off.

"Commander Sells, of Portsmouth, told me of the trying experience of a brave little midshipman. It appears that the midshipman was on board the first vessel which was struck, and as she was settling down he jumped overboard and swam clear of the tremendous vortex which the disappearance of the ship had created. He was picked up by another of the cruisers, but soon she also was struck by the submarine's torpedo and in her turn began to settle down. Though he had again to jump into the water, he was uninjured by the explosion and cleared the downward suction. A third cruiser rescued him, but he had not been long on board her before she also received her death wound. Again he got clear and clung to a piece of wreckage, from which he was rescued."
