## \$10,000 FIRE AT STOFFER DUCK FARM

### Harrisburg Firemen Sent to Assistance and Do Good Work

## HUNDRED YOUNG DUCKS DIE

### Horses in Big Stable Saved, but the Main Buildings Burn

White Hill, Pa., Sept. 29.—Fire of incendiary origin, destroying the mill and boiler works, a brooder house two hundred feet long and about 100 young ducks of the Stouffer duck farm near White Hill, was discovered last evening at 7:45 o'clock. The night watchman made his regular tour about the farm and had

walked around the building ten minutes before the fire was discovered. The flames started on the outside of one of the large buildings and had a good roadway when discovered. The watchman immediately gave the alarm by a fire whistle in the boiler room. Ducks in the buildings surrounding the farm were introduced into brooders and twelve horses in the main stable building were rescued before the flames reached them. The apparatus and hose used at the farm for fire purposes were destroyed by the flames and efforts to check the blaze were fruitless. Hundreds of people attracted by the lighted sky seen for miles gathered around. The Hope fire apparatus of Harrisburg was ordered out by Chief Kindler and arrived at the scene between 10 and 11 o'clock. Four horses from the Stouffer farm met the engine at the foot of the Cumberland Valley railroad bridge at Lemoyne and helped pull it to the farm. The firemen saved the other buildings by pumping water out of a small stream. They remained there all night, returning to Harrisburg at 4 o'clock this morning. The loss is estimated at \$10,000, partly covered by insurance. The farm is owned by Charles Stouffer, of 449 Broad street, Harrisburg.

## The appearance of heaviness disappears when

# Rengo Belt

## Reducing Corsets

are worn by stout and medium women. Their great strength and elastic freedom eliminates, also, the feeling of heaviness.

These characteristics belong exclusively to Rengo Belt corsets. They are the direct achievement of the famous patented Rengo Belt feature, which has proven its worth by over five years of growing popularity. Inserts of elastic enable the strength of the garment to be more perfectly applied and actual reduction is thus accomplished with comfort. The boning is of double watch-spring steels—very pliable but extra strong—and is guaranteed not to rust. The crowning features of Rengo Belt corsets are their thoroughly strong materials and tailoring—without which all other reducing corsets fail.

## LADIES' HAIRDRESSING IN LONDON AND PARIS

When I was in Europe this year I found both cities so thickly dotted with hairdressing parlors and hair goods stores that I wondered if the women ever had time for anything but care of the hair. Personally I was chiefly interested in finding a really good shampoo and I found that they never use makeshifts but always some item made for shampooing only, and I was happily surprised when several inquiries each brought the suggestion that our own American made canthrox shampoo is best. They like it because in addition to being perfectly safe and making the hair free from all dandruff, excess oil and dust, it is so simple to get canthrox from any drugist and just dissolve a teaspoonful in a cup of hot water, knowing you will then have a preparation that makes the hair not only entirely clean but so fluffy that it appears very heavy. Canthrox stimulates the scalp to healthy action, making the head feel good, and the hair look good.—Advertisement.

## Thin Folks Who Would Be Fat

### Increase in Weight Ten Pounds or More

A Physician's Advice  
"It certainly give most anything to be able to fat up a few pounds and stay that way. Many people, however, who are thin and want to get fat, find it impossible, despite past failures. Thin people are usually deficient in the fatty elements of food from being taken up by the blood, and are often the result of nutrition, or when the fat and flesh producing elements stay in the intestines until they pass from the body as waste.  
To correct this condition and produce a healthy normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkable. Reported gains from ten to twenty-five pounds in a single month by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by George A. Gores and other good druggists everywhere and every package contains a guarantee of weight increase or money back.  
Caution—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are not willing to increase their weight ten pounds or more.—Advertisement.

## WEST SHORE NEWS

### LABOR EMPLOYERS SUPPORT PENROSE

### Form Branch of Pennsylvania Protective Union at Carlisle Courthouse

Special to The Telegraph  
Carlisle, Pa., Sept. 29.—Meeting in the courthouse here, thirty of the largest employers of labor in the town and county formed a branch of the Pennsylvania Protective Union and signed a resolution which pledged the support of the men to the election of Senator Penrose and a war against the near-free-trade tariff of the present administration.  
John Lindner, head of the Lindner Shoe Company, and a prominent Democrat who some years ago was a candidate for Congress on the Democratic ticket against the late Marlin E. Olmsted, was made chairman and in the organization made a telling address severely censuring the Democratic candidates.  
The following resolution was adopted and signed:  
"We, the undersigned manufacturers of Cumberland county, believing in the efficiency of protective tariff and convinced, by practical demonstration, of the evils of a tariff-for-less-than-revenue only, hereby affiliate ourselves with the Pennsylvania Protective Union in its campaign for the rehabilitation of protection at Washington and the election of United States Senator Penrose and other protectionist candidates."  
In the list of those affixing their signatures were some of the largest employers of labor in this section of the State.

### THOUGHT SHE COULD NOT LIVE

### Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live.  
Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.  
"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."  
Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
