A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, head aches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition.

BRUMBAUGH TEARS MASK FROM ROVAL

Says That Some People Are Misrepresenting Conditions in the Present Campaign

MAKES A MILITANT SPEECH

Northern Tier Shows Big Interest in the Republican Campaign Party This Year

Dr. Martin G. Brumbaugh and his colleagues on the Republican State ticket continued yesterday what turned out to be a triumphant tour through red-hot Bull Moose country of 1912 and in the course of his speech at Towanda, in which Roosevelt stronghold Dr. Brumbaugh was cheered to the echo in the evening, the big educator tore the masks from the faces of his rival and the men who are seeking election by defaming him. It was the first time that Dr. Brumbaugh has paid much attention to the scolding of the Democratic party and the braying of the head of the mute ticket. His speech was militant and he made known his position in such language that only one who does not want to understand can fail to comprehend. To-day Dr. Brumbaugh went back into the small towns and repeated that he did not want votes unless men trusted him.

That Bull Moosers and Democrats tired of manipulation of slates by bosses for the latter's interest are in revolt and are enrolling steadily under the banner of the Republican party shown yesterday. The meeting, the climax of a day's vigorous campaigning, was the largest ever held in Towanda. H. G. Farnsworth, president of schools in Bradford county, presided. Five hundred persons filled the largest room in the courthouse with 200 more unable to gain admission waiting patiently to catch a few words of the speeches. To accommodate these an overflow meeting was held. The candidates after finishing their addresses in the main room, lived at talk in the second. It was a real old-time Republican rally with red fire, bands and a parade. Dr. Brumbaugh said:

Jabs for Detractors

"The trouble is some people in this Commonwealth cannot believe that an open primary an honest man, un-biased and unpledged, could have the courage to seek a nomination at the hands of the Republican party. I did that. If you support me for Chief Executive of the Commonwealth of Pennsylvania, you will have an unbiased and un-directed administration of the affairs of this State and you will have the ideal assistance of a shoulder from your own Executive, and he will give you the most efficient administration he knows how to give."

"After thirty-six years of teaching in your public schools, devoting my life to the training of the young people who fell under my charge, and living as a model for them, so that they may live the ideal lives of men and women, I am now too old and too stubborn a Pennsylvanian to change my method of life."

"What I have been in the past, I will be in the very best, and I want every man and every woman in Pennsylvania to understand that. I want a definite understanding, and I want it known that give the assistance of a shoulder to my men of Pennsylvania, and you women of Pennsylvania, and the children of Pennsylvania, as I have in the past."

"I do not need the office of Governor, nor that I am a rich man, for I am not, and every dollar I have in this world is for the benefit of the children in the schools of our Commonwealth."

"When a man comes before you seeking a political position by attacking your Commonwealth and crying down men who have served it honorably in the past, HE IS A TRAITOR TO THE COMMONWEALTH AND HE IS NOT A FRIEND OF ITS PEOPLE."

"Twenty years from now it will be more profitable to live on a farm than to live anywhere else in Pennsylvania. I want to see our Commonwealth a propaganda state that is going to make this great State of ours the ideal agricultural community of America. I want to see the boys and girls of our Commonwealth take up the study of agriculture, and it is a peculiar source of pride to me that here in your town of Troy and in your great county of Bradford you have established the first agricultural high school in Pennsylvania."

Will Not Be Bossed

"There are those who will tell you that in some sinister, mysterious or unknown way we could not be candidates unless somebody gave us the authority. I think you will live

long enough to know what the people of Philadelphia have long since found out that I WILL NEVER BE BOSSSED BY ANY MAN IN THIS WORLD, AND I HAVE NO RESPECT FOR BOSSES AND NO CONCERN FOR WHAT THEY DO.

"They will never have one moment's government of Pennsylvania, if I am its Executive."

"I am interested in the question of local option in Pennsylvania. There have been those who have been cruel enough and unkind enough and untruthful enough to say I am not straight on that question. Whatever I have said in my platform I stand for now and will stand for to the end. I stand for local option in every county in Pennsylvania. I want you to understand I take that position everywhere in this State and I challenge you or any other person to take a more sensible or advanced view of that than that I have taken in Pennsylvania, and I shall do all I can to effect the passage of a local option bill during the next Assembly."

McClain Hits Home

Mayor McClain's address was a flaying of Democratic principles and a criticism of the merits of its leader. "The people do not approve," said Mayor McClain, "of the policy of the administration at Washington in buying its meat for our battleships from the Argentine Republic, nor do they approve the policy of buying in foreign lands the materials that are used in the flags that float upon our battleships, and are carried at the head of our regiments, as is the practice under the Democratic administration. I want to impress upon you the importance of electing your Republican congressman from this district and our present senior senator, Boies Penrose, so that this condition may be changed. The issue is Palmerism because Palmer is the executive head of Wilsonism in Pennsylvania, and in his endeavor to secure his master's will, he has strung the civil service, thumb-screw of the internal revenue service, roped the direct primary laws, muffled the grand diaphragm of labor, silenced the music of contented and well-paid toil, and now as a crushing finality proposes to give us more taxes instead of more employment. "To ask you to vote for him or any of his allies under whatsoever name they may appear before you is an insult to your intelligence."

MAYOR PROCLAIMS A CITY-WIDE HOLIDAY

[Continued From First Page]

JOHN G. WILLIS Never in the history of Harrisburg have the decorations been as elaborate as those to be seen next week. One thing is still needed, however, cash. Howard O. Holstein, chairman of the general finance committee, says he hopes for a liberal response to-morrow, when the second and final Tag Day will be observed. Everybody will have a chance to purchase one or more buttons at their own price. The sale of buttons will be in charge of the women's auxiliary organizations of the various fire companies. The popularity contest wound up last night with John G. Willis, of the Mount Pleasant Company, as winner

over E. Levi Tittle, of the Hope, with a plurality of 8,072 votes. The Union realized \$1,000 from this popularity contest. The winner will receive a handsome gold watch to be presented at the meeting in Chestnut Street Auditorium on Tuesday night.

Representative of many typical mid-time crews—the 'Mays,' the 'Fairies,' the 'Northern Liberties,' the 'Phoenix,' the 'Hibernia'—all the belligerents, or a fair proportion of them, of antebellum years are expected to go."

PREVENT HEADACHES!

Don't Dope Them With Poisonous Drugs. If you suffer from chronic or periodical headaches there is something seriously wrong with your system. Headache is not a disease, it is a symptom. The only way to get rid of it is to correct the trouble at its root. Stop fooling yourself by taking so-called headache remedies, which are nothing but mild poisons in a disguised form. They simply kill the pain temporarily while helping your trouble in the slightest. Your doctor will tell you that the only reliable thing to do is to CORRECT THE CAUSE. You can do this by using Morrel's Salts—"The Safe Headache Remedy." Made from the marvelous curative waters of the Manitow Mineral Spring in Eastman, Canada. A natural remedy known to the Indians for centuries. Now available to you in a convenient form for the first time. The label gives full directions and complete analysis.
