Appetite Follows Good Digestion

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is sign you have been eating too much meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels of ten get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Advertisement.

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurlley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo. — "I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere. It has helped thousands of women who have been troubled with displacement, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

YOUR KIND OF HEADACHE

The headache which in addition to the pain, gives the impression of a tight band about the head, is caused by nervous exhaustion. It is a blessing in disguise because it gives warning that you are overdrawing your supply of nervous energy. Unless you stop the mental fatigue and build up your nerves you will be fortunate if you escape nervous breakdown, some form of paralysis or other severe nervous disorder. Rest is, of course, desirable but not always possible and liable to be deferred. With sufficient rest the nerves will build themselves up. Falling in this, you need something that will build them up and sustain them while they are kept busy at work. Dr. Williams' Pink Pills are probably unequalled for this purpose. They build up the nerves in the only possible way, by enriching the blood with the elements the nerves need. The treatment is one of nutrition of the nerve cells, requiring a non-alcoholic tonic and Dr. Williams' Pink Pills have proved useful in so many severe cases that every sufferer is justified in trying them a trial for any form of nervous debility. They contain no opiates or harmful drugs. A little book on Nervous Disorders will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y.
