Mighty Hunter's License Blank Shows Him to Be 3 ft., 5 in.

County Treasurer Sits Up Nights to Take Care of Late Rush For Credentials

F. P. Stine, of near Millersburg, is literally speaking, one of Dauphin county's mightiest hunters; figuratively, he follows the chase in a comparatively small way.

These truths were developed in the County Treasurer's office this morning when the mail brought in Mr. Stine's application for a hunter's license. He is 58 years old and has been a noted hunter for years. So much for the literal end of this tale.

Now, for the figurative part of it: On the application blanks name, aged,

height, etc., must all be included in the identification data. And Mr. Stine's height was set forth at—3 feet 5 inches.

To date 3,301 licenses have been issued. About a dozen have been women. County Treasurer Bailey and three clerks are busy from the time of opening until the closing hours filling out the application blanks and taking the fees. And in order to further accommodate the hunters Mr. Bailey has arranged to keep the offices open from 7 to 9 to-night, to-morrow and Saturday night.

GEORGE W. SEYMOUR MAY BE APPOINTED TO SUCCEED MURPHY

First Ward Man Policeman Probability When Dismissed Officer Resigns

While it had been generally conceded in municipal circles ever since Tuesday that Andrew E. Murphy, dismissed as a city patrolman for insubordination, conduct unbecoming an officer, etc., would submit his resignation to Mayor John K. Royal, gossip's tongue in the city offices was busy today with the name of George W. Seymour, 1070 South Cameron street, as Murphy's successor.

The probability of Seymour's appointment would not be confirmed or even discussed by the City Commissioners, but it is said on good authority that the First Warder is to get the place at Tuesday's session of City Council. It is generally conceded that Jacob Kinley, nominated by Mayor Royal to fill Murphy's position, will not be confirmed by Council.

Action on the dismissal of Murphy and the appointment of his successor was postponed for a week at last Tuesday's meeting. It is expected that the place will be filled at the next meeting in order not to deprive Harrisburg's taxpayers of the services of a policeman.

Seymour is well-known in the lower end, where he has lived for years. He had been employed at the Central Iron and Steel Company's plant.

King Nicholas Gives Views of Great War

Rome, Oct. 15. (A. M.) The Gazzetta del Popolo, a Turin newspaper, having asked King Nicholas of Montenegro to give his views regarding the war, received an answer from General Martynovitch, who, in the name of the king, replied as follows:

"This terrible war is the revenge-attempted throughout a century, which sometimes, we hope, will be strictly defined—of oppressed nationalities against the nefarious work of this great struggle. The nationalities supported by the triple entente did not provoke the sanguinary struggle which was imposed upon them by the reactionary spirit of the German world, wishing definitely to consolidate its own reign, being made with Washington in contempt of international law.

"The Italian government," he continued, "will be able to choose the moment favorable to take such new decisions as are claimed by Italian interests."

He ended by saying he hoped that Italy, besides rejoining her children still outside her kingdom, would help the Slav nationalities in the Balkans to take the place due them on the steps of the altar where justice is law.

Police Chief Thinks Big Indian Chief Was Fakir

Frank Wilson, aged 78 years, claiming to be an Indian chief from the Oneida reservation at Great Bay, Wisconsin, called on Colonel Joseph E. Hutchinson yesterday for aid. While inquiries were being made with Washington authorities regarding Wilson the Indian got away. It is believed at the police department that Wilson is a fakir.

Republicans of Tenth Ward to Hold Rally

The Republicans of the Tenth Ward will hold a rally to-morrow evening at Seventh and Curtin streets. The meeting will be preceded by a "walk around" and band concert.

HELD AS SUSPECT

John Pratt, who says he resides with a relative at Camp Hill, is being held at the police department as a suspect. Pratt is believed to have some knowledge of the theft of a stick pin from a Market street store.

TRAFFIC THROUGH PANAMA CANAL IS INTERRUPTED BY SLIDE

Several Ships in Waterway Have Been Unable to Complete Their Passage

EXAMINATION BEING MADE

Reports Indicate That Earth Movements Occurred on Both Sides of Channel

Panama, Oct. 15. — A serious landslide in the Culebra cut at a late hour last night interrupted completely all traffic through the Panama Canal. Several ships in the canal have been unable to complete their passage.

The reports indicate that there were earth movements on both sides into the channel from the slopes of Gold and Contractors hills, which are virtually opposite each other.

Colonel Goethals and other officials are making extensive examinations this morning.

It is said traffic through the canal probably will be interrupted for some time.

Washington, D. C., Oct. 15. — News of the landslide into Culebra Cut caused no alarm at the Isthmian Canal Commission office. While regretting the temporary closure of the canal, the officials say this slide will have its compensations in an engineering point of view, because it will hasten the final subsidence of the mobile material in the cut, thereby insuring the permanence of the waterway.

No official report on the slide had reached the commission to-day. It was recalled, however, that in almost every reference to the Culebra Cut operations Colonel Goethals had pointed out that the earth had not reached a state of equilibrium and that probably it would be necessary to continue dredging operations there for many months after the waterway was opened.

Colonial Country Club Members to Hold Dinner and Smoker Monday

Next Monday evening the voting members of the Colonial Country Club will have a good fellowship dinner and smoker at the clubhouse. Eight o'clock is the hour fixed for the interesting event which is attracting much attention in the rapidly growing organization. Plans for further improvements of the clubhouse and grounds and for the club's winter and Spring activities will be discussed. A letter has been sent out by the board of governors urging all male members to be at the clubhouse Monday evening, as interesting improvements and suggestions will be presented to the members for consideration.

The recent golf tournament has reached its conclusion and the golf committee is more than pleased with the fine showing that was made.

War Bulletins

Berlin, Oct. 15. — By Wireless to Sayville, L. I. — A telegram received here from Rotterdam says that the losses of the Belgian and English troops during the bombardment at Antwerp were tremendous. BOOKER WASHINGTON DISCUSSES UPLIFT

Tells Big Audiences Methods Employed in the Tuskegee Institute in Alabama

Methods used in the Tuskegee Normal and Industrial Institute, Tuskegee, Ala., and their help in the uplift to the negro race, were explained last night to a large audience in the Fifth Street Methodist Episcopal Church, by Dr. Booker T. Washington, the foremost negro educator in the United States. Dr. Washington gave an interesting and instructive lecture on the negro race, its past, present and future, telling briefly of his life as a slave; the emancipation of the slaves; and their progress since that time. During his early life he formed the plan of returning the many benefits of his life to his race, and for this purpose in 1881 he started the school, of which he is now principal, in a rude shanty.

Since that time the institution has grown to be the prosperous school it now is.

At present the school has an enrollment of more than 1,500 students, 137 teachers and occupies 97 buildings. Many of these have been built by the students themselves. The entire institution is worth \$1,500,000 and is clear of debt.

Mr. Washington told of the achievements of the graduates of the institution. He spoke before a large audience of colored people in the Bethel African Methodist Episcopal Church immediately after the address in the Fifth Street Church.

Railroads May Carry Gifts Free of Charge

Washington, D. C., Oct. 15. — American railroads may transport free of charge, if they decide to do so, gifts made by the children of the United States for presentation on Christmas Day to the children made orphans by the plans of American newspapers to send a "Christmas ship" abroad.

The commission said: "Section 22 of the act to regulate commerce provides that nothing in the act shall prevent carriage of property free or at reduced rates for charitable purposes. Railroad companies are therefore authorized by law to transport without charge property for charitable purposes and the commission thinks that shipments of articles collected for gratuitous distribution to orphans in Europe, and to those suffering from or made destitute as a result thereof, would fall within the terms of charity."

The commission made it clear that free transportation of such articles was entirely discretionary with the railroads.

PIPE MILLS LACK ORDERS

Pittsburgh, Oct. 15. — Operations of the pipe mills in the Pittsburgh district which have held up to a high percentage despite the stagnation in other lines of industry, are expected to be at last beginning to feel the lack of orders. They are now running above per cent. capacity. The big McKeesport mills of the National Tube Company are down to half time for the first time in many years, and two of the four blast furnaces are out of commission.

FOUGHT HARD TO KEEP HIS JOB

Indiana Man All Run Down—Had No Strength—No Energy Left—Blood Poor—How Vinol Helped Him

Shelbyville, Ind.—"I was all run-down, had no energy, my blood was so poor I felt badly all the time and my face was covered with pimples. I am a clerk in the hotel and had to put up an awful fight to keep at work. I tried Beef, Iron and Wine, and other remedies without benefit. I learned of how Vinol had helped others and decided to try it. After taking the first bottle I noticed a great improvement in my condition. I continued taking it and now I am r.d. of all my troubles and cannot say anything too good for Vinol."—Roy F. Bird, Shelbyville, Ind.

"For all rundown, weak, devitalized conditions of man and women, nothing equals Vinol, our delicious cod liver and iron tonic without oil. Vinol is a constitutional remedy. It creates an appetite, aids digestion, makes pure, healthy blood. In this natural manner it builds up strength and vitality. Try a bottle with the understanding you can get your money back if Vinol does not help you. George A. Gorman, druggist, Harrisburg, Pa.

NOTE.—You can get Vinol at the leading drug store in every town where this paper circulates.—Advertisement.

READING ICE PLANT CLOSELY INSPECTED

Harrisburg Merchants Will Conduct Business Along Similar Lines

Directors of the Merchants Ice Company, of Harrisburg, returned from Reading last night, where they made a thorough inspection of the Reading Merchants company plant and inquired into its business methods and results.

Harrisburg directors while in Reading were guests of the York Manufacturing Company, of York, which operates the plant in that city. Harrisburg visitors were met by the stockholders of the Merchants Ice Company of Reading, including John A. Hinershitz, president, Daniel Heffner, William Irving, F. A. Horner and Oliver Lentz.

The engine room at the Reading plant was first inspected. Here the visitors were shown three York vertical single-acting ammonia compressors. The freezing tank room was next visited, where 1,400 300-pound cans are used in making ice required for this plant. It takes forty-eight hours for one 300-pound cake to freeze. The can is submerged in brine having a temperature of about 14 degrees.

The Harrisburgers were then shown the large distilling room, where a filtration plant is operated, assuring pure water and ice. The tour was completed with an inspection of the boiler room, where two 150-horsepower boilers are operated.

It was explained to the Harrisburg visitors that provision has been made in the Reading plant for the storage of 10,000 tons of ice which is made during the winter.

At Reading ice is sold at the factory platform for \$2 per ton to stockholders only. A great many small ice dealers are stockholders and are getting their ice for \$2 per ton and can afford to deliver it to the housewife at a reasonable figure. Pieces cut to be sold in Reading for 5 cents are said to compare in size to pieces ordinarily retailed in Harrisburg for 15 cents.

It was announced on the return of the Harrisburgers that the Merchants company of Harrisburg will do business along lines similar to that of the Reading company.

WHAT'S IN A NAME?

In business it may mean a fortune. Reputation makes reputation. Therefore it is essential that the name of your establishment stands out prominently with the merchandise you have for sale. Cobb Calls Reports of German Atrocities Untrue

Irvin S. Cobb, the noted American newspaperman and author, has united with other press representatives in sending this message: "In spirit we unite in declaring German atrocities groundless so far as we are able to ascertain. After spending two weeks with the troops we are unable to report a single instance unprovoked."

Democratic Campaign Fund of \$210,000 For Watchers' Pay Alone

Democratic and Washington party workers in this city and county are wondering who are to be the lucky six to be named as watchers in each of the election districts in behalf of the "campaign of righteousness" being waged by Vance C. McCormick. According to the rumors there are to be three Democratic watchers and three Bull Moose watchers for McCormick in each of the 7,000 election districts in the State. These men will not work for glory and as the tariffs in the statements filed for the Democratic campaign were about \$5 per man it is evident that there is going to be some campaign fund.

If this is correct it will mean that about \$210,000, assuming that there will be six watchers to a precinct, is to be provided for "watching" alone.

SIGNS ANTI-TRUST BILL

Washington, Oct. 15. — President Wilson to-day signed the Clayton anti-trust bill thus completing the administration's trust program. There was no ceremony connected with the signing of the bill.
