Dig Up Rag Dolls and Toys in Ancient Egypt

Special to The Telegraph
Boston, Mass., Oct. 20. — Strange discoveries were made by Professor T. A. Whittemore, of Tufts College, while excavating in ancient Antioch, Egypt. A portion of his collection, just arrived, contains a scrubbing brush, a rag doll, a baby's sock and over a hundred pairs of shoes, socks, boots, sandals and other forms of footwear which show an almost incredible resemblance to present day styles.

He shows the first and oldest boot with eyelets ever discovered in Egypt. A party slipper is made of a fine grade of leather, ornamented with gold, red and black thread. It has a very elaborately carved piece of leather on the instep. The scrubbing brush which was discovered had a wooden base and bristles on both sides.

There is a rag doll with movable arms and a head of wood. And there is a toy horse, made of wood, and a toy spade, with a bone ornament attached.

THE D. A. R. PROGRAM FULL OF INTEREST

Social Session Follows Program Today at Home of Mrs. Frederick Marsh

In commemoration of the surrender of Cornwallis at Yorktown in 1781, the D. A. R. program, one of the most important issues of the War of the Revolution, Harrisburg Chapter, Daughters of the American Revolution, met this afternoon at the residence of Mrs. Frederick Herman Marsh, 229 West State street.

Mrs. Gilbert M. McCauley, the regent, presided and brief reports were made by officers of the chapter. The regent urged the raising of a contingent fund for the expenses of delegates to conventions and patriotic songs were sung.

Mrs. Charles J. Wood, Jr., chairman of the prize committee, announced that thirty essays were entered in the chapter's competition for senior girls of the Central high school and that awards will be made on Pennsylvania Day, Friday, October 30.

"Prominent Events in October," occurring in this afternoon at the chapter's meeting, were read by Miss Cora Lee Snyder, the chapter historian, and Miss Carolyn Pearson told of her recent visit to Plymouth Rock and other historical points in New England.

Mrs. Guert W. Emsign told in delightful fashion of the Pennsylvania State conference, Daughters of the American Revolution, held in Easton, giving brief sketches of the valuable work being done by chapters throughout the state.

The musical numbers included two songs, "My Saddle" and "The Gypsies," sung charmingly by Mrs. Edwin J. Decevee, and piano solos, "Waltz in E" by Moskowski, and "Polish Dance," by Scharwenka, played with skill and expression by Mrs. Charles H. Hunter.

Following the program tea was served with Mrs. McCauley pouring and Mrs. Marsh and Miss Snyder assisting. The house decorations were of chrysanthemums and autumn foliage, with United States flags much in evidence.

PEERLESS DENIES THE NORTH'S STORY

Calls It a Tissue of Lies and Others Say That It Is Rot and Other Things

Senator Boies Penrose toured Bucks county yesterday and in closing his day with a meeting at Bristol, took occasion to declare to newspapermen that the statement made in the Philadelphia North American regarding him was "a tissue of lies from beginning to end." Other men named in the story declared it was "rot" and an eleventh hour effort to make campaign thunder.

In his speech Senator Penrose renewed his attack on the Palmer-McCormick ticket and denounced the deal by which William Flinn withdrew William D. Lewis from the Washington party ticket.

The crowd responded heartily when the Senator went after the Wilson administration for imposing direct taxes. "Such taxation should be left to the municipalities and the States," said Senator Penrose, "and the revenue derived therefrom be used for road construction and the advancement of education, for the better protection of the health of the community and a multitude of other projects with which the people are directly concerned. The war taxes the Democratic party will levy must be borne almost entirely by Pennsylvania, New York and the New England States."

At one place where he has big cigar factories, he said: "I am told that one of your cigar factories has closed and that others may close," said Senator Penrose. "The Underwood law permits the importation of immense shipments of cigars from the Philippines and this has closed cigar factories in Bucks county and other tobacco-producing counties of Eastern Pennsylvania. Tobacco farmers and producers from this State went to Washington and pleaded for protection against the Philippines with the Philippine product and the miserably paid labor in those islands. They were ignored by the Democrats in Congress and you now witness the result."

IF YOU'RE IN JAIL YOU'RE AN ABSENTEE

So County Solicitor Ott Will Decide if Registration Question Arises

If you were unfortunate enough to have been in jail over the last registration day, were you unavoidably absent?

Colonel F. M. Ott, county solicitor, says you were, and will advise the County Commissioners to that effect if the question should pop up in applications for registration by the board.

The first indication of that phase of absenteeism developed yesterday when a diffident young man called at the office and asked Clerk J. Harry Stroup how he should "go about havin' a friend of his'n registered."

"If or absent on the registration days?" inquired the clerk.

"Ah—why—absent," stammered the information seeker.

"Due to circumstances over which he had no control, I presume," kindly interrupted Squire J. H. Stroup, another of the clerical staff.

"Well, yes, sir," deprecatingly admitted the inquirer; "you see, he was in jail at the time."

A SURE WAY TO END DANDRUFF

Stop Falling Hair and Itching Scalp—At Once

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, when you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.—Advertisement.
