### If you investigate and compare motor car values—you will buy a Paige

Practically every manufacturer claims that his product is "best".

But we don't stop with mere "claims." We are prepared to show the points of Paige superiority—and name the extra values. We challenge the manufacturer of any other car in the Paige price class to meet us on this eminently fair basis of proof rather than claims.

You will find no other car in the moderate price field which is equipped with the large unit Gray & Davis electrical starting and lighting system with separate generator and starting motor. This is admittedly the most efficient and most expensive system that a manufacturer can adopt.

Then, consider the cork insert multiple disc clutch, Mayo radiator, Bosch magneto and silent chain drive of

camshaft, generator, magneto and pump. All of these features are the very best principles that have been developed in the entire field of automobile engineering, and the Paige is the only popular priced car which offers all of them as standard equipment.

So, keep these points in mind when you are considering the purchase of a moderate priced motor car. Insist upon the manufacturer proving his "claims." And let us repeat—if you investigate and compare motor car values—you will buy a Paige.

If you would know more about the company behind this great car—if you would learn the fundamental reasons for Paige supremacy—let us send you a most interesting booklet, "The Story of the Ten Associates."

### HALLOWE'EN TALES WILD AND WITCHING

#### Story Tellers' League Will Hear of Ghosts, Goblins and Fairies

A program of Hallowe'en stories, wild and witching, is announced by the "Story Tellers' League" for a meeting Tuesday evening, October 27, at 7:30 o'clock, in the assembly hall of the Public Library, Walnut street. Miss Lois Booker, the president, will open the meeting with a quotation from Robert Burns on Hallowe'en and clever witticisms will be given by Miss Theodosia Boone, Miss Margaret Dale, Mrs. Harry G. Keffer and Miss Gertrude G. Lett.

Important business will precede the stories in charge of Miss Mary Snyder. Miss Snyder will narrate "The Talley-po" by Richard T. Wylie, which Joel Chandler Harris said is one of the best negro stories he ever heard. "The Pumpkin Glory" by W. B. Howell, will be given by Miss Mary Rudy, and Washington Irving's "Specter Bridegroom," from the "Legends of Sleepy Hollow," will be told by Miss Parthenore. Miss Martha Fleming has selected "An All Hallow's Honey-moon" by Annette Marie, as her contribution to close an admirable program.

### SCIENCE HITS THE COFFEE DRINKERS

Familiar Table Beverage Unmasked and Its Evil Effect on the Human Body Shown

An astonishing list of ills due to coffee drinking is pointed out by Dr. Otto Juetner, of the Cincinnati Polyclinic, in a communication to the New York Medical Times. "The symptoms produced by excessive indulgence in coffee can be observed in the arrested physical and mental development of children, their pallor, emaciation and nervousness; in the morbidly excited condition of women who are addicted to the coffee-pot just as the toper is to the whisky bottle, and no less a helpless and pitiable victim than he in professional men and students who whip up their mental faculties by coffee; in the aged, whose tremor and itch are not infrequently due to excessive indulgence in coffee.

"Coffee poisoning in its chronic form may be the cause of tremor, of ringing in the ears; of acrid eructations, of severe continuous headaches, creeping, pricking sensations in the skin; sensations of heat and cold, hysterical attacks, troubles of vision, dizziness, insomnia, all kinds of digestive disturbances. Coffee depresses the kidney functions, and skin symptoms are probably due to irritation from retained waste.

"Patients who cannot get along without tea or coffee, but feel uncomfortable and even sick when deprived of these stimulants, are, to all intents and purposes, drug fiends, and should be classified with habitual users of tobacco, alcohol, opium and other toxic agents."

NOTE.—It is interesting to observe that as medical science more and more reveals the harmfulness of coffee to the health of both young and old there follows a tremendous increase in the use of the pure food beverage, POSTUM.—Advertisement.

### LITTLE GIRL'S PARTY AT KINDERGARTEN

#### Edna Eggert's Fifth Birthday Celebrated With Frolic and Luncheon

Little Miss Edna Eggert, daughter of Mr. and Mrs. Emil Eggert, 1245 Market street, celebrated her fifth birthday yesterday with a party at Miss Florence Carroll's Kindergarten, Thirteenth and Market streets.

Special decorations of yellow and lavender adorned the large room and after games, music and marches the youngsters enjoyed ice cream and small cakes with floral decorations. The birthday cake bore five lighted candles and everyone had a piece of that, too. Twenty-six small folks participated in the fun.
