## \$400,000 LOSS IN TWO BIG FIRES AT HAGERSTOWN, MD.

[Continued From First Page]

o'clock in the Antietam garage, in Summit avenue, on the first floor of O. D. Shirley's four-story brick building, which was destroyed, together with the Antietam Hall, a three-story stone structure adjoining, in which the Antietam Fire Company and Pioneer Hook and Ladder Company were located. The Cumberland Valley Paper Company's factory was in the Shirley building. The federal post office building was threatened and was on fire several times, but it was saved. Eighty-one automobiles in the garage were destroyed. The armory of Company B, First Maryland Regiment, was on the second floor of the Antietam Hall and all of the equipment was destroyed.

An hour later fire was discovered in the Baldwin Hotel by R. B. Carson, a jeweler, in a small room in the rear. The fire raged six hours and the hotel was practically gutted. The Academy

of Music, on the first floor, is intact. A hundred guests in the hotel escaped, some of the men and women in their night clothing. Many of them lost their personal effects. Hotel employes and firemen rushed through the building arousing the sleeping occupants and several women were carried from the building. The stores of Grove Brothers, gent's furnishings; R. B. Carson, jeweler, and Lumbus & Curtis, shoes and hats, were on the front floor of the hotel, all being damaged by water. Help was summoned from Chambersburg, Waynesboro, Martinsburg and Frederick and the firemen of these places came on special trains to the assistance of the local firemen. Two trains of flat cars brought the Chambersburg and Waynesboro firemen over the Cumberland Valley railroad.

## War Is Spreading Into New Territory

By Associated Press  
London, Oct. 28, 10.15 A. M.—The battle which all the world is watching still sways back and forth in the little district of West Flanders, where the

allied forces are struggling to check the German advance to Calais, but ripples of war news are noted in widely separated points.

First comes the new rebellion in South Africa, where the Boer leaders, Christian De Wet and General Beyers, former commandant of the military forces of the Union of South Africa, have taken the field against the Union government in the hope of checking the rebellious movement under Colonel Maritz. General De Wet was the famous antagonist of Lord Kitchener during the Boer war and the uprising he is now leading is treated by the British press as far more serious than the Maritz outbreak.

An event perhaps second in potential importance is the reported German invasion of Angola, the Portuguese colony in West Africa. Whether this report is true or not, the dispatch comes almost coincidental with the announcement that Manuel, former king of Portugal, has offered his services to King George and is willing to take the field against Germany with the army of the Portuguese republic. According to report, Manuel was recently in Portugal.

## Conqueror of Antwerp Is Reported a Suicide

Special to The Telegraph  
London, Oct. 28.—A dispatch to the Evening News from Rotterdam says that General von Beseler, the conqueror of Antwerp, is dead.

It is said, the newspaper adds, that he shot himself Thursday in his room at Bruges.
