MOTHER! IT'S CRUEL TO FORCE OIL OR CALOMEL INTO A SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver, bowels
Look back at your childhood days. Remember the "physic" that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.
If your child's stomach, liver and

FOOT STRAIN IS DANGEROUS THING

Dr. Dixon Shows What It Means to the Average Man and Woman

Dr. Samuel G. Dixon, State Commissioner of Health, in his weekly talk, takes a topic that has direct bearing on the war and campaign marching. He calls attention to the necessity of looking after the feet and gives some facts worth reading. The Doctor says:

"Rudyard Kipling makes one of his characters in a military tale say, 'A soldier is no better than his feet.' "The man or woman whose occupation or duties require them to stand or walk for a greater portion of the day come to a certain extent in the same category—they are no better than their feet.

"This is not alone due to their lack of mobility but to the ever present strain on the nervous system when the feet are partially incapacitated. Anyone who has suffered from the breaking down of the arches of the feet can appreciate how extremely painful this is and how serious a handicap. Cases of this sort are of an extreme character.

"Our modern shoemakers are turning out better shoes than have ever been made in the history of the world. They are less clumsy and more serviceable. Unfortunately, however, the dictates of fashion have led women and men to wear footwear which distorts the natural shape of the foot.

REPUBLICAN TICKET SURE OF BIG VOTE

In the lower end of Dauphin county to-day there is little talk of politics. This is particularly true in Steelton. The campaign has closed and the heated arguments and discussions of weeks past are forgotten. The individual voters have set their minds as to how they will cast their ballots on the morrow and men close in touch with the mass of the voters confidently predict that the entire Republican ticket will get one of the largest majorities in years from lower Dauphin county to-morrow.

In Steelton alone Dr. Martin G. Brumbaugh will get a majority of over 900 votes. Every other candidate on the ticket will closely follow him. Dr. Brumbaugh's close friendship with L. E. McGinnes, Steelton's popular educator, the superintendent of schools, will bring him to the head of the ticket. And the people's determination to end tariff tinkering and slaps and free trade clamoring will bring the congressional candidates big majorities.

Swatara township, including Oberlin, Bressler and Enghaut, Highspire, Roylton and Middletown will all turn in big majorities for the entire Republican ticket. In Middletown, where the Palmer-McCormick League has been trying to tell the voters that they are enjoying a "wave of prosperity" the majority will reach 200 votes for the Republican ticket.
