Converted Theft Rights Himself With World

Chester, Pa., Nov. 4.—An unsigned letter mailed in Baltimore, Md., was received by Louis Bell, a tailor, this morning, the letter informing Bell that the man who robbed his tailoring establishment a few days ago had "gotten religion" and wanted to square himself with the world.

"I have been a thief for a good many years," the man wrote, "but I went to church the other night and got religion. I do not think I can do anybody any good by giving myself up to the police and going to jail; a more practical and sensible way, I think, is to stay out of jail, work and earn an honest wage and pay back those from whom I stole so long as I can scrape together any money."

Bell lost about \$900 as a result of the robbery. The letter from the conscience-stricken thief directed Bell to a place near the Pennsylvania railroad station where he was told some of the goods had been hidden. He was also directed to a pawnshop in Wilmington, Del., where the writer said, a quantity of the stolen goods had been pawned.

Five Badly Hurt in Series of Accidents

South Bethlehem, Pa., Nov. 4.—There was a trio of automobile accidents in this vicinity in which local people were concerned, but, fortunately, none will result fatally.

Blinded by the searchlight of a trolley car, the automobile being driven by J. A. Titlow while rounding a corner of the Bethlehem-Nazareth pike at Shepherd's hotel lunged into a cement gutter and hurled the four passengers into the thoroughfare.

Ganville Beck, of Nazareth, suffered two broken ribs when the machine his brother, Wilson Beck, was driving, struck a bridge projection at Effort, Monroe county.

Five-year-old Vincent Tita, while playing in the road, was struck by Frank Bieder's auto on the South Delaware River road, but escaped with slight injuries.

In a head-on collision between machines being driven by Charles Bleamer, of here, and John J. Menayros, of Nazareth, on the Bethlehem-Nazareth pike, Bleamer was cut by flying glass and both machines were wrecked.

Million tons Increased in Anthracite Mined

Scranton, Pa., Nov. 4.—Incomplete figures indicate that the production of anthracite for the month of October will be approximately sixty-five million tons, an increase of more than a million tons over October, 1913.

The increase is considered remarkable in the light of the general depression and the fact that mining was made difficult by a long drought in the southern portion of the anthracite field, necessitating the hauling of water for boilers.

SIMPLE BUT SURE

Hyomei the Great Catarrh Remedy. "Just Breathe It."

Do not try to cure catarrh, head cold, or snuffles by taking drugs that can do little more than upset the digestion. These common but dangerous ailments, that often cause the loss of hearing, cannot be cured that way.

The common-sense way is to breathe Hyomei, which gets the medication right where it is needed to heal the inflamed lining of the air passages, kill the germs and restore the diseased tissue to a healthy condition.

Hyomei is a mixture of antiseptic and germicidal oils that you breathe through a small inhaler. Simply use the inhaler a few times daily and the health-giving medication of Hyomei will quickly soothe and heal the irritated tissues.

—stop distressing choking and unclear discharges of the nose— you breathe the freely-dull headaches cease, and every catarrhal symptom soon vanishes.

The Hyomei complete outfit that contains inhaler, a bottle of medicine can be had from H. C. Kennedy or any drug store. There is nothing more economical, simple and pleasant to use, or that gives such rapid and lasting benefit as Hyomei—and perfectly harmless.
