JACKSON SECURES UNIFORM REPORTS

Notable Step in Industrial Safety Progress Due to the Pennsylvania Official

Uniformity in reports on accidents to be required by the United States government and the governments of more than half the States in the Union has been arranged as the result of a movement inaugurated last summer by Dr. John Price Jackson, the Pennsylvania Commissioner of Labor and Industry, and the forms have just been sent to the printers. The reports will enable the same information to be available throughout the country to a great degree and problems in preventable accidents can be more easily handled.

The conferences, which were attended by Dr. Jackson and A. R. Houck, chief of the Bureau of Statistics, for this State, led to the drafting of a form which was immediately adopted by the Department of Commerce and Labor and the Interstate Commerce Commission and New York's Bureau of Compensation and Bureau of Labor Legislation. It was also approved by the International Council of Industrial Safety convention at Chicago and by numerous manufacturers' associations in this and other States.

The use of the new form is to be made compulsory in Pennsylvania and in a score or so of States in January, according to information received here. The Department of Mines and the Public Service Commission will co-operate with the Department of Labor and Industry in this State, and where failure to make report of an accident within twenty-four hours occurs the law will be enforced.

The report is in four divisions—1, employer, time and place; 2, injured persons; 3, cause, and 4, nature and extent. Each question is divided up and the employer is told to consider as serious all accidents causing loss of a major member, such as an eye, arm or leg, or which in the opinion of the attending physician will cause loss of employment for thirty days or more.

BROKE OUT IN WATERY PIMPLES

On Baby's Head, Hair Came Out, Cross and Fretful, Used Cuticura Soap and Ointment. In Month Breaking Out Gone.

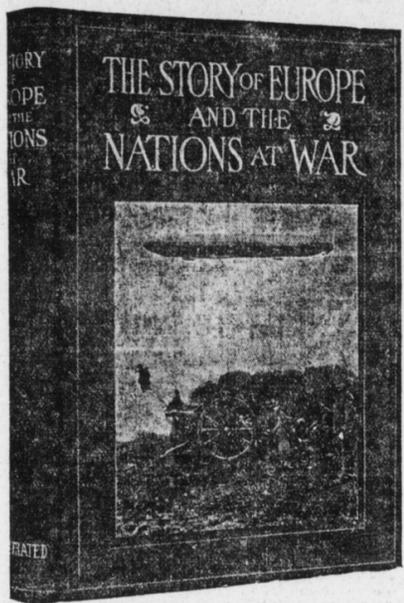

R. F. D. No. 1, Shippingsport, Pa.—"Baby had a breaking out on her head. It began just like poison, little watery pimples, and then would spread all over her head. Later it would turn to sort of a yellow scurf. The breaking out was ugly to look at. Her hair came out gradually. She surely was cross and fretful."

"I tried many different soaps and many different salves but they did not do any good. I noticed the advertisement of Cuticura Soap and Ointment and thought I would try them. I washed her head with Cuticura Soap and warm water, dried it well and thoroughly covered with Cuticura Ointment. In a month the breaking out was completely gone." (Signed) Mrs. C. M. Hall, Apr. 14, '14.

The Only Book That Tells the Causes and Issues of the War

"THE STORY OF EUROPE and the NATIONS AT WAR" lays bare the deep-rooted causes of the most stupendous conflict in the history of man. It shows clearly how Europe has become a camp of hostile powers, explains the real facts about the Triple Alliance and Triple Entente, and tells how and why they were formed. It describes the hidden, as well as the apparent, forces that have been at work for generations looking toward this great war. In unfolding the maze of diplomatic plans and policies that have had a vital bearing on the present titanic conflict, it reads like a great novel of international mystery and intrigue. No one who wishes to have an intelligent comprehension of the whole situation, of what is involved and of the great logical consequences, should miss the unprecedented opportunity to obtain this book practically FREE.

HOW TO OBTAIN THIS GREAT BOOK FOR THE MERE COST OF DISTRIBUTION

Unprecedented Collection of Vivid Illustrations

One of the many valuable features of "THE STORY OF EUROPE and the NATIONS AT WAR," is comprised in the magnificent collection of historical pictures of current and permanent interest which it contains. In this collection are photographs of the rulers, great statesmen and great military and naval leaders of all Europe, scenes of great battles of history described in the book, and graphic illustrations of the wonderful developments of modern instruments of warfare. Printed on specially finished paper which brings out all the beauty of their execution and details. The illustrations also include a map in colors.

On another page you will find a WAR BOOK COUPON. A similar coupon will be published daily for a limited time. Hup Winter Tops a Hit

"Business is exceptionally good for this season," said E. C. Ensminger, local Hupmobile dealer, yesterday.

"For one thing, the extraordinary value of the new Hup is apparent at a glance. That makes sales.

"Another big factor is the detachable sedan top for the touring car and the coupe top for the roadster.

"Instead of building permanent closed cars this year, the Hupmobile factory designed these detachable tops—giving the new Hup owner what amounts to two cars of practically the price of one.

"The tops are well-built, beautifully finished inside, and perfectly weather-tight.

"They are going to keep more Hups in commission all winter than any other one thing possibly could.

"Almost every buyer of a new Hup orders one of these tops along with it. That's a sure sign they are what the people want."

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and No-body Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark, glossy, and abundant.—Advertisement.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advertisement.
