CRITICAL MOMENTS

What the War Teaches

Every life has its critical moments. There are times when a man's health is staked upon the care he gives to it within a few hours.

It brings new activity to the liver, stomach and bowels in a short time, thus causing salivaceous, indigestion and constipation to disappear.

It enters the tiny blood vessels of the skin, bringing with it fresh vitality, blood and abiding faith in its wonderful cleansing power has come to thousands, when pimples, boils, carbuncles, rash, eczema, acne and other skin troubles dry up and disappear.

Good blood means good health; good health means strong men and women, full of vigor and ambition, with minds alert and muscles ever willing.

Is Your Home Ready For Winter?

The most important item in getting the home prepared for cold weather is fuel.

Kelley's Coal is the best coal mined and it burns with least waste because it is as clean as it is possible to make it.

Your furnace will be easy to manage if you burn Kelley's Hard Stove this Winter. It is uniformly sized and rich in carbon.

RAILROAD NEWS

ROUND TRIP FARES OFFER REDUCTION

Mileage Books Is the Cheapest Railroad Ticket When the New Rates Start

New passenger rates in effect December 15 are giving patrons of the Pennsylvania and Reading railroads much concern.

The only way to save car fare, according to Pennsylvania and Reading ticket agents, is to purchase a mileage book for \$22.50.

No reduction can be had by buying a round-trip ticket. Local officials say many thousands of dollars will be saved in printing expenses by doing away with the round-trip ticket.

Until the present supply of round-trip tickets is exhausted round-trip fares will be sold. But the purchaser saves nothing.

NOT SLANDER, ONLY PLAYTIME MEMORIES

Defendant in Trespass Action Explains Gist of Statement Against Fellow Countrywoman

That the alleged slanderous statements he made against Mary Parrich were only the reference he made to the time he played with her before both were in their teens was the defense Paul Lovranth made today in November Common Pleas Court when his case was tried before Judge Johnson, presiding.

Other cases considered to-day included the suit of Isaac D. West against Alfred P. Hauman for the recovery of some land adjoining the Susquehanna Coal Company which constitutes a right of way to water power and which was ordered retried by the Supreme Court. A compulsory nonsuit was entered in favor of Jacob Snyder, defendant in a trespass suit brought by Margaret Donk for election from a leased property.

The defense won out on the plea that the plaintiff never appealed from the magistrate's decision. Martin J. Riley won a verdict of \$12.78 against Sarah Raslosky in his appeal on an assumption suit.
