OLD TURTLE FOUND

Special to The Telegraph
Marrietta, Pa., Dec. 8.—An old turtle, bearing the date 1852 inscribed on its shell, was found by James V. Eband at Unicorn yesterday. The turtle is of good size.

ENGAGEMENT ANNOUNCED

Ephrata, Pa., Dec. 8.—At a dinner given at the home of Mr. and Mrs. L. R. Leed the engagement of Miss Bessie Byerly to Harry C. Leese, of Pottsville, was announced.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constituting the system. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

BRUMBAUGH CALLS CITIZENS TO DUTY

New Governor in a Speech at Washington Says Pledges Must Be Redeemed by State

ASSERTS HIS INDEPENDENCE

Boom For New Governor For Presidential Nomination Launched at Varc Dinner

Dr. Martin G. Brumbaugh, governor-elect, last night sounded a call to duty for the people of Pennsylvania at a dinner given in his honor at Washington by Congressman William S. Vane. The dinner was made the occasion of launching a boom for the new Governor for President, but the significance of that movement was minimized by the first public declaration of the Governor-elect since election day. In this he said that pledges would be kept and that after he had retired as head of the Philadelphia school system he would discuss appointments and not until then. He made plain in discussing topics of the day that he meant what he said about local option and it is expected that he will refer to it in his speeches.

In speaking of the dinner the Democratic Philadelphia Record says: "Governor-elect Brumbaugh asserted his independence of any persons who might interfere with him in the fulfillment of his platform pledges to the people of Pennsylvania. He declared that he desired the assistance of all who stood pledged with him to the accomplishment of certain legislative acts, but that, if any or all of these men failed him in the forthcoming contests, he would go it alone. The speech of the Governor-elect was vigorously phrased and teemed with a spirit of independence and self-assertiveness."
Expressing a desire for co-operation between the State of Pennsylvania and the national government, Governor-elect Brumbaugh advised the Penn-

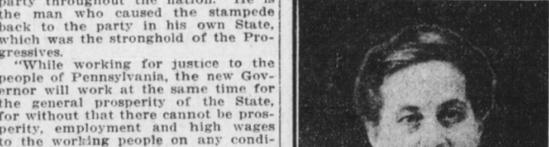

sylvania delegation in Congress, which was present at the dinner, to work unceasingly for a liberal government policy toward the Delaware and Ohio rivers.

Boom Launched

The Presidential boom of the Governor-elect was launched when Representative Vane declared that he was the man "who caused a stampede back to the Republican party in Pennsylvania," and asserted that "when the time comes the people of Pennsylvania will offer Dr. Brumbaugh to the people of the nation as a protection and prosperity President." He also spoke vigorously of the need for reconciling promises with pledges on the part of public men.
The tenor of the political enthusiasts present reached its highest pitch with Dr. Brumbaugh's assertion of his independence. He related the incident which the young man of Athens was called upon to subscribe when he presented himself for citizenship. He said this oath was to protect the laws and principles of the State, with the support of his comrades if he had their support, but singly, if need be. This was the principle which Dr. Brumbaugh asserted would guide his own administration at Harrisburg.
There were about seventy guests at the dinner. They were seated about a table, the center of which was backed with high roses. Around the room were ferns and trees. In introducing Governor-elect Brumbaugh Congressman Vane said:

"My friends, the purpose of this little gathering was to have you meet the Governor-elect of Pennsylvania, Governor Brumbaugh, who is to be elected in Pennsylvania at the last election was a most striking demonstration of the power of a clean, strong and fearless personality."
The result of Dr. Brumbaugh's candidacy was a virtual banishment of the Progressive party from the State of Pennsylvania. With the opposition to him united, he nevertheless had a majority of 145,000 over the combined vote of his opponents.
"In reuniting the Republican party of the State of Pennsylvania, which has always been known as the Keystone State, Dr. Brumbaugh has performed a service to the Republican party throughout the nation. He is the man who caused the stampede back to the party in his own State, which was the stronghold of the Progressives."
"While working for justice to the people of Pennsylvania, the new Governor will work at the same time for the general prosperity of the State, for without that there cannot be prosperity, employment and high wages to the working people on any conditions."
"We may not be able to restore prosperity because that depends almost entirely upon the tariff policies of the national government, but when the time comes the people of Pennsylvania will offer Dr. Brumbaugh to the people of the nation as a protection and prosperity President. And if he should be called to that high office, the American people will have reason to be proud of Pennsylvania's gift to the nation."

WELL-KNOWN WOMAN BURIED

MRS. ELLSWORTH BENDER
Lemoyne, Pa., Dec. 8.—Funeral services of Mrs. Ellsworth Bender, who died at her home here on Sunday morning were held this afternoon from the home, the Rev. A. E. Keen, of the United Evangelical Church, officiating. The four sons, William, Frank, Lester and Philip, were the pallbearers. Burial was made at Mechanicburg.

Outlines Work For People
Replying, Dr. Brumbaugh said: "We meet to-night in the capital of the nation to think of Pennsylvania and her great claim upon all of us."
"Having given my life to the educational work of our State, I am glad to meet men whose experience in public life makes their counsel of value and their support a blessing. We can, by bringing our several experiences together, work out a program of service for our people of great value. The program of service is but an expression of the need of a people, I am hoping that we may so serve them

TO APPRAISE STOCK AT THEIR FULL VALUE

Congressman Kreider Takes Step of Vital Interest to Farmers

Owing to the law limiting the Livestock Sanitary Board in the payment of condemned cattle to \$40 on stock that was not registered, in the eradication of the foot and mouth disease among cattle in the State of Pennsylvania it has been the practice to appraise all nonregistered cattle at a valuation not to exceed \$80 and registered cattle at a valuation not to exceed \$140, one-half of which appraisal would be paid by the State of Pennsylvania through the Livestock Sanitary Board and the other half by the federal government. This resulted in an injustice to those farmers who owned high-grade and valuable stock and subjected them to severe losses, while the owners of less expensive cattle were reimbursed to the full extent of their losses. In other words, those farmers whose registered stock was worth over \$140 and those who had high-grade unregistered cattle that were worth in the open market upward of \$80 were reimbursed only to the extent of the appraisal as indicated.

Congressman Gets Busy

Congressman Kreider has interested himself in behalf of the farmers and, recognizing the injustice of this practice to the owners of high-grade stock, has taken this matter up with the Livestock Sanitary Board of Pennsylvania and also with the officials of the federal government at Washington, with the result that instructions have been given to all appraisers of both the State and the federal government that all stock shall be appraised by the law of the State of Pennsylvania. This will prove of great benefit to the owners of high-grade stock.
As an illustration, under the former practice a cow worth \$150 would be appraised at only \$80. Of this amount the State would pay \$40, the limit set by the State of Pennsylvania, and the federal government would pay \$40. Under the new instructions just issued, which was brought about by the efforts of Congressman Kreider, such a cow will be appraised at its full value, \$150, and the federal government will then pay \$75 and the State will pay

\$40 at this time. This will leave an unpaid balance of \$35.

It is the belief of Congressman Kreider that the next Legislature, which will meet in January, will recognize the injustice of the present law and will pass a bill which will remove the limit which is now restricting the Livestock Sanitary Board from paying over \$40 for unregistered cattle and \$70 for registered cattle, and that the board will be authorized to pay the full amount of the loss and will also contain a provision that the unpaid balance due farmers whose stock has been slaughtered shall also be paid.

Congressman Kreider urges the farmers to take a duplicate of the copy of the appraisal of their stock so that they will have proper evidence to establish their claims. It might further be said for the benefit of farmers whose herds have been infected with the disease and whose stock has been slaughtered that the proper authorities will clean, disinfect and fumigate their premises, and if it is found necessary to remove racks or troughs or any other equipment the farmers will be reimbursed for such losses.

Umbrella Is Factor in Flagman's Death

Special to The Telegraph

Sunbury, Pa., Dec. 8.—The body of Walter W. Inns, 32 years old a flagman on the Williamsport division of the Pennsylvania Railroad, who was instantly killed at Clark's Ferry, was brought here to-day. Inns was at work on Sunday on an eastbound fast freight and the train had taken siding for a westbound passenger train. When the engineer sounded the call for Inns he failed to answer. Fellow-members of his crew found his mangled body lying along the tracks. The supposition is that Inns, who was using an umbrella, did not hear the approaching train.

IS HE A CAD.

DEAR MISS FAIRFAX:
I have been keeping company with a young man I love dearly, but there is one thing we cannot see the same view in. He says that if I love him I should give him something to remember me by—ring or watch or money. Now there never can be anything serious between us. He writes this request, and thought I do not think it honorable. I feel that I would like to do anything for him, ANXIOUS
A MAN, who asks a girl for a present, either has no pride at all or is just one of those cads who prey on women for their support. Have no more to do with him.

The Best Food-Drink Lunch at Fountains

Ask For ORIGINAL GENUINE HORLICK'S

Avoid Imitations—Take No Substitute
Rich Milk, malted grain, in powder form. More healthful than tea or coffee.
