

ELDERLY PEOPLE SHOULD TAKE VINOL

Aged Texas Woman Says: "Old People Who Are Weak & Feeble Should Know the Merits of Vinol"

Grand Saline, Texas.—"I am an aged woman, and for a long time was weak and feeble, but I have found Vinol to be the best medicine to create strength for old people and for chronic colds I have ever taken. It has restored my health and strength so that I feel almost young again; in fact, I am now doing all my own housework. "Old people who are weak and feeble should try Vinol and know its merits as I do. I have proved Vinol a wood reliable medicine and much cheaper than paying doctor bills, and you may publish what I say about Vinol for the benefit of others."—Mrs. Fannie E. Rodgers, Grand Saline, Texas.

WHAT DYSEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE "Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfermented, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach, but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisulphated magnesia from your druggist, eat what you want at your next meal, take some of the bisulphated magnesia as directed above, and see if I'm not right."—Advertisement.

Columbia Man Cuts His Throat With Butcher Knife

Special to The Telegraph Columbia, Pa., Dec. 8.—Abjiah Butt, an ironworker, 40 years old, committed suicide yesterday morning at his home in Eighth street by cutting his throat with a butcher knife and then jumping into a pool. Butt had been in ill-health for some time past, but he continued to work as a rule in the Janson iron mill. Last night he retired as usual, but did not rest well. Arising early this morning, he went to the kitchen, procured a butcher knife and then, going to the cellar, drew the blade across his throat, severing the windpipe. In his delirium the man wandered to the yard and going to a pool leaped in. He is survived by a wife and one daughter.

The Drawing Contest Has Proved An Exhibition of Art

Anyone making a special trip to the display of Santa Claus drawings (on the fourth floor) will find their visit well rewarded. There are over seven hundred, and it must be said that most of the work is surprising, considering the children's ages. We feel that the drawing instructions of the Public Schools are due a compliment if this work is the result of school training, and same may be said of private instructors. Every visitor is asked to cast one vote in order to determine which ten children shall receive the handsome prizes.

TELEGRAPH ASS'N CLOSES BEST YEAR Almost \$9,000 Taken in by the Organization of the Printing Company's People

The Telegraph Employees' Association, the beneficial and savings organization of the men and women, boys and girls employed in the various branches of the Telegraph Printing Company, closed its sixth and most successful year last evening, when the annual meeting was held and the very gratifying statement made that the total income of the association during 1914 was \$8,928.90. This organization was founded in December, 1907, when about forty employees organized it. Frank Bell, then managing editor, being the first president. Since that time it has been growing steadily under administration of men elected to office and directors from the various departments. The expenses consist only of the salaries of the men who handle the finances. It pays death benefits and makes short time loans to its members only, the other cash being put out at interest. The association started the year with 106 members and closed with eighty-three. The receipts from 294 shares during the year amounted to \$7,722, while interest on investments, short time loans to members, fines and other sources yielded \$1,076.65, the single death benefit paid during the year amounting to \$130.25. The only death was that of Samuel Jones, the watchman and janitor for several years. The distribution of the proceeds will be made within a day or so. This year was the most successful, the total income being \$1,700 larger than last year. The officers elected for 1915 were: President, H. Bruce Mumma; treasurer, Gus M. Steinmetz; financial secretary, Charles P. Meck; directors, Frank R. Oyster, A. Boyd Hamilton, A. E. Burkholder, Robert N. Bernheisel, Edward Ripper and Ed. H. Weigh.

DR. DIXON SPEAKS ON "FUSSINESS" Says That Selfishness Has a Good Bit to Do With Making Cranks Out of People. Dr. Samuel G. Dixon, State Commissioner of Health, deals with one of the most common and easily preventable of ailments, fussiness, in his weekly talk on hygiene. The commissioner calls his remarks a discussion of selfishness and hysteria and his comments on the trouble and how it starts are well worth reading. "The commissioner says: One cannot say that selfishness is responsible for nervousness, and yet, unquestionably, it is often a considerable factor in causing nervous ailments. The self-centered individual who is continually thinking of his own comfort and who manifests annoyance over every trifling thing that interferes with his particular occupation or activity, is running a decided risk. With advancing age a marked degree of irritability is almost sure to follow. If a selfish attitude is cultivated and consideration is demanded for individual whims without consideration for others, this readily grows to be little less than a mania. Our nervous systems are delicately adjusted and once the mind weakens its control it is apt to become a factor for pain and discomfort. In the beginning many of the things which "get on our nerves" do not really distress us. We note them casually. With their repetition comes the selfish wish to have our individual comfort considered without regard for general conditions. If we give way to this, the most trifling occurrences hold the possibility of causing infinite annoyance. The greatest number of sufferers from nervous diseases are not, as might be expected, overworked individuals, but are, commonly enough, people who have little or nothing to do, and for want of activity devote too much time to thinking of self. It is common to hear some irritable individual say, "so and so gets on my nerves," and the very manner of the speaker has an equally irritating effect upon the unfortunate auditors. Nervous irritability and selfishness beget their like. They are contagious. Let us be unselfish and avoid the spreading of this all too common complaint. All the Family Can Enjoy A Kennedy Needle Shower Special at \$3.85

A new shower bath which fits any bath tub and needs no curtain. This shower has a standard price of \$6.00, and the special price, \$3.85, will place it on the "necessity" list in many homes. All metal—water can be made any temperature—needs no curtain—and everybody knows how much more sanitary the shower bath is than the now old-fashioned bath tub. Produces a four stream shower (exactly like illustration) and when children use it, the two upper streams may be turned off. Can be adjusted to any bath tub in a few minutes, and is never in the way. Now being demonstrated in basement.

FIRST VISIT IN 25 YEARS Special to The Telegraph Waynesboro, Pa., Dec. 8.—Mr. and Mrs. Samuel Wiles returned to their home in Marion, Iowa, yesterday, after spending some time with their nephew, F. C. Wiles, of this place. This was Mr. Wiles' first trip here in twenty-three years. He went west twenty-eight years ago and took up farming in Iowa.

Discolored, Wrinkled Skin Easily Removed. Since brown or yellow, over-red or blotchy complexion are decidedly not the fashion, I cannot understand why so many continue to wear them. Surely every woman has heard of mercurized wax. This I know—from my own and others' experiences—will positively banish every unsightly tint. The wax really takes off a bad complexion. It gradually, harmlessly, absorbs the thin layer of surface skin with all its defects, as chaps, liver spots, pimples, freckles, blackheads. Just as gradually the discolored skin is replaced by the clear, white, youthful skin underneath. Mercurized wax, procurable at any drug store, is applied nightly. Use cold cream and erased mornings with warm water. One ounce will produce the loveliest girl's complexion in less than a fortnight. I can't understand, either, why folks will be bothered with wrinkles, since the famous saxolite formula has become public property. One ounce of this wonderful saxolite dissolved in a half-pint witch hazel, makes a wash lotion that will quickly efface every line, even the deepest.—Julia Orr in Social Mingle.
