HARMONY MEN ARE ELECTED AT PENN

Men Who Favor Coach George H. Brooke on the Football Committee

Philadelphia, Dec. 17.—Efforts to oust Coach George H. Brooke at University of Pennsylvania got one serious blow yesterday, in the selection as athletic committee, graduate members favoring harmony.

The election of Ernest Cozzens and W. B. Sinker as graduate members of the University of Pennsylvania Football Committee was distinctly the surprise of the annual meeting of the board of directors of the University Athletic Association, held yesterday afternoon at the training house.

Robert G. Torrey and Robert E. Lamberton, who had been mentioned as likely to figure prominently on the football committee, were neatly sidetracked by electing them to other positions, Dr. Torrey being made vice-president, while Mr. Lamberton was made secretary.

The chairman of the football committee generally has more to do with the football policy at the University than any other person, and the election of Sinker and Cozzens probably means that some one in power at the University believes that Coach George H. Brooke has been "jumped on" too hard for the dismal failures of the two teams he has coached at the University.

Either Sinker or Cozzens will be elected chairman of the football committee. Committees selected follow: Football—Graduate members, Ernest Cozzens and W. B. Sinker; undergraduate members, George W. Pepper, Fred Davis and Captain E. G. Harris.

Baseball—Graduate members, W. N. Hammett and E. H. Hare; undergraduate members, E. Langdon Koons and Captain R. H. Wallace.

Cincinnati, Dec. 17.—Section 1, article 3, of the national baseball agreement has been amended by the concurrent vote of each major league and of the National Association by increasing the membership of the joint committee on playing rules to seven members, according to National Commission notice issued yesterday.

As amended and effective from yesterday on, this section and article will read as follows: "When ever the commission certifies to the president of each major league and to the secretary of the National Association that in its judgment the playing rules require amendment, a joint committee of three representatives from each major league and one representative of the National Association shall meet on or before October 15 of the year in which such notice is served and adopt a code of rules for the ensuing season."

AFTER "RABBIT" MARANVILLE. Boston's Star Infielder Is Offered a Tempting Salary by Outlaws.

Boston, Dec. 17.—The Federal League has offered "Rabbit" Maranville, star shortstop of the Boston National League baseball team, \$10,000 a year for three years, the money to be placed in a bank and Maranville signs the contract. It is said that "Rabbit" declined the offer, but the scouts are still on his trail, and the "Feds" are reported to be far from discouraged over their chances of landing the "Rabbit" player, as they are prepared to make a still more advantageous offer, it is rumored.

Maranville, who is now on the vaudeville stage, is said to be loath to leave Boston, where he is the idol of baseball fans, and is in close management of the team. He has a long contract here, and it will have to be a most alluring proposition that will induce him to jump.

More Heat

Are you getting more heat from the same amount of coal? You pay the same price for coal as others, but if you do not get the same results, it's time to talk over your heating troubles with Kelley and to change the furnace's diet to Kelley's Coal.

There's a reason—you'll soon FEEL it—the MORE HEAT.

AMUSEMENTS

ORPHEUM

Of the sister tramps that have appeared at the Orpheum it is doubtful if any of them were more popular or more clever than the Farber Girls, who offer one of the sterling hits of the Keith show that the Rotarians are giving at the Locust Street Playhouse this week.

The youngest of the sisters is Constance, the little blonde, and she is certainly a clever little mite. Her sister is a brunette, graceful and beautiful. When the two are not singing and dancing they are indulging in sparkling repartee, with plenty of fine comedy lines handed out by Constance. And long before this something should have been said about their gowns. They are creations of chiffon and rimestones, the cut and style of them could probably be explained by a Parisian designer, but words after words, when it comes to mere man telling about them. Anyway, they are dreams, so beautiful for words, and the girls wear them gracefully. The Farber girls are presenting one of the clever comedies supporting Bessie Wynne, and celebrated singing comedienne, and Joe Jackson, the king of funmakers.—Advertisement.

SMALL FIRES AT HAGERSTOWN

Hagerstown, Md., Dec. 17.—Fire was discovered here yesterday in the cellar of the hardware store of Schiel, Rohrer and Company, one block from the public square, a joist becoming ignited from an overhead furnace. The fire was discovered in time to check it before serious damage was done.

Fire in the cellar of the residence of Clarence H. Galt, in Church street, yesterday, was extinguished by the firemen, the damage being confined to a partition.

Freezing out a water pipe in Emmer's row, yesterday, started a fire which required the services of Western Enterprise Fire Company to check.

PALACE TODAY—"HUMAN HEARTS"

"Human hearts" has action, grip and pathos combined with some splendid realism. Those scenes showing Mr. Baggot, as the hero, Tom Logan, in the state prison during time are correct and impressive—they were actually taken within the walls of a State prison, and show the hundreds of convicts and the life they lead. Then there are the touches of comedy furnished by the tramp who, while sleeping in the black-
