Everybody "Works" Father

Dad, the source from which all finances usually come that go to make a Merry Christmas for the entire family, is generally an indulgent sort of a chap who gives liberally at Christmas time in order that others may be happy. With the possible exception of mother, he is the most unselfish being in the world when it comes to denying himself desired comforts and luxuries for the sake of others.

But, show him that you are not unmindful of the service and many favors he has extended. But surprise him with that big, comfortable arm chair or other appropriate piece of house furnishing for his convenience, that he will appreciate equally as much as a woman would a china closet or buffet.

In addition to our regular line of furniture, rugs and carpets, we quote a number of the many things in stock especially appropriate as

--But Dad Should Join This Club

And, if Dad really wants to show his appreciation to wife, mother or married daughter, he should join the McDougall Kitchen Cabinet Club. The initiation fee is only one dollar down, and dues one dollar a week. Total amount of dues may be paid in advance if desired. A five-piece aluminum set his membership for a limited time only. These, in themselves, will make a distinct gift, if desired, to other lady friends of the family. If Dad had to do the cooking and walking around the kitchen floor he would realize why every woman is so desirous of having a McDougall cabinet.
