PURE, RICH BLOOD MADE BY HOOD'S

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is loss of appetite, sometimes faintness, a deranged state of the intestines, and, in general, all the symptoms of dyspepsia. Hood's Sarsaparilla makes pure blood, and this is why it is so very successful in the treatment of so many ailments. Get it to-day.—Advertisement.

How To Make the Quickest, Simplest Cough Remedy

Much Better than the Ready-Made Kind and You Save \$2. Fully Guaranteed

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in conquering distressing coughs, chest and throat colds, is really remarkable. You can actually feel it take hold. A day's use will usually overcome the ordinary cough—relieves even whooping cough quickly. Splendid, too, for bronchitis, spasmodic croup, bronchial asthma and winter coughs.

Get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour it in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you—at a cost of only 54 cents—a full pint of better cough syrup than you could buy for \$2.50. Takes but a few minutes to prepare. Full directions with Pinex. Tastes good and never fails.

You will be pleasantly surprised how quickly it loosens dry, hoarse or tight coughs, and heals the inflamed membranes of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent lough cough.

Pinex is a most valuable concentrated compound of gentian and Martiansburg extract, rich in guaiacol, which is so healing to the membranes.

To avoid disappointment, be sure and ask your druggist for "2 1/2 ounces Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

AGRICULTURE IS TO BE GIVEN A BOOST

Notable Meetings Will Be Held in This City During the First Month of New Year

Movements for advancement of agriculture in Pennsylvania, which have been much discussed the last half year, and which bid fair to be important topics during the coming Legislature, will be given the attention of the leading agricultural and kindred organizations of the State at meetings to be held in Harrisburg during January. In fact the list of meetings scheduled is one of the largest in years and indicates that people interested in these lines propose to bring the problems attending agricultural conservation and advancement right home to the legislators.

The State Board of Agriculture will meet in the Board of Trade Building in this city January 26 to 28 and Secretary of Agriculture N. B. Critchfield expects the program to be the most important in years.

The Pennsylvania Breeders' Association, which has many of the leading livestock raisers of the country on its membership, will meet January 27 and 28, dividing its program between Haverhill and Pottsville.

The Pennsylvania Dairy Union will meet on the same dates with an impressive list of topics. Its meetings will be held at the Hotel Hamilton.

It is likely that several other organizations will meet here to discuss their problems and to suggest legislation. The State Board will have Governor M. G. Brumbaugh as a speaker and will actively urge the agricultural advancement bills.
