Old-Fashioned Winter
How often we hear this expression when Winter opens early, freezing rivers and streams and covering streets and roads with lasting snow and ice for sleighing.

An old-fashioned Winter is the severest kind of a test for coal, and if the fuel fails to deliver the heat needed something's wrong.

Don't take chances—burn Kelley's Coal and be comfortable in any kind of winter weather.

Kelley's Hard Stove at \$6.70 is making many furnaces give lasting and satisfactory heat.

Mayor of New York Uses Classified Ads

As a rule appointments to political jobs go by favor. When it came to the selection of a third deputy commissioner of charities for the city of New York, Mayor Mitchell and Commissioner Kingsberry departed from all precedent and advertised in the New York newspapers for a **BUSINESS MANAGER**—35 to 45 years of age, to superintend and direct a large force of employes, direct extensive construction work, organize and direct the work of the department of enormous quantity of supplies; only men of marked ability and good executive ability apply; salary \$5,000 a year; highest references required.

Three hundred replies were received and from them was selected George C. Thomson, who will handle a department which spends \$2,000,000 annually. The city of New York is satisfied. Mr. Thomson is satisfied. You can secure just as good results either in finding help or reviewing through the intelligent use of Telegraph classified ads.

How to Have the Best Cough Remedy and Save \$2 by Making It at Home

Cough medicine, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with ½ pint of warm water, stirred for 2 minutes, gives you as good syrup as money can buy.

Then get for your druggist 2½ ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with sugar syrup. This gives you a cost of only 54 cents, a full pint of really better cough syrup than you could buy ready made for \$2.50—a clear saving of nearly \$2. Full directions with Pinex. It keeps perfectly and tastes good.

It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs.

It's truly astonishing how quickly it loosens the dry hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with guaiaicol, and has been used for generations to heal inflamed membranes of the throat and chest.

To avoid disappointment, ask your druggist for 2½ ounces of Pinex, and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.
