Fishman transferred Nos. 1101-13 North Sixth, 604 Herr and 1102 Grape street to Fesser for \$22,500 while Fesser turned over to the Fishmans Nos. 923 North Third, 1725 State, 1633 Regina and 255 South Eighteenth street for a consideration totaling \$18,000.

### First and Last of the Year.—The last applicants to obtain a license to sell in 1914 were Charles Norman Bernheisel, Miles City, Montana, and Bessie Leona Swartz, city; the first of the new year were Joseph Tottl and Vera Kovacs, Steelton. These licenses were issued Thursday and to-day, respectively.

### Bonds Redeemed.—By noon City Treasurer O. M. Copelin had redeemed in the neighborhood of \$150,000 of the \$192,500 worth of city paving, grading and water bonds that were due to-day. About \$30,000 was also paid out by the city for interest on bond coupons.

## REGISTER NETS THE COUNTY NEARLY \$360

Roy C. Danner Completes Splendid Report; Saved Much Money; Holler's Report

Dauphin county netted \$354.42 as its share of excess fees earned by Register of Wills Roy C. Danner, according to his report for 1914 completed to-day. The check will be turned over to the County Treasurer on Monday.

The past year was much more lucrative for the county and the Register than 1913, but less than 1912. Register Danner shows that his total receipts were \$4,221.87, and his expenditures—including \$213 for advertising 166 accounts, \$100 for attorney's salary, \$1,200 for deputy register's salary, and \$2,000 for his own salary—totalled \$3,513.06. This left total excess fees of \$708.81. This sum is divided, the county and the register sharing alike on a fifty-fifty basis. During the year 1917 wills were probated, 158 letters of administration granted and 166 accounts of guardians, in his, were passed upon.

In his annual report Mr. Danner included a brief resume of his three years' service to the county. In all paid out by the county for interest on accounts were filed, at an expense of \$653.58. Under the old method of advertising this would have cost the county \$1,275, but Register Danner inaugurated a new system that included competitive bidding, which made it possible to save \$621.42. An additional saving in clerk hire, amounting to \$330, was also made in the three years.

Prothonotary Harry F. Holler today completed his report for the last quarter of 1914 for Dauphin county. The fines collected amounted to \$656; jury fees, \$96, and costs, \$1,453.24, a total of \$2,210.24. This sum runs Prothonotary Holler's total for the past year to the remarkable sum of \$9,512.77. The first quarter totalled \$2,959.70; the second quarter, \$2,119.05; the last quarter, \$1,193.78; and the last quarter, ending December 31, \$2,210.24.
