YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE. If cross, feverish or bilious give "California Syrup of Figs".

No matter what ails your child, a gentle, thorough laxative should always be the first resort. The little one's liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomachache, diarrhoea, constipation, cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of your little bowels without griping and you have a well, playful child again.

Mother can rest easy after giving this harmless "laxative," because it never fails to cure the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs"; then say that it is made by the "California Fig Syrup Company."—Advertisement.

SALT'S FINE FOR ACHING KIDNEYS. We eat too much meat which clogs kidneys, then the back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

Our simple must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

A Brumbaugh Rumor. Some of the rivals of Ambler said they would like to see the Doctor and talk it over.

"I have a good chance and I don't propose to be bowled out," said Mr. Baldwin. "If the Doctor comes I will be glad to see him."

Burgess Suggests Plan to Increase Protection Demanded by Taxpayers.

The appointment of the entire borough fire patrol as members of the police force for special duty will be recommended to the council by Burgess Wigfield in his annual report this morning. The appointment of an additional patrolman to fill the existing vacancy in the force will also be urged.

Burgess Wigfield's recommendation is one of the most far-reaching and progressive plans for securing the increased police protection demanded by the taxpayers recently.

The burgess explains in his report that three patrolmen cover the entire town at night and that during the past year there has been an average of one beat unpatrolled for 230 days. He further explains that there are great demands on the force for special police protection at celebrations of various kinds and that when this protection is granted the entire borough is often without any patrolmen on their regular beats.

While he will make no recommendation as to the pay these special officers would receive, it is understood that they would be paid only when actually on duty.

TWO OF THE SPEAKERSHIP CANDIDATES. [Continued From First Page]

R. P. HARGOOD. Candidate for Speaker of the House.

Five Candidates For Speakership. appeared to be disturbing a good many of the members elect and they failed to get much to assuage their anxiety out of the smiling Mr. Ambler or from any of the other candidates for the nomination. There were many whispered conferences in the headquarters, which, by the way, were interestingly located. Mr. Baldwin was in the room whence the Alter fight was directed two years ago and Mr. Wilson had the headquarters of Senator Penrose in bygone days. Mr. Ambler and Mr. K. Scott when he made his fight last session and Mr. Habgood was in a close to the Commonwealth small parlor where so many things have happened.

One of the stories was that the allies, as the anti-Ambler men were called, would issue a defiance and that they would insist on the naming of a committee on committees to select the places, as was done last year to clip the wings of Speaker Alter and which was much appreciated by him, incidentally. No one seemed to want to father the story and the Ambler people laughed at it.

Another story was that the Allegheny members, who were belligerent last night over Ambler, would be for him provided they got the chairmanships of appropriations, health and sanitation and law and order. Lackawanna also appeared with a boom for him. Mr. Habgood, senior member of the Republican side and of the appropriations committee, for the appropriation chairmanship, and friends of E. R. Cox, of Philadelphia, were boomed for him. Many other things were carried on the breeze.

Some of the anti-local option men were inclined to be warlike because they were so sure that Dr. Brumbaugh, but they pulled in their horns this afternoon. Alter was a local optionist and Williams is a proponent of the local option.

State Chairman Crow who got in last night, reasoned with Baldwin for a time to-day and saw many other men of prominence. Senator W. C. Sprull of Chester, was another prominent figure. Men from all over the

What We Say It Is, IT IS. In 20 Years Diamond Prices Have Advanced 200%.

The London Syndicate, which takes the entire output of the DeBeers Mining Company and controls 88 per cent of the world's Diamond supply, has received more money for each shipment during 20 years than the previous shipment brought. August 1 the DeBeers Company closed its mines and the London Syndicate has refused to sell a single diamond since that date. You can expect Diamond prices to advance constantly for many years after the war is over. You will never again be able to buy fine quality, perfectly cut diamonds so cheaply as you can now at Diener's. Each Diener Diamond is guaranteed as to quality, color and weight.
