WOOLEN LEGGINGS FOR HIGHLANDERS

Carlisle Women Knitting Protectors For Bare Knees of Scotch Soldiers

Carlisle, Pa., Jan. 5.—Animated by the tales of suffering in the trenches of Flanders, fifty society women of the town have engaged to knit legging for the Scotchmen of the King's army. Application has been made here by the members of the Scotch-Irish Society for women to take part in the movement by which 15,000 pairs of leggings will be sent the Highlanders within two weeks.

The movement here is in charge of Mrs. Edward Biddle, prominent in social and civic work throughout the State. Fifty women are each to work on the woolen coverings which will protect the Scots in that part of the anatomy which the national dress leaves bare.

In addition a movement is in progress here to send clothes to the Belgians. Recently several boxes of mittens, mufflers and the like were dispatched to the National Red Cross Society for distribution to the wounded soldiers of either side.

Maus is in charge of the cutting for the United Ice and Coal Company and an average of eighty cakes per minute are taken from the water.

BABY HAD KIDNEY TROUBLE

I am pleased to write you that your Swamp-Root has done great things for me and my son.

My son was about nine months old when he was taken sick and the doctor who attended him said he had kidney trouble in the worst form and would not live only a short time. We gave him your remedy for about two months and to-day he is as well as any child of three years, and I cheerfully recommend Dr. Kilmer's Swamp-Root to all who are afflicted with kidney, liver or bladder troubles.

Wishing you success, I remain,
FRANK DUFFY,
Silver Springs, N. Y.

Personally appeared before me this 14th of September, 1909, Frank Duffy, who subscribed the above statement and made oath that the same is true in substance and in fact.

Poke Around the Furnace

Much coal is wasted and much heat is lost because of failure to go down in the cellar and poke around the furnace to get acquainted with it. How do you expect your furnace to give best results if you don't know the kind of coal that is best suited to it.

If you would practice economy in coal consumption know your furnace and know your coal.

Kelley's Coal Service will help you solve your heating problems with good practical advice and good coal.

If it's coffee that is causing your nervousness, headache, heart flutter, biliousness, or sleeplessness, and you want to keep on with these troubles another year, why—stick to coffee!

(It's an established fact that the poisonous drug, caffeine, in coffee causes these and other ills.)

But if you want to know the joys of freedom from coffee troubles, quit coffee and use
