## Little Mary's Essays

By DOROTHY DIX.

Dancing is the funny way people act when they have fits to music.

If you would go out on the street where there isn't any music and jump up and down, and kick out sideways, and move around and round in circles, every one would say, "Poor creature! Bughouse for sure!" And the police would come and call an ambulance and take you out to a hospital.

But when you dip and duck, and kick, and go round and round where there is music every one says, "How graceful, and what a beautiful dancer."

This teaches us that it isn't what we do, but where we do it that gets us a black eye or the glad hand.

My teacher says that in the Orient rich people do not dance, and that they hire poor girls to do their dancing for them, just as we hire a scrub-woman to come in and mop our floors.

But Americans are very industrious, and they do their own dancing without ever whining or complaining about the severe labor it entails upon them.

There are many curious things about dancing. One of them is that a frail, delicate little woman who cannot walk the baby when it has the colic for five minutes without having nervous prostration, and who would scream if anyone should be cruel enough to her to ask her to wash the dishes, can dance forty miles an evening without feeling the slightest fatigue.

Another curious thing about dancing is that when a gentleman is dancing with a lady it is perfectly proper for him to put his arms around her and hold her hand, although she would be shocked to death if he were to do so when they were not dancing.

I do not know why this is so, but it is so.

My grandmother says that in her day only the young people danced, but now everybody's doing it and the click of the bones of the old and rheumatic when they do the hesitation sounds like castanets. You can hear it above the music at any afternoon The Damsel.

People seem to like to go to the circus to see the performing elephants and the trained seals, but now they prefer to go to a restaurant where they have tea dances, and see fat old ladies in gentlemen with bay windows, trying to do the fox trot. It is much more amusing, and the funnier people look dancing the more they do it.

Oh, how kind fat ladies and gentlemen are to make spectacles of themselves for us to laugh at!

When a new dance comes out everybody says, "Oh, isn't it awful," and the preachers preach sermons against it, and then everybody goes and pays ten dollars a lesson to learn how to do it.

Dancing is a lucrative profession to men and women, whose brains are located in their heels instead of their heads, to make a living. A dancing teacher used to be looked down upon, but now everybody respects him more than they do a Supreme Court Judge. Also, it doesn't matter what sort of a complexion or disposition a girl has so long as she can dance the lulu-fad—she does a paper the walls of a ball.

When I grow up I am going to be a swell dancer, and then I shall be a belle and marry an old millionaire with the gout.

# WHERE TO FIND NATIONALLY ADVERTISED GOODS.

The World's Best Merchandise In and Near

## HARRISBURG, PA.

Merchandise that will bear national advertising has to have exceptional merit, else the manufacturer could not afford to spend large sums of money for the advertising, and to attach his name and reputation to an article that was not extraordinarily meritorious, for it is the repeat sales that he depends on. It is therefore quite evident that when an article is nationally advertised and nationally sold, year in and year out, year after year, it is exceptionally good goods to stand the test and prove worthy of continued sales and growth. It is conceded by experts that when an article is advertised generally—nationally—it is the best possible product. The wise always, in consequence, prefer nationally known goods and ask for what they want by name. Read the magazines and keep posted on nationally advertised goods.

## RINGWORM ON CHILDREN'S HEADS

Spread, Itching Terrible, Had Hair Cut Close, Used Cuticura Soap and Ointment, In Two Weeks Trouble Disappeared.

69 W. 133rd St., New York City.—"The trouble my children had began with several large, round, whitish patches on the crown and back of the head which I thought were dandruff but on closer examination I discovered that they were ringworms. As time elapsed they began to spread and the itching was terrible. The scalp was of a whitish color resembling a patch of dandruff and when the comb was applied it would bleed. The itching was terrible and it was the scratching that caused the trouble to spread. I had the hair cut close.  
"After three months' use of different remedies without any success I was told of Cuticura Soap and Ointment and decided to give them a trial. I had the scalp well washed with the Cuticura Soap and then dried the head after which I rubbed on the Cuticura Ointment. Within a week I saw marked signs of improvement and in two weeks the trouble had completely disappeared on all three children." (Signed) T. Elson Shoy, August 5, 1914.

## TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Back-achy or Have Bladder Trouble

Meat forms uric acid, which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels, removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.  
To neutralize these irritating acids and flush out the body's urinous waste from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate the kidneys, to stop bladder irritation. Jad Salts is inexpensive, harmless, and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Advertisement.

## GERMAN CRUISER SUNK IN RUNNING BATTLE

(Continued from First Page.)

terday means the triumph of their long-lingering confidence in their big gun fleet and it calms the fear of the east coast of frequent repetitions of the Hartlepool and Scarborough raid. Sir David Beatty, the youngest admiral in the British navy, has become the most popular hero of the war.

The German official report on Sunday's action admits the sinking of the cruiser Bluecher, but offsets this loss with the assertion that "according to information available, one British cruiser was sunk." This statement has been directly denied by the British admiralty, which says clearly: "No British ships have been lost."

Increased Vigilance  
This engagement keeps up the reputation of the present war for Sunday fighting, which has been so frequent both on land and sea that Sunday has now come to be a day of increased vigilance rather than of relaxation.

An attempt by a German cruiser squadron to repeat the attack recently made on Scarborough, the Hartlepool and other British coast towns, was frustrated by the British patrolling squadron, and in a running fight the German armored cruiser Bluecher was sunk and two German battle cruisers were seriously damaged.

The British ships suffered only slight injury. So far as is known, only 123 of the Bluecher's crew of 885 were saved.

A battle also occurred between the light cruisers and destroyers accompanying the bigger ships, but the result of this engagement has not yet reached the admiralty.

The British were superior in ships engaged, weight of armament and speed, and the flight of the German ships into the mine and submarine-infested field possibly saved them from further losses.

## BERLIN STATEMENT SAYS BRITISH SHIP WAS SUNK

By Associated Press  
Berlin, Jan. 25 (via London, 11:35 A. M.)—The following official announcement on the naval engagement in the North Sea yesterday was given out in Berlin to-day:  
"During the advance of our armored cruisers Saydlitz, Derflinger, Moltke and Bluecher, which, accompanied by four smaller cruisers and two flotillas of torpedo-boats, were steaming in the North Sea, these vessels became engaged with a British detachment composed of five battle cruisers, several smaller cruisers and twenty-six torpedoed destroyers.  
"The enemy discontinued the engagement after three hours' time at a point seventy miles west-northwest of Heligoland and retreated.  
"According to the information available, one British battle cruiser and one of our armored cruisers, the Bluecher, were sunk. All the other German ships returned to port."

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.  
Dr. Edwards, a practicing physician for 17 years and a calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.  
Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing, vegetable laxative.  
No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.  
If you have a "dark brown mouth" now and then—a bad breath—a dull, heavy, "weighed-down" headache—torpid liver and constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.  
Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists. Columbus, O.

## FATHERS SHOULD TELL SONS SOCIAL TRUTHS

O. P. Beckley Declares Those Who Do Not Are "Not Fit to Be Fathers"

C. J. Buckman, of the Senate appropriation committee.  
The league formed by representatives and borough antagonists of the Public Service Commission because of its attitude on home rule and public utilities under the act of 1913 has been called to meet here to-morrow. It is understood that protests against confirmation of the commission will be made to the Governor and the Senators.

The name of ex-Auditor General A. E. Sisson, of Erie, is being mentioned as a possible Public Service Commissioner.

Name of a water supply commissioner to succeed E. Focht of this city, recently elected a congressman and about to resign, will be sent to the Senate soon.

Much gossip about revenue bills is being heard and a dozen or more suggestions will be submitted to the Legislature.

Word received at the Capitol to-day was that while Senator Penrose was seriously ill at Philadelphia, his state is not critical. He was slightly better this morning.

## MRS. BURNS DIED

Mrs. Anne Burns, aged 78, widow of Samuel Burns, died at the home of her son, B. F. Burns, 213 State street, Saturday. Funeral services will take place at the home to-morrow morning at 10:30 o'clock, the Rev. Rollin A. Sawyer, rector of St. Stephen's Protestant Episcopal Church, officiating. Burial will be made in the Mount Peace Cemetery, Philadelphia. Mrs. Burns is survived by her son, B. F. Burns, of Burns & Co., and a daughter, Mrs. C. L. Myers, of Jacksonville, Fla.

## STOPS SHIFTER WITHIN FEW FEET OF PROSTRATE MAN

John Richards, 2554 Lexington street, nearly lost his life Saturday night when, while under the influence of liquor, according to the police, he strayed into the Seventh and Foster street freight yards and fell across the tracks. An engineer of a shifting engine which was bearing down on him, stopped within a few feet of his body.

## CLEAR AND MUCH COLDER

## FATHERS SHOULD TELL SONS SOCIAL TRUTHS

O. P. Beckley Declares Those Who Do Not Are "Not Fit to Be Fathers"

"It is up to you fathers to teach your sons the dangers of social impurity and the important truths of procreation," declared O. P. Beckley, teacher of the Men's Bible class of Derry Street United Brethren Church, in a practical talk before 300 men yesterday afternoon in the Sunday School session.

Mr. Beckley declared that any father who does not teach his sons these truths should be ashamed of himself and "is not fit to be a father."

"If you are hurt by my remarks," he said, "I hope God will hurt you still more. There are too many fathers—church members at that—who neglect these important duties of fatherhood and leave their sons to learn life's truths from the villains of the street. Go home and tell your boy the vital truths of his existence this very afternoon."

The Derry Street Men's Class is now the largest on Allison Hill and efforts are now being put forth to boost the membership from 300 to 500 before the close of the present year. The organization of a class orchestra and a men's chorus will be effected within the next three weeks. The orchestra will likely make its first appearance at the annual class banquet on the evening of February 22. The banquet committee of which Oscar Breneman is chairman, will make tentative arrangements for the event at a meeting Thursday night.

C. E. Founde to Come.—Among the prominent speakers who will address meetings during Christian Endeavor week will be the Rev. Dr. Francis E. Clark, founder of the Christian Endeavor. He will speak at the closing meeting, February 12.

## MALTRANS HEAR SERMON

The Rev. Harry Nelson Bassler Preaches to City and Steelton Men  
Knights of Malta of five Harrisburg commanderies attended services in a body at the Second Reformed Church last evening, when the Rev. Harry Nelson Bassler, the pastor, preached a special sermon on "True Knighthood or Modern Chivalry." Truthfulness, courtesy and thoughtfulness were pointed out as the first requisites of true knighthood, but the Rev. Mr. Bassler emphasized the fact that no true knight, even though he be endowed with these virtues, could fulfill his place in the world's scheme of things unless he be a follower of the cross.

The commanderies which participated in the service included Cincinnati No. 96, Baldwin No. 103, Star of America No. 113, Egyptian No. 114 and Nazareth No. 125. Many Steelton Maltrans attended, too. The guests marched into the church to the strains of "Onward, Christian Soldiers" and occupied a special block of pews in the front of the church. The Maltrans idea was prettily carried out in the program decorations, the booklets being cut in the shape of the cross of Maltese.

This is the one thing we are particular about—to see that you get good clean coal from us.

We have a man at each of our yards whose business it is to see that the right kind of coal is put into the wagons and also to see that the coal is nice and clean.

If you should at any time get something from us that is not exactly as you expected—let us know about it at once and we will immediately fix the matter up satisfactorily for you.

It is only by sending good coal, and clean coal that we can expect a continuation of your orders.
