COURAGE IS COMMON IN THIS WAR

London, Jan. 29.—Every Englishman knows how to die bravely. The Irish, Scotch and English soldiers face the bayonets on their rifles as though out on dress parade. It is the men who are sick and die in the trenches, or at home after an arduous campaign that our sympathy is directed to most. Thousands of such men behind the battle lines who went to the front without the strong constitution and good pure blood to withstand the deprivations, the hardships of the campaign in Belgium and France. It is a warning that we should pay strict attention to our stomach, liver and blood. If one is all out of sorts he should take an invigorating tonic and alterative such as Dr. Pierce's Golden Medical Discovery which cures diseases of the stomach and organs of digestion and nutrition. It eliminates from the blood disease breeding poisons. It makes the blood rich and pure, and furnishes a foundation for sound, physical health. Fifty years ago, Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., found that certain barks and roots manufactured by using glycerine without the use of alcohol or opiates, made into a concentrated extract, which he called Dr. Pierce's Golden Medical Discovery, made a stimulating tonic for the stomach, helped the digestion and assimilation of the food and eradicated poisons from the blood. This is nature's cure for indigestion, and by correcting the stomach, and thereby feeding the blood on pure materials, the body established in a healthy state. No one suffers from catarrh who has plenty of red blood corpuscles and a good digestion. Catarrh in all its forms is a stagnation of the blood. It is induced by pure red blood into the system by taking the "Medical Discovery" and health is assured.—Advertisement.

BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your child drench trouble you in this way. Don't blame the child—the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.
