

The Lowest Prices Ever Quoted For Books of Equal Value

Dives, Pomeroy & Stewart

16,000 Volumes Are Included in This Great Sale

Books 30 to 60% Off Present Bargain Prices

Every reader of newspapers remembers the awful crash of the H. B. Claflin Co. last summer, but it was not given to everybody to know that the Claflin Co. were leaders in the wholesale book business for eighteen years, and that they frequently published entire special editions of popular books at about half the price of the original editions.

The Claflin receivers ordered the discontinuance of their book department, and in consequence an immediate sale of the stock was begun, with the result that we were able to buy more than 16,000 volumes, all brand new books, at 30 to 60 per cent. below the Claflin bargain prices.

Harrisburg's Share of the Claflin Book Stock Goes On Sale Tomorrow, Fourth Street Aisle

A book event of such magnitude has never before occurred in the history of book selling, and the prices are far and away below the lowest prices for which such books have ever been sold. For instance: the "Every Child Should Know" series which, in the original edition, was 90c and \$1.20, and the special edition 50c, is now 35c a volume; "Beautiful Children by the Great Masters," originally \$5.00, is now \$1.50--and so on to the end.

Every item in the great Claflin stock is represented in this sale. Of some books there are not many,—so for those books it will be more to your interest to be on hand tomorrow rather than on Wednesday. But come when you can—you'll enjoy the enthusiasm that is bound to dominate the sale.
