Wednesday Club Secures Mlle. Sassoli and Herbert Witherspoon For Recital

Mlle. Ada Sassoli, harpist, who will appear with Herbert Witherspoon, basso of the Metropolitan Opera Company in a recital arranged by the Wednesday Club, Monday evening, February 15 at Fahnstock Hall, is not a stranger to Harrisburg music lovers, for she has been here twice before.

Beginning her musical studies at the age of seven in her native town, Bologna, Italy, she was so skilled with the harp at the age of eleven that she was permitted to play at public concerts. The youthful and beautiful girl attracted the attention of Nellie Melba in Paris and accompanied the diva on her tour of the United States, Canada, Australia and England.

She will return to Rome at the close of this season to fill a large number of engagements. One great critic says: "Ada Sassoli is a genius. Her technique is marvelous and through it there shines the inspiration of a musical soul." All classes of Wednesday Club members are privileged to attend this concert on presentation of their membership cards. Nonmembers may attend by the payment of one dollar, as usual.

American Made Music Is Sung by Leon Rice

"American made music, as well as American made goods, should find greater and more general appreciation in this country," says Leon Rice, the New York tenor who sings at Stevens Memorial Methodist Episcopal Church next Friday night. It is interesting to note that Mr. Rice is an ardent devotee of "singing in English" and "singing American songs." He is really one of the pioneers in this respect. The New York Musical America, in a recent issue says of him: "Leon Rice is doing a work for the American composer such as few artists can claim credit for; his program always containing a large list of songs written by Americans. Our nation owes him a great debt of gratitude." An interviewer quotes Mr. Rice as follows: "Americans spent five hundred million dollars each year for music. Most of this immense sum is expended in direct and indirect support of foreign made music. The artists from other countries are preferred above the ones of American birth. This condition works a grave disadvantage to the musical life of America because it keeps it more or less artistically dependent, and the native and resident musician who is deprived of his share in the musical activities of the country and in its financial rewards.

Says Every True Man Will Build Up a Home

All attendance records were broken for the year at the Sunday school session of the Men's Bible class of Derry Street, 230 members and visitors being present.

O. P. Beckley, one of the class teachers, gave a stirring message on "Home Building." Some of the things he told the men were:

"A home without children is not a home; it is a habitation."

"That man and that woman who have no children in their home are either unfortunate—or immoral."

"The man who's man enough to be a man either has built himself, a home, or is planning to build one."

"When you pick out a girl to be your wife, men, don't forget that you will have to sit across the table from her 35 or 40 years as long as you live. Beauty is nothing, it isn't everything. You must look beyond her dazzling eyes when you contemplate that holiest of bonds, matrimony. If you are not to be careful, as her face and form are beautiful men, be careful! If you would love your wife at 60 as you do in the honeymoon days, your wife's soul must be pure and clean and beautiful. That's far more important than the beauty of her face."

"If you want your wife, your boy, your girl, to be all that you idealize, men, do not fail to build a family altar where your loved ones will study the truths of love and righteousness."

The first appearance of a big male chorus and a newly organized orchestra, and a solo by Mrs. Gus M. Steinmetz, of Washington Heights, were features of the afternoon.

Thousands of Bushels of Wheat Being Held by Farmers in Berks

By Associated Press Reading, Pa., Feb. 8.—Reports gathered here from all over the Schuylkill Valley say that the farmers of Berks county, Pa., are spreading wheat to put out an enormous acreage of wheat—more than in many years. Hundreds of thousands of bushels of last year's crop are still on hand and those who have been holding grain for still higher prices are now making preparations to sell quickly.

The belief is becoming general among millers and dealers and is now spreading among the farmers, that there will be a sudden drop in the price of wheat. To-day's quotation hereabouts is \$1.60 per bushel.

WHAT TO DO FOR ITCHING SKINS

Eczema, ringworm and other itching, burning skin eruptions are so easily made worse by improper treatment that one has to be very careful. There is one method, however, that you need not hesitate to use, even on a baby's tender skin—that is, the resinol treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of resinol ointment and resinol soap. This proved so remarkably successful that thousands of other physicians have been prescribing it constantly for 10 years.

Resinol stops itching instantly, and almost always heals the eruptions quickly and at little cost. Resinol ointment and Resinol soap can be bought at any druggist's.—Advertisement.
