## POULTRY SHOW AND BOURSE AT DILLSBURG

### Farmers Institute Opens in Opera House With Interesting Features and Good Program

Dillsburg, Pa., Feb. 11.—Yesterday the farmers' institute in Dillsburg began a two days' session in the opera house. The subjects discussed were "The Work of the Farmers' Institute," by J. T. Campbell and "Orchard Pests and Their Treatment," by Vern T. Struble. During the afternoon session N. M. Patton talked on "Lime, How and For What to Use It," J. T. When and "Poultry Feeds and Feeding" and Mrs. Pearl McDonald on "Home Making as a Profession." The evening session was opened by songs by the Dillsburg male chorus. Vern T. Struble spoke on "Does the Farmer Need to Keep Posted?" Pearl McDonald on the "Aim and Scope of Home Economics," followed by an illustrated lecture on poultryhouses and fixtures.

An interesting feature in connection with the institute is the poultry show and bourse. Among the poultry exhibitors are John H. Sheffer, George Kinter, Howard Reack, Harper Mayberry, Charles Lehmer, Bruce Klugh, Harvey Albert, Clarence Kimmel, W. H. Shriver, J. Paul Smith, W. S. Lerew, Dea Wolf, Levi Finkel, W. P. Dear-dorf. Those exhibiting dogs are R. L. Nesbit, W. H. Sidle, Paul Smith, H. M. Evans and Howard Reack. The bourse is made up of display booths of various merchants, including W. S. Sheffer, J. L. McCreary, bakery; Kapp and Seibert, W. H. Shriver, R. L. Nesbit, Samuel Baker, J. A. Smith, the Dillsburg Commercial School. The bourse and antiques parties also have booths from which literature and buttons are distributed.

## Peculiar After Effects of Grip This Year Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with this epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a run-down condition, particularly the kidneys which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to serious kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50c. and \$1.00.—See sale at all druggists. Be sure to mention this paper.—Advertisement.

## Donation Night Brings Loads of Provisions to Miller Tabernacle

Mechanicsburg, Pa., Feb. 11.—Unable to resist the pleading and telling shots of Evangelist Miller's sermons, fifty-four persons surrendered their lives to Jesus Christ last night at the Miller tabernacle. The scene was an impressive one, when the Rev. Mr. Miller again invited people forward. Without personal solicitation, and immediately, while there was silence over the congregation, a young man from the extreme rear of the tabernacle started, without hesitation, up the aisle. He was followed by another, and another until the evangelist stood surrounded by a throng, among whom were well-known businessmen with their wives, entire families, and men well along in years, all eager to announce their determination to lead a new life. Evangelist Miller preached from the text, "Who then can be saved?" and declared that "Jesus Christ put Bethlehem on the map, and he is now putting Mechanicsburg on the map." "A man shows how mediocre and infinitesimally small he is when he sneers at Jesus Christ." It was a scene of the most impressive front of the tabernacle was stacked with provisions, that, with the money received, was estimated to amount to the sum of two hundred dollars. This will be used for the purchase of a tract society for distribution. During the musical program Professor Hozzatt had the choir sing "Lead, Kindly Light," while the building was darkened, and an illuminated sign flashed out prominently on the altar draped with the American flag. One old man, aged 86 years, has been coming to the tabernacle a distance of twelve miles, which he drives some time. Yesterday afternoon Mrs. Bowman gave a reading to the unemployed women at the home of Miss Mary Clark.

## PRISONERS ATTEMPT ESCAPE

Inmates of Chambersburg Jail Fail Through Watchful Official  
 Chambersburg, Pa., Feb. 11.—Escape of a score of prisoners from the county jail Tuesday night was frustrated when Deputy Sheriff Ellsworth Kuhn saw through the window bars sawed through and a number of blankets to aid in the escape sewed together. The instrument used was a pocket knife, which had been converted into a saw. The jail officials knew that ever since "Bill" Barnes, convicted of having shot and killed Policeman William Daywalt at Mechanicsburg, was taken to the penitentiary, he had been somewhere in the jail. Frank Keckler, awaiting transfer to the Eastern Penitentiary, was discovered to have been the prime mover in the plot, having the assistance of Howard Winger, a convict, and Wallace. Winger was taken to the Huntingdon Reformatory yesterday and Wallace and Keckler placed in the department with Wallace. Keckler and Winger, among them John Lizer, who has served a penitentiary sentence.

## VICTROLA KILLS COLLIE

Animal Dies From Excitement and Fright After Hearing Music  
 Hagerstown, Md., Feb. 11.—Held before a victrola, a big collie belonging to Miss Jane Detrick, of New Market, literally heard "his master's voice" and was called to dog heaven. The dog died in an hour after being forced to listen to the music. Miss Detrick had just purchased the machine and was trying it out. She wanted her pet to hear the music and held the animal before the instrument. The dog whined piteously and finally wriggled in front of the victrola. After getting loose the collie raced through the house, chewing its paw. Thinking that the dog had gone mad, Miss Detrick sent for a veterinarian, who pronounced the dog was killed by a high-strung animal, had died from excitement and fright.

## CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It breaks down the general health, weakens the lung tissues, and leads to consumption. Hood's Sarsaparilla is so successful in the treatment of catarrh that it is known as the best remedy for this disease. It purifies the blood. Ask your druggist for it.—Advertisement.

## THE WAY TO ABOLISH OLD DRINKING PLACE

### Anti-saloon Forces of Snyder County Buy Hotel and Will Withdraw Application

Selinsgrove, Pa., Feb. 11.—The anti-saloon forces of this county sprang a surprise on their opponents when it was learned that the sale of the Washington House, at Middleburg, the only licensed saloon in the county seat, had been bought by that body. Men who are opposed to the licensed sale of rum at Middleburg started a movement to incorporate a hotel company that would manage a no-license hotel at that place and the application to finance the proposition. Instead of buying ground and erecting a new hotel, they had agents buy the present hotel and the application now pending for license will be withdrawn at the opening of license court on Friday.

## THOUGHT HE HAD CHRONIC DYSPEPSIA

But Now Eats Corned Beef, Cabbage, Pork, Onions and Mince Pie For Dinner and Never Feels a Pain

Do you belong to the "No thank you" society of the dinner table where the mere sight of certain foods makes you feel the pain you know ought to be yours if you ever ate them?

Corned Beef, Cabbage, Pork, Beans, Onions, Turnips, are all good, healthy, strengthening foods and a strong, healthy stomach can always digest them. Lawton, Stutz, and back and simply won't work on such strong fare it's folly to fall back on artificial digestors that push the food through whether the stomach wills or not.

What a weak, easily upset stomach really needs is not a digestive aid, but a stomach strengthener. Any reliable physician will tell you it's dangerous to continually dose the stomach with peptic digestors and the like. His own prescription will act on the stomach instead. No physician ever wrote a better stomach prescription than that embodied in the famous MI-O-S-A Stomach Tablets that H. C. Kennedy and most every other druggist in this vicinity sells with the positive guarantee that they must put a complete and lasting end to stomach misery or money back. MI-O-S-A strengthens the walls and muscular fibers of the stomach and induces prompt normal working of your own stomach machinery. It gives relief in ten minutes to all the common and uncomfortable symptoms of sour indigestion, belching, burning, bloating, shooting pains, etc. and in a few weeks will put the stomach in such a clear and perfectly healthy condition that it can accept of the most substantial boiled dinner without the slightest effort or distress.—Advertisement.

## STORY RITEN

By the Messenger Boy

One of the fixtures of Harrisburg is the Susquehanna river which has been running steadily since the first log cabin in 1707 and a long time before. It takes the form of the Pennsylvania railroad, which gets held up with floods and blizzards; or the police department, which sometimes gets stuck in the mud; scraps of the city councilmen who sometimes lock the doors; or the mud flats in the slack water of summer; but the wall isn't bent by the ice and I guess it will stick all right.

The new wall is a fine edge to the city limits and makes us look respectable to people coming to see us from Washington, Baltimore, and York county. It will make a fine pom-ernid walk on moonlight nights, and when the stars are twinkling overhead, will be a popper place for spoony people and lovers to lope upon.

No doubt it will help to increase the population of the city, which is the almost standing still, according to Dock Raunick, the officer who looks after the birth rate of new babies. A walk along the river wall on a soft and hazy night while the breeze blows the smells of strawberries and roses from the other side, will be the best kind of indocement to hesitating lovers and fellows on the brink of propositions.

I would suggest that the city fish the job by putting a iron fence along the lower step of the wall so that a while spoonid doesn't rot to the bottom and slide in the river and bedrowned. Such a thing would be a skandal to the commissionars.

### BROUGHT VOTES "LIKE JUNK"

More Testimony Taken in Bradbeck-Beates Contest at York  
 Special to The Telegraph  
 York, Pa., Feb. 11.—That voters were bought "just like junk" on election day in the Twelfth ward was the testimony of Jacob Ross at the hearing yesterday in the Bradbeck-Beates election contest.

"I never knew there were so many persons who couldn't read and write and had to have assistance in marking their ballots as of last November," continued the witness. On cross-examination Ross admitted that Democratic leaders as well as Republicans assisted voters in making their ballots. Witness testified that Lewis C. Elliot, a Republican, and Samuel Hays, a Democrat, had assisted in counting the vote in the Fourth ward, neither of whom, however, was a member of the election board.

### GIRL COASTER INJURED

By Associated Press  
 Newport, Pa., Feb. 11.—A sledding accident occurred in Market street in which Miss Mary Catherine Davis, daughter of Mr. and Mrs. W. Davis, was injured. Miss Davis and party had come down on a bobbed and, returning, had hitched to a sleigh which was rolling up the hill. Another fast-moving bob ran into them, striking Miss Davis, who was sitting on the sled, injuring her right leg and throwing her with great force from the sled.

### RHEUMATISM A MYSTERY

Some diseases give immunity from an other attack but rheumatism works just the other way.

Every attack of rheumatism invites another. Worse than that it reduces the body's power so that each attack is worse than the one before.

If any disease needs curing early it is rheumatism, but there is almost no disease which physicians find more difficult to treat successfully. When a medicine does help rheumatism, nobody knows how or why it does it.

All authorities agree that the blood becomes thin with alarming rapidity as rheumatism develops. Maintaining the quality of the blood therefore is a reasonable way of preventing and combating rheumatism. That it works out in fact is shown by the beneficial results in the treatment of rheumatism, acute, muscular and articular with the blood tonic, Dr. Williams' Pink Pills.

That hundreds who take Dr. Williams' Pink Pills for rheumatism get well is a fact beyond dispute. That the rheumatism does not return as long as the blood is kept rich and red is equally true.

Write The Dr. Williams' Medicine Co., Schenectady, N. Y., for the free pamphlet "Building Up the Blood" and kindly mention this paper. Your own druggist sells Dr. Williams' Pink Pills.—Advertisement.

## UNINVITED GUEST AT TABLE

### Tramp Could not Resist Tempting Meal and is Arrested

Columbia, Pa., Feb. 11.—A big, burly looking tramp, who gave his name as Frank Falt and his home Ohio, walked into the home of Reno Cover, in Union street, last evening and finding Mrs. Cover and three children seated at the supper table he sat down with them and began to partake of the meal. As he had not received an invitation to the meal his presence was not desired and the woman notified a neighbor of the presence of her guest. She in turn summoned a constable, who placed the stranger under arrest and locked him up in the station house. Justice Lutz gave the man a hearing this morning and committed him to jail on the charge of vagrancy. The man said he was hungry and wanted a meal and could not resist the temptation to help himself when he walked into the house and found the woman and children eating.

## Relief for Catarrh Sufferers Now FREE

You Can Now Treat This Trouble in Your Own Home and Get Relief at Once.

How the Remedy for Catarrh Was Discovered.

THIS terrible disease has raged unchecked for years simply because symptoms have been treated while the cause of the trouble has been left to circulate in the blood, and bring the disease back as fast as local treatments could relieve it.

C. E. Gauss, who experimented for years on a treatment for Catarrh, found that after perfecting a balm that relieved the nose and throat troubles quickly, he could not prevent the trouble beginning all over again.

On test cases, he could completely remove all signs of Catarrh from nose and throat, but in a few weeks they were back.

Careful experiments and investigations have shown that as the troubles were expelled from the nose and throat, the real cause of the disease was overlooked and in a short time the Catarrh would return stronger than ever. Mr. Gauss has gone way ahead of the ordinary methods of treatment and has provided a remedy that
