

GERMANY WILLING TO NEGOTIATE WITH GREAT BRITAIN

Count Bernstorff Presents Note From His Government to State Department

BRITISH STEAMERS ARMED

Ambassador Says Great Britain Must Allow Food to Be Sent Into Germany

Washington, Feb. 15.—Count Bernstorff, German ambassador, to-day presented to the State Department a note from his government announcing that Germany stands ready to consider re-cessing the blockade of the coast of Great Britain...

The note declares that Germany's plan to attack British merchantmen was a retaliatory measure adopted because of the more comprehensive international law by Great Britain in trying to starve the non-combatant population of Germany...

The German note adds that the Berlin government has information that English merchant vessels are being armed and have orders to sail in groups for protection...

It was stated that the note was not a reply to the recent American note to Germany in regard to the war zone decrees...

Today's note from Germany, it was pointed out, constitutes a sort of intermediary reply, possibly presented to this government because of the fact that the date when the war zone decrees go into effect February 18, is so close at hand.

HICKOK WORKS ARE BOUGHT BY STATE

The transfer includes No. 717 North street, the northwest corner of State and Poplar streets extending clear through to North alley and the large manufacturing plant site extending from North street to the north...

Some years ago the Hickok interests secured a large property several blocks north of its present site on the east side of the railroad where a big plant will be erected.

Acquisition to the Hickok plant leaves only 100 properties to be bought to complete Capital Park Extension. They include some churches, the Fourth street market and the Cooper works.

Thurston, M. D. Houck. The aim of the officers and committees is to bring the membership up to 100 by the first of June and 300 by the end of the year.

NEWVILLE COUPLE MARRIED

Newville, Pa., Feb. 15.—Thinking Lincoln's birthday a good time to fool his fellow employes in the First National bank and other friends, Carroll O. Getter, a station teller in the bank, and Miss Chloé Myers, slipped quietly away to Hanover on Friday and were married by the Rev. George N. Nicely, a former pastor of Zion Lutheran Church, Newville.

The bride is the only daughter of Mr. and Mrs. Charles Myers, and has a host of friends. The groom, who is a son of Mr. and Mrs. St. Elmo Getter, is a very popular young man.

STRIKING MINERS BARRED

Hazleton, Pa., Feb. 15.—Ex-United States District Court Judge George Gray, of Wilmington, Del., the new umpire named by the anthracite mine conciliation board to adjust grievances between the operators and their men on which the peace body cannot agree, to-day rendered a decision that bars strikers from any standing before that tribunal.

WHEAT GOES UP TO \$1.59 1/2

Chicago, Feb. 15.—Renewal of European purchasing amounting to millions of bushels ran up wheat prices to-day. The session was half over to-day more than five cents a bushel had been added to the final values of last week, May wheat rising to \$1.59 1/2, as against 154 1/2 at the close on Saturday.

THIRTY-FIVE COFFER WATCHDOGS READY FOR BANQUET

Thirty-five coffer watchdogs of Pennsylvania will gather at the Harrisburg Club to-morrow in annual convention...

The plan in brief is to credit each pupil with a certain number of marks for the various chores he or she does at home. This is in the thrifty, neatness, cleanliness, domestic science, observance of health rules, etc.

The most important session will be held beginning at 8 o'clock to-morrow evening when Mayor K. Royall will make an address of welcome. Among the speakers will be Congressman A. R. Rupley, "Farmer" William F. Creasy, Ira M. Hart, who is president of the association; E. E. McCurdy, a Lebanon lawyer; George A. Dechant, of the J. L. Case Threshing Machine Company; Representative J. Spanier and C. M. Connelley, and J. B. Parker, of the American Threshermen.

Some of the speeches will have bearing on the efforts the association is making to have repealed that section of the automobile law of 1913 which places certain restrictions on the use of traction engines on State highways.

The Tuesday afternoon meeting will be taken up chiefly with addresses by J. A. Frazee, and J. B. Parker, who will discuss "What Our Organization Has Done" and "What Organization Has Done For the Threshers of the State."

The Wednesday session will be devoted to the reading of reports, election of officers, addresses by representatives of farm machinery companies, and a general discussion of various subjects including the insurance of threshing machinery.

At various times during the convention there will be a raid Saturday night, the following year.

Building fire in morning, milking cow, gathering eggs, feeding and watering chickens, feeding two cows, sweeping one room, making bed, carrying day's coal supply, pumping and carrying in two buckets of water, driving cows or horses, cleaning a lamp.

Two credits are allowed for the following: Cleaning a barn, currying horse, feeding hogs, providing hay for team, churning butter, polishing stove, making biscuits, placing table, dusting, ironing, washing and drying clean separator, baking pie or cake.

Wiping or drying the dishes will net one to three credits, while four credits will be allowed for scrubbing the tubs and keeping nails clean and splitting and carrying in day's wood supply.

Washing and drying the dishes may net one to six credits, while plans for practice and bathing are in the same class. To net ten points one must bake bread, mow the lawn or deposit a dollar in the savings bank, while twenty credits are allowed for doing the family wash.

LEAVES SERVICE OF STATE TO PRACTICE

Mr. Cunningham was appointed to fill the office of Assistant Deputy Attorney General in 1912. He was prominently mentioned for Attorney General, Public Service Commissioner and counsel to the commission and was asked by Governor Brumbaugh to remain in the place he has filled so conspicuously, even at an increase of salary, according to Capitol Hill rumors, but the opportunities offered in private practice proved more attractive and he will leave the State service.

Mr. Cunningham's letter of resignation follows: Hon. Martin G. Brumbaugh, Governor, Harrisburg, Pa.

My dear Governor: I hereby respectfully tender to you my resignation from the office of First Deputy Attorney General, to take effect March 1, 1915.

In this connection I desire to express to you my sincere appreciation of the honor you have done me in requesting me to continue to serve in said office during your administration, and to assure you that the sole reason for my resignation is a desire upon my part to devote my entire time and attention to the general practice of the law in a private capacity.

Yours sincerely, J. E. B. Cunningham.

Governor Brumbaugh replied as follows: Honorable Jesse E. B. Cunningham, First Deputy, Attorney General, Harrisburg, Pennsylvania.

My dear Sir: It is with regret that I acknowledge your letter of February 13, resigning your position as First Deputy Attorney General. Your decision being final, I am obliged to ac-

HOME CHORES TO BE CREDITED TO PUPILS

Superintendent Shambaugh Is Advocating Plan For Novel "Home Work School"

Inauguration of a "home work school" for the rural district of Dauphin county is being planned by Professor E. E. Shambaugh, county superintendent of schools...

The plan in brief is to credit each pupil with a certain number of marks for the various chores he or she does at home. This is in the thrifty, neatness, cleanliness, domestic science, observance of health rules, etc.

27 MEMBERS TO GEAR UP FOR WORK

Zion Lutheran Organized Bible Class Holds Annual Memorial Service

"Gear your religion to your every day job," Dr. E. E. Campbell told over a hundred members of the Men's Organized Bible class of Zion Lutheran Church during his talk at yesterday's session.

The members of the committee appointed by the president are: Percy I. Beltz, William C. Beideman, Marion Gerber, the Rev. S. W. German, Paul Shantz, Luther M. Bowman, William Breiting, J. W. Leonard, W. F. Martin and Ralph L. Brown.

Washington's birthday next Monday will be observed in the first Zion Brotherhood. A meeting will be held at 8 o'clock, to be addressed by Captain George F. Lumb, deputy superintendent of State Police.

Because of increased demands from unemployed men for work, the president of the class, Dr. E. E. Campbell, enlarged the employment committee of the organization. This committee has been active since the class was formed five years ago, and has been the means of securing work for many applicants.

WIVES, MOTHERS AND SISTERS OBJECTORS

Recently had the privilege transferred from John A. Haas. The only other remonstrance that will be filed so far as courthouse circles are concerned is that of Mrs. Harry Eckinger for the Paxton Inn.

The general remonstrances are backed by the No-License League. For the last several days the Rev. Alvord Kelly, its representative, has been carefully examining the lists of applicants.

The Lenkerville bottling establishment is just across Wisconsin creek from Millersburg. The remonstrants include 273 men and 255 women of Millersburg and 75 men and 34 women of upper Paxton township.

The applications for the granting of the privileges for the sale and brewing and bottling of alcoholic liquors in Dauphin county will be heard. The law allows the granting of licenses to expire within three days of license court.

In the low lying quarters the people have been driven from their homes or have had to leave their homes. The military authorities have taken cognizance of the situation and troops were sent to aid in rescue work and to provide food to sufferers out of their supplies.

In Rome the water is more than 10 feet out of its normal banks and is rising at the rate of two inches an hour. The one bright spot in the situation is that the weather, early to-day, showed signs of clearing, and this gives hope that the water will soon recede.

The commission very strongly recommends the placing of all dependent and delinquent children under the supervision of the county. The commission should have greatly enlarged powers of supervision over their care, education and treatment.

The present county jail system is an expensive and inadequate method of dealing with the nation's criminal problem. The commission, which urges that it be replaced by a system of district industrial farms where prisoners should be made to work at healthful occupations, and that the number of living in ignorance and idleness, the present county jail should be a place of detention. In connection with this subject the commission strongly urges the abolition of the so-called short-sentence, and the substitution of an indeterminate sentence, and the further extension of the principles of probation and parole.

CONSTRUCTIVE LEGISLATION AND A SYSTEM OF GENERAL DISPENSARIES IS SUGGESTED

The commission was composed of Colonel P. C. Boyle, Oil City; Judge Isaac Johnson, Mead; Thomas J. Lynch, South Bethlehem; and Dr. Samuel G. Hays, State College. The health; Dr. Frank Woodbury, the State lunacy expert co-operating with them. The report is one of the best of the kind ever made in the country, and affords a comprehensive view of the report issued last night strongly urges the enactment of a compensation law as a means of cutting down many claims upon the bounty of the State. Another important recommendation is for a series of general dispensaries.
