Connell are making efforts to procure an appropriation from the State for the purpose of restoring historic Fort Hendricks to its former condition. The ancient fort is a stoutly-built log structure, located in the center of a wide meadow and was one of the outposts in colonial days. A bloody massacre of whites took place about this fort in the days when the Redskins were on the warpath. An effort may be made to have the site taken over by the State.

Help the Stomach Digest Your Food
When the stomach fails to digest and distribute that which is eaten, the bowels become clogged with a mass of waste and refuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.
Most people naturally object to the drastic cathartic and purgative agents that shock the system. A mild, gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not gripe or cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial bottle write to Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

DIETING TO KEEP WELL

Some people are born with a tendency to certain diseases. What they eat either aggravates this condition or tends to correct it.
Anybody can see the importance of a proper diet, but human beings, unlike the lower animals, lack the instinct that tells them what to eat and what to avoid.
It is a fact that proper diet and a good tonic will keep people well under most conditions and restore them to health except in acute diseases where the need of a physician is imperative.
Start to-day by writing to the Dr. Williams' Medicine Co., Schenectady, N. Y., for a copy of the diet book, "What to Eat and How to Eat." It is full of useful information and describes the tonic treatment with Dr. Williams' Pink Pills for indigestion, nervous dyspepsia, for those conditions of flatulency or gas on the stomach, discomfort after eating, caused by lack of tone in the digestive organs. Dr. Williams' Pink Pills supply the stomach with well-oxygenated blood without which good digestion is impossible. Dr. Williams' Pink Pills are a non-alcoholic tonic and are free from poisons.
A short course of treatment with these pills will show in an improved appetite, better digestion, refreshing sleep and quiet nerves. Your own druggist sells Dr. Williams' Pink Pills.—Advertisement.
