HOUCK BOYS SPLIT; LEO HAS EASY VICTORY

Brother Frankie Loses to Tommy Sharp; Quaker Fans See Two Lively Bouts

Philadelphia, March 31.—Leo Houck had for an opponent last night at the Fairmount A. C. Al Greaber, of Pittsburgh, who replaced Knockout Baker of Wilmington, originally scheduled for the wind-up. Baker was kept from appearing by a severe attack of grip. Greaber was game, but he lacked an adequate offense. The most he could do was to rain at Houck a succession of swings in the vain hope of getting over a knockout. Only a couple of these blows landed, and they did no harm to the Lancaster lad. Houck fought an intelligent battle, constantly forcing the milling and landing hard and clean with jabs. He won all the way, though Greaber came back cheerfully for his punishment, and was strong at the finish. In the semi-wind-up Frankie Houck, a brother of Leo, lost to Tommy Sharp.

DUNCANNON LOOMS UP STRONG; CLOSE LEASE FOR BALL FIELD

Dauphin-Perry League Team and High School Will Furnish Fast Games This Season; Plan Strong Line-up

Duncannon, Pa., March 31.—Baseball prospects here are brighter than they have been for sometime. In addition to the Duncannon regulars, members of the Dauphin-Perry League, the local high school team promises a number of fast games. Preparations for the coming season are under way. Representatives who will attend the league meeting at Harrisburg, April 8, will report a big list of promising players. The James Rosborough plot of ground in Penn township has been leased and will be put in shape for a baseball field. A grandstand and bleachers will be erected. Many local players are out at practice daily.

MAXIM SILENCER USED ON STAGE

In "Within the Law," Bayard Veiller's successful new drama of the minute which The American Play Company will present at the Majestic this evening there is represented on the stage for the first time in theatrical history a murder by pistol in which there is not the slightest sound at the discharge of the bullet nor the thinnest veil of smoke when the trigger of the revolver is pressed. This unusual spectacle is made possible by the use of a Maxim silencer, a device which incidentally provides a foundation for the "big scene"—which for suspenseful interest is the greatest in the play. It has not been equalled in any dramatic offering of the past decade.—Advertisement.

ORPHEUM

Local theatergoers who miss the Orpheum's current bill will be missing a good deal. In the first place they will be missing the opportunity to see Henrietta Crossman and her very capable company in the dramatic sketch, "Thou Shalt Kill." Miss Crossman is one of the few stars we have seen at the Orpheum this season, who have forsaken the legitimate stage for vaudeville. This dramatic act is surrounded by some of the best minor producers the Keith market boasts of. Swor and Mack, who are the most popular black-face funsters who ever appeared at the Orpheum. A close second to them are Mr. and Mrs. Jack McGreevy, the "rube" character artists. Such quaint rural fun hasn't been seen here in moons. And Milo? There's a nice cash prize awaiting you at the box office if you don't get some of the smiles of your life at this comedy surprise act. Diamond and Grant, the aged dancers, in some of the latest ball dances, is one of the bill's decided novelties. In fact, there isn't a dull minute in the whole Orpheum bill.—Advertisement.

COLONIAL

All aboard for Dreamland, thence to the North Pole and return to Harrisburg, all in twenty-five minutes. The trip from start to finish is a blaze of light, song, beauty and fun and is undoubtedly the finest and most clever "big" act the Busy Corner has seen. Arthur Levine and company, mostly girls, present it, and you'll have to hurry round to the Busy Corner, for it is here only for the first half of the week. New! If and Phelps, in songs and comedy; Teed and Lazelle, present-

THREE PHYSICIANS FOR HAVANA FIGHT

Cuban Authorities to Take No Chances For Serious Accident in Monday's Battle

Havana, March 31.—There has been no change in the betting on the outcome of the fight, Johnson remaining the favorite at about 3 to 1. The pugilists were examined and measured by physicians again last night. Each man is said to be in splendid condition and regard to organs and muscles. One doctor said Johnson had the smallest heart of any man he had ever examined. These latest measurements show that the champion is to be heavier and more muscular than he was at Reno in 1910; nevertheless, Willard is the bigger man in almost every particular. The Cuban government officials are determined to take no chances of a serious accident to a fight between such big men. They have appointed three physicians to attend at the ring-side. They will have oxygen and other stimulants to revive the fighters in case of any unusual knockout or a fall. They say, however, that they will not interfere with the proper termination of the battle according to the code of the prize ring. The relatively gigantic size of the pugilists evidently has impressed Cuban officials with the idea that the struggle of next Monday will be unusually savage.
