The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical profession. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

Prevent Diphteria.

A sore throat is a good breeding place for Diphteria germs. Protect your children by never neglecting a Sore Throat. You can wisely depend upon TONSILINE. Give Tonsiline upon the first appearance of Sore Throat—don't give Diphteria a chance in that in its weakened condition. When TONSILINE is swallowed it comes directly in contact with the diseased surface and induces a healthy condition. It can better defend the throat if attacked by Diphteria germs. Keep TONSILINE in the house where you can get it quick when needed. 25c., 50c and \$1.00.

Silverwings Finds Herself in a Meadow

As Silverwings came from the depth of the stream, She smiled; for she saw Uncle Sun's bright face gleam, "Oh, please, Uncle Sun, please take me back home, I'll be happy and satisfied—nor want to roam Any more; I will never, oh, never complain, Never more will I tear my once bright face stain, Be happy as ever a Fairy can be; Oh, please, Uncle Sun, please listen to me!" But Uncle Sun just smiled slowly away, "My dear," said he, "one year you must stay—The King of the Fairies must be obeyed; Now don't you just wish that you had behaved? But to make you feel better—I will tell you this: You may have troubles—things may go amiss, But nothing harmful can happen to you—Now just make the best of things—all Fairies do."

Aunt Este's Stories For Children

The ADVENTURES OF FAIRY SILVERWINGS So Silverwings started to wander around, She thought she might just as well, since she was bound To stay on the earth for the whole of a year; (Wouldn't you have done likewise—my own little dear?) And she soon found beside her a cushion of clover, The same kind of cushions were growing all over The field, and here and there were pretty hats, Such Fairy creations would be hard to match. They were white round the edge with a center of yellow, Of rank, or even a Fairy of Silverwings' station—She was tickled and happy and filled with elation. Then she found cups to drink from, all yellow like butter—And blue bells that tinkled—her heart fairly fluttered; She ran about singing and chuck full of mirth—For, said she, "I have found Fairyland upon earth."

So Silverwings started to wander around
