THE GLOBE

Peace Advocates Fly New Flag on Vessel

New York, April 13.—A huge peace flag floated from a mast head of the Holland-American Line steamship Noordam to-day as the forty or more delegates from America went on board to sail for Rotterdam to attend the International Women's conference at The Hague.

SAYS GERMANY WAS NOT READY FOR LONG FIGHT

Guert, France, April 13, 5 A. M.—"Germany, ignorant of the soul of France, now is being punished for her mistake," was the declaration made by Premier Viviana at the opening yesterday of the departmental council of Creuse. "She thought she would find," he continued, "a divided, a frivolous nation, but she met an iron wall against whose heroic resistance the power of her army was broken. Then behind the iron wall moved, supple and unbreakable, toward the western front, crushing little by little the army whose chiefs were not prepared for so long and bitter a struggle."

CHILDREN LOVE CASCARETS--10c

Remove the winter's liver and bowel poison with candy cathartic Don't let your child stay sick, bilious, feverish, tongue coated

Your child is bilious, constipated and sick. Its little tongue is coated, breath is bad and stomach sour. Get a 10-cent box of Cascarets and straighten the youngster right up. Children love this harmless candy cathartic and it cleanses the little liver and thirty feet of bowels without griping. Cascarets contain no calomel and can be depended upon to move the sour bile and poison right out of the bowels. Cascarets is best family cathartic.

NEWS OF THE RAILROADS

PASSENGER ENGINE FOR READING LINES

New Locomotive to Be Brought to Harrisburg on Test Run; Will Be Sent to Atlantic City

Within the next two weeks the first of the new passenger engines to be run over the Reading system will be completed. The engine is now being built at the shops in Reading. It is the purpose to have this engine make several test trips to this city and other points. Early in June it will be taken to Atlantic City for exhibition at the annual convention of the master mechanics of the United States.

At present there is a shortage of motive power on the Reading in both the freight and passenger service. The first of an order for twenty freight engines will be delivered at an early date. Until the new engines arrive Harrisburg division will receive aid from Reading when needed. Business continues to increase between Pittsburgh and Harrisburg.

EDITOR OF KANSAS CITY STAR IS DEAD

Mr. Nelson took an active part in the management of the Star up until about a month ago, when his condition changed for the worse. Until then members of the Star staff gathered at his bedside several times weekly for the purpose of discussing with Mr. Nelson questions of editorial policy. At these conferences he would dictate editorial and outline ideas for cartoons and feature stories. Although his physicians constantly advised against the part he was taking, during the last few months, in the management of the paper, he refused to obey them, reminding them that it was in the building of the Star he had been happiest and that he would not be content without something to occupy his mind. During the last month, however, Mr. Nelson has been conscious only at intervals. At each period his mind wandered and he constantly asked questions about his newspaper and the members of its staff. Mr. Nelson was founder, owner and editor of the Kansas City Star. Although he did not enter the newspaper business until he was nearly 40 years old, he brought to it such originality, ability and energy that he built up one of the greatest newspapers of the country.

U. S. Will Use Wireless to Preserve Neutrality Along Mexican Border

Washington, April 13.—Through the use of powerful automobile wireless outfits the signal corps is planning to establish a complete line of communication by radio along the entire Texas border and across Arizona and New Mexico to California so that the military commanders from headquarters on the west coast and at San Antonio on the east can dispose of their troops rapidly and to the best advantage to preserve neutrality along the Mexican border.

DIVERS READY TO WORK

Honolulu, April 13.—George D. Stillson, chief gunner's mate, in charge of the diving operations for raising the submarine F-4, submerged outside the harbor since March 25, said to-day four expert divers would probably make a descent to-morrow.

TROUT PROSPECTS SAID TO BE WE

Commissioner Buller Looks For a Good Season in This Section of the State

Commissioner of Fisheries N. R. Buller anticipates a good trout season in this section of the state and the results of the "planting" carried on last Spring by the department will show in the streams in Cumberland, York and Perry counties. The season starts on Thursday and the commissioner and people connected with his department are planning to do some week-end fishing. This Fall trout able to take care of themselves will be placed in streams in Dauphin county if the sportsmen make application and agree to look after the fish and make reports on them. Commissioner Buller says that the streams in the county have been inspected and that he would be glad to furnish the fish if the State requirements are complied with.

After Petl Closes.—Dr. Joseph Kalibus, secretary of the Game Commission, is having some investigations made into the manner in which claims for game bounties have been made in York, Adams, Lebanon and other counties in this part of the State. In Lebanon county forty-two charges of perjury have been preferred against one man and it is expected that more will be arrested. The northwest-ern part of the state game forests have been reported in a dozen or more counties and some justices will be prosecuted for complicity. Numerous reports of justly killed deer without examining the heads or pelts have been received and are under investigation.

Board in Session.—The Board of Public Grounds and Buildings is in session this afternoon. It is probable that the Capitol Park extension matter will be discussed. Big Petition Filed.—Representative Hess to-day sent to the House a petition for local option signed by 3,968 residents of Lancaster county. Death of Lewis H. Draper, former dean of the law school of the University of Pennsylvania, was at the Capitol to-day to attend the constitutional convention hearing. Mayor W. A. Magee, of Pittsburgh, is here for the same purpose.

Discussing Highways.—Senator Sprout, Acting Highway Commissioner Hunter and Chief Engineer "Chick" discussed highway improvement legislation with the Governor to-day.

Graham in Chair.—Representative Graham, of Philadelphia, occupied the chair to-day.

Discussing Housing Bill.—There are a series of conferences scheduled for this week in Philadelphia to discuss the proposed housing code as suggested by the Governor in his veto. Director Norris, the chief speaker against the bill last week has resigned from the Blankenship cabinet and will devote his energies to the drafting of a new bill.

Expect Appointment.—It is expected that the appointment of J. Cunningham, of Allentown, as highway commissioner will be sent to the Senate to-night.

Time Charter Up.—The charter application for the J. J. Company is due to be acted upon by the Governor to-day, having reached his desk. It has been approved by the Public Service Commission.

First Appropriation.—The first big list of appropriation bills will likely be reported out by the House appropriations committee to-morrow. It will consist of bills for homes and a few hospitals. The committee is now working on bills for State institutions and educational institutions and will consider the common school appropriation later.

BULL MOOSERS ARE TIRED OF ROAMING

[Continued from First Page.] was ready to dissolve when the governor gave the word. The governor refused to comment to-day either on the reports or to review what he had done that the Democratic party is used to demand in such stentorian tones.

Bull Moose leaders are particularly interested in the position Dr. Brumbaugh has taken in cabinet and the promise is made that practically all the 269,000 men who voted for Gifford Pinchot for United States Senator are ready to follow his leadership. Washington party men see that there is a movement throughout the country to get back into the Republican party and make sure a presidential victory in 1916. The Pennsylvania Bull Mooseers feel that by getting behind Mr. Brumbaugh, their return to the party would be much easier and less humiliating.

It is known that the word has been sent to the governor, that when he says so, the Washington Party State Committee will be convened in Harrisburg and the organization dissolved. The leaders of the movement to fight he has made for the redemption of the party and his personal pledges have satisfied the independents of the State that he is sincere and they are ready to accept his leadership. They argue that with an united party it will be an easy matter to place on the statute books during his term, the legislation the people are demanding. Gov. Brumbaugh is a Republican and he is endeavoring to prevent anything which would result in a split in his own party. He wants a solid front when the Democratic enemy is faced in 1916. If the party thinks he is the man to make the battle for the presidency, he doubtless will be ready to answer the call. Republicans generally would like to see the Bull Mooseers back in the fold if they are ready to take their places in the ranks. It is known the governor is looking forward with great interest to the contest next year both in Pennsylvania and the nation. He will have considerable to say about the framing of the Republican State ticket.

Founder's Day Observed at Virginia University

Charlottesville, Va., April 13.—Founders' day was celebrated at the University of Virginia to-day by the unveiling of a bronze statue of Thomas Jefferson, done by Karl Bitter, and presented to the university by Charles R. Crane, of Chicago. President Alderman announced a gift of \$100,000 for a new laboratory, half from John Blackwell Cobb, of New York, and half from the Carnegie Foundation, withheld. Mrs. Charles H. Sentz, of New York, has given \$10,000 to improve the university grounds. Fairfax Harrison, president of the Southern Railway, was the chief speaker of the day.

15-YEAR-OLD GIRL ELOPES TO BALTIMORE

Slipping away quietly on Sunday evening, Harry Stormfeltz, aged 21, 1230 1/2 North Sixth street, and Miss Renetta Bennett, aged 15, 1642 North Third street, disappeared from the city and turned up in Baltimore to be married. The couple returned last evening after causing the girl's parents family hours of worry. Yesterday the mother would not believe that her daughter had eloped. Last evening, however, the story was told of the runaway.

STEELTON TO THROW OPEN 62 GARDENS SATURDAY

Children to "Buy" Plots, So That They Will Have Real Ownership Interest. Sixty-two garden plots on Cottage Hill will be thrown open to Steelton's boy and girl "trucks" by the Civic club Saturday morning—provided the men now distributing fertilizer and getting the gardens in shape for farming, complete their work. Already many of the forty garden plots for family use have been assigned. Many more of the larger plots, however, are still unassigned and may be obtained by applying to Mrs. G. P. Vanier, chairman of the garden school committee. As in former years, the Civic club will offer prizes for the best kept gardens and for the best produce raised by the youthful gardeners. A large supply of seeds has been obtained through Congressman A. S. Kreider and will be distributed to the children. In order to inspire a feeling of ownership the Civic club will "sell" the garden plots to the children. Mrs. Vanier announced this morning that this year's price for a plot will be five cents.

STEELTON SNAPSHOTS

Many Properties Change Hands.—According to the records of Charles P. Feidt, secretary of the Water Board, 73 properties in Steelton changed hands in the past six months.
