Legislative News

ADMINISTRATION PROGRAM READY

Revenue Raising Measures Are to Be Put to the Front in the Legislature Now

LOOK FOR \$6,400,000

Attorney General Brown Talks on What It Is Hoped to Accomplish by the Bills

Governor Brumbaugh's plans for raising funds for the improvement and maintenance of the State's system of highways and to meet additional expenses in the State government will take shape immediately. The general program as outlined in the Telegraph last night will be put through, the legislative leaders having agreed to it. This will be done regardless of any other legislative matters, local option, compensation, child labor, public service or any other thing.

The bills it was decided to put through and the amount of money they are estimated to raise each year follow:

Anthracite coal tax, 60 per cent. on anthracite counties . . . \$4,500,000  
Fifty per cent. increase in automobile licenses . . . 600,000  
Two-cent tax on the gross \$100 worth of stock sold or transferred . . . 500,000  
Repeal of law making State pay for the primary election expenses . . . 800,000

Total . . . \$6,400,000

Attorney General Brown, in telling about the conference made the following statement:

"The conference felt that a division of the anthracite tax, 60 per cent. to the State and 40 to the anthracite counties would be fair. The tax proposed in the pending bill is about 5 cents a ton. At this rate the gross amount of revenue would be about \$4,500,000 a year. The conference discussed the advisability of increasing the tax to about 7 1/2 cents a ton, which would bring in \$7,000,000 a year. The State would have to pay out 1 per cent. of its share for collection.

It has been decided to call a conference of the senators and representatives from the anthracite counties Tuesday afternoon. The Governor and I will attend and we will endeavor to reach a satisfactory agreement with them.

"The conference decided that a state commission would be created to investigate the charges that anthracite coal prices have been raised exorbitantly because of the tax. This commission would also look into any future extortionate rates. It and the State would fight any attempt to increase the price per ton to a larger sum than the regular selling price of coal with the tax added. We would resort to the use of bulletins, sent broadcast over the state, and to first page advertisements in newspapers if necessary.

"We agreed to the passage of the pending bill to put a stamp tax of 2 cents on each \$100 value of stock sales and transfers. New York is raising \$5,000,000 a year from this source. We estimate this would bring us at least \$500,000 a year.

"The new escheat bill is to be put through. All money in the various institutions of the state which has been unclaimed for ten years would escheat to the state, with the proviso that its original owners would have another ten years in which to claim it. There would be no fees for information or no return of any kind.

"It was also decided that arrangements would be made for the State to carry its own insurance. We are now paying over \$100,000 a year in premiums. This will be done by establishing a sinking fund. We have \$250,000 that would be available at once.

"The Attorney General's office will proceed to the collection of money for the care of indigent insane in cases where the relatives are able to pay but have been allowing the State to put up the \$20 a week for the care of the patient. We figure that we can bring in from \$200,000 to \$400,000 from this source. We have legislation before the Legislature which gives us the right to appoint all attorneys employed in any department of the state government. All over the state lawyers are representing the register of wills and the county treasurers in the collection of the mercantile tax. They would all be available for use in this department and some of them would be brought here during legislative sessions to help on other times when they would be needed.

"We figure that we will get an additional \$500,000 revenue from the new moving picture census bill.

"The conference decided in favor of a 50 per cent. increase in automobile licenses. The rate for the heavy trucks that are used for the care of the patient. He laughingly remarked that he had a bill on his desk which proposes to take the tax off traction engines. One gathered that this would hardly go to the Governor with his O. K.

Mr. Brown said the conference was of the opinion that it was not the time to press the bill to place a tax of 4 mills on bonds at their source or a tax manufacturing corporations 1 mill.

"I find," said Mr. Brown, "the taxable value of the real estate of Pennsylvania is \$5,322,133,902. A tax of 1 mill would raise \$5,322,133. I just happened to have these figures in the conference this morning, but I regret such a tax would not be popular."

Governor Brumbaugh said the bill to repeal the personal property tax law of 1913 would not be pushed. It would interfere with the Philadelphia plan to float loans.

The conference agreed that the bill to repeal the law requiring the State to pay the expenses of the primary elections would be passed. This will save \$800,000 a year. The cost of the elections would have to be borne by the counties.

STATE RAILWAYS CONVENTION TO BE HELD AT PITTSBURGH

After a two-day session for the last eight years, the annual convention of the Pennsylvania State Railways Association will be held at Pittsburgh, May 11 and 12. Dr. Henry M. Stine, secretary of the association, C. H. Bishop, president of the Valley Railway Company and Lew Palmer, chief inspector of the Department of Labor and industry, are among those who will attend.

Where to Buy Your Piano or Player-Piano

One thing is absolutely certain---you can buy with greater knowledge after a visit to this store. For here you can see, hear, test and examine all the leading makes in the different grades, side-by-side.

In saying our prices are the lowest named anywhere, quality considered, we are simply making a statement which can be easily proven by a few minutes spent in our warehouses.

Besides being responsible for every instrument we sell, we make the purchase easy by allowing you to arrange your own terms, within reason, of course. Visit our Piano and Player-Piano Department tomorrow. We are showing some very attractive values in little "used Uprights."

See and Hear the New Style Victrolas and Edison Diamond Discs

No matter how remote your interest in music, we want you to stop in tomorrow and hear these two instruments demonstrated side-by-side.

Some day you will want a Victrola or Edison Disc, and when that day comes, remember this is the only store in the city privileged to display all models of both instruments.

Prices \$15 to \$450

COLONIAL

Every afternoon and evening — Vaudeville and pictures.

MOTION PICTURES

Palace, 10 a. m. to 11 p. m.  
Photoplay, 10 a. m. to 11 p. m.  
Regent, 12 noon to 11 p. m.  
Royal, 6 p. m. to 11 p. m.  
Victoria, 10 a. m. to 11 p. m.

"LITTLE MARY MACK" AT THE MAJESTIC TOMORROW

An American musical comedy will make its premier bow in this city at the Majestic, to-morrow, matinee and night.

"Little Mary Mack" is the name of the new production and the producers have entirely ignored the tradition that in the past has demanded foreign flavor in musical comedy.

"Little Mary Mack" is a bewitching story of a little American girl whose chief trait is curiosity. She is inquisitive; so much so that she drives to de-

spair a millionaire banker whose ambition is to marry his daughter off to a nobleman. "Mary Mack" efforts to foil the plot provide a vehicle that offers an opportunity for funmaking that the authors have been quick to grasp.

After its engagement here, "Little Mary Mack" will go to Philadelphia, and after a stay of several weeks in that city, will go to New York for a run.—Advertisement.

McINTYRE AND HEATH IN "THE HAM TREE"

McIntyre and Heath will be the attraction at the Majestic, Saturday afternoon and evening, April 24, in John Cort's splendid revival of the big musical novelty, "The Ham Tree," which is one of the greatest laughing successes the American stage has ever known.

These comedies have no equal in the delineation of quaint negro characters, and they are funnier than ever in their career. The book of "The Ham Tree" is by George V. Hobart, the lyrics by William Jerome, and the catchy music by Jean Schwartz. Mr. Cort has spent money lavishly on the production, and the American stage has never known a company of much excellence. A special feature is the chorus of fascinating girls, who do some wonderfully attractive dancing.—Advertisement.

COLVIN GIVES GOOD ENTERTAINMENT

The success with which Colvin has begun a three-day engagement at the Colonial Theater, proves that vaude-

ville audiences are always ready to look at a clever hypnotist. Colvin is one of the best in his line that has ever appeared in Harrisburg, and he is keeping his audiences in constant laughter. On the same bill with him are the Harmony Trio in popular songs; Mercedes Ross and Company, in a comedy playlet, and Lew Fitzgibbons, an expert xylophonist. This rounds out one of the best shows that the Colonial has had this season.—Advertisement.

VICTORIA

The more persons hear our great \$25,000 pipeorgan the larger becomes the regular army of Victoria movie fans, for at no other theater in Harrisburg and at every few motion picture playhouses can pictures be seen under such advantageous circumstances. The fact that each action of the play is closely followed and given its proper tone expression seems to fill a long-felt need and makes pictures all the more entertaining and intensely interesting. To-day we show a special Keystone comedy in two parts entitled "Gussie's Day of Rest"—a scream from start to finish. Pathe Daily News, the newspaper, Wednesdays and Fridays. Believing that the people of Harrisburg and vicinity appreciate a high-class motion picture theater it has always been our aim to maintain at Victoria as the one high-class theater. The \$25,000 pipeorgan—the mirror screen—highest-class pictures—recently remodelled and refurbished the entire theater for the comfort and convenience of our patrons, are reasons why the Victoria is in a class of its own—admission will be 5c and 10c.—Advertisement.

NORMA TALMADGE AT PHOTOPLAY TODAY

Clever Norma Talmadge, the 16-year-old star of the Vitaphone Company, plays the role today in Janet of the Chorus. A jolly and dramatic comedy in which Miss Talmadge's As Janet, the head of the well shown marries Barry, whose uncle is a woman-hater. Since the marriage Uncle puts in his appearance, but Janet and Barry solve the problem by introducing the little niece, of course, the inevitable discovery follows, but the young people get out of it in a way that makes this feature a comedy gem. Our guests this feature a road story, "A Life in the Balance," is also showing Heiler Holmes in the leading role.—Advertisement.

AT THE REGENT

The Gustave Frohman Production of "The Fairy at the Well," at the Regent Theater to-night, is a play that deals with the outbreak of the great European war. Children will be especially interested in the juvenile actors, Mary Miles Minter, Percy Helton and Willie Archie, who will delight them with their pathos and humor while the grown-ups will be gripped by their acting in the plot of the play. The pretty little daughter of a British army officer, left alone when her father was killed, drifted into a theater and became a fairy in a Christmas production. At the close of the play she fell from a cloud. She was not injured, but soberated by the stage manager that she rushed out into the night in her fairy costume and disappeared. Many patrons have been attracted to the play by the situations follow and the play is finally brought to a happy ending. To-morrow "The Valley of the Missing," a film already seen by thousands and proclaimed to be one of the greatest successes of the present day.—Advertisement.

PRAYED FOR THE LANDLORD

I recall an incident or two in connection with that sermon. In the course of conducting the service, desiring to pray for the country, I said: "Bless our land, Lord." I was overcome with dismay, but few noticed the double possibility of the petition. I remember an old Dutch elder approaching me at the close of the service, and saying: "Dot's goot; you have still one more year at the seminary?" and when I answered affirmatively he said: "Dot's goot; I hope you improve a great deal. The Rev. William Pierson Merrill, D. D., in the Christian Herald.

CHINESE TYPEWRITERS

The impossible has happened. A Chinese typewriter has been invented. It has 4,200 characters. It has only three keys. It can make 50,000 letters or characters by combinations of the basic 4,200. It is still a crude affair, but workable, and perfected models are under way. To write a letter you turn a cylinder upon which are the 4,200 characters, until the right one comes opposite the key-word of the guide on another cylinder, then you strike the printing key just as on an American machine, then you begin a still hunt for the next character which you are to print—and so on while reason lasts.—The Christian Herald.

INEBRIATE BILL GIVEN APPROVAL

Measure That Will Take Care of Drug Fiends Gets Signature of the Governor

In addition to approving the Catlin bill providing for the posting of primary election returns as the general election returns are posted Governor Brumbaugh yesterday approved the Clark Senate bill providing for commitment to the new State institution for the treatment of inebriates of persons habitually addicted to the use of alcohol or drugs. The act establishes a method of court procedure.

The Governor also approved the following Senate bills:

Making refund to Lynford Biddle, Philadelphia, of money erroneously paid into the State Treasury as automobile license fee.

Providing for payment of judgments and mortgages and other claims which are liens on property affected by public improvements or taken by exercise of eminent domain.

Defining powers of boards of health in boroughs and first class townships.

Providing for improvement of roads by cities and counties.

Defining powers of boards of health in boroughs and first class townships.

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Crusen, of Bushnell, Ill.

BUSHNELL, ILL.—"I think all the trouble I have had since my marriage was caused by exposure when a young girl. My work has been housework of all kinds, and I have done milking in the cold and snow when I was too young to realize that it would hurt me. I have suffered very much with bearing down pains in my back and such miserable pains across me, and was very nervous and generally run down in health, but since I have taken Lydia E. Pinkham's Vegetable Compound my back never hurts me, my nerves are stronger, and I am gaining in health every day. I thank you for the great help I have received from your medicine, and if my letter will benefit suffering women I will be glad for you to print it."—Mrs. JAMES CRUSEN, Bushnell, Illinois.

A Grateful Atlantic Coast Woman.

HOPKINS, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
