How Fat Folks May Become Slim

A SIMPLE, SAFE AND RELIABLE WAY THAT CALLS FOR NO DRASTIC DIET, OR FIRE-SOME EXERCISES

To be excessively fat is very mortifying. People who are too stout are mighty sensitive on this subject. Style and fat folks are strangers. Therefore people who are carrying around a burden of unhealthy and unsightly fat will be glad to know that they can reduce their weight without starvation diet or tiresome exercises.

If you have been getting too stout of late and want to reduce your weight in a simple, safe and reliable way, spend as much time as you can in the open air, practice deep breathing and get from any good druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Watch yourself once a week so as to know just how fast you are losing weight, and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take, helps digestion, aids a lighter and more buoyant feeling, take possession of your whole being. Every person who is ten or fifteen pounds over normal weight should give this treatment a trial. You will probably find it is just what you need.
