### LARGE CROP OF PEACHES

*Dillsburg Reports Good Prospects for York County Orchards*  
 Dillsburg, Pa., May 5.—Unless unfavorable conditions prevail later in the season, the peach growers of the upper end of York county will again have a large crop of peaches. The trees were laden with blossoms and are in fine condition for a large crop under favorable weather conditions. Cherries and strawberries will be practically a failure. While the cherry trees blossomed heavily, the small cherries are now dropping off rapidly, until some trees are practically bare of cherries.

### Mothers Tell of Mother's Friend

Experience is or should be our best teacher. Women who have obeyed the highest and noblest of all sacrifices, the struggle for the life of others, should have a better idea of helpful influence than those who theorize from observation. At any rate when a prospective grand-mother urges her daughter to do as she did—to use "Mother's Friend," there is reason to believe it the right advice. "Mother's Friend" is an external application for expectant mothers. Its purpose is to furnish pliancy to the muscles, to take away the strain on the cords and ligaments, to relieve the tension of nerves and tendons so apt to provoke or aggravate nausea, morning sickness, twitchings of the limbs and so on. Although, in the nature of things, a woman would use "Mother's Friend" but rarely, yet so effective has it been found that this splendid remedy is on sale in most drug stores throughout the United States. It has been prepared by Bradford Regulator Co., 406 Lamar Bldg., Atlanta, Ga., and advertised by us for over forty years. This is a fine record for such a special remedy and the grateful letters received to-day are just as appreciative as were those of years ago notwithstanding that methods are supposed to have greatly advanced. Ask at the drug store for a bottle of "Mother's Friend." It is worth while.

### Keep the Children Bright and Happy

Happy youngsters must be healthy. The digestive organs of children get out of order as readily as do those of their elders, and the result is equally distressing. When the bowels are clogged with an accumulation of refuse from the stomach the child naturally becomes cross and fretful from the discomfort, and is often punished for temper when medical attention is really what is needed. The next time your child is cross and unhappy, without apparent reason, try giving it a mild laxative. Dr. Caldwell's Syrup Pepsin is a mild, pleasant tasting combination of simple laxative herbs with pepsin, and is especially recommended for children because of its freedom from all opiate or narcotic drugs and its gentle action. It is sold in drug stores everywhere. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.
