DYSPEPSIA OVERCOME

Tone Up the Stomach with Hood's Sarsaparilla.

When you have dyspepsia your life is miserable. You have a bad taste in your mouth, a tenderness at the pit of your stomach, a feeling of puffiness, headache, heartburn and sometimes nausea.

Dyspepsia is difficult digestion—that is what the word means—and the only way to get rid of it is to give vigor and tone to the stomach and the whole digestive system. Hood's Sarsaparilla, sold by all druggists, is the one medicine which acts on the stomach through the blood and also directly. Its beneficial effects are felt at once. Improvement begins immediately.

Hood's Sarsaparilla purifies the blood, makes the rich red blood that is needed for perfect digestion, and builds up the whole system. No other medicine can take its place.—Advertisement.

APPETITE FOLLOWS GOOD DIGESTION

Nearly everyone indulges their appetite and the digestive organs are abused, resulting in a congestion of poisonous waste that clogs the bowels and causes much misery and distress.

The most effective remedy to correct this condition is the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin. This is a natural, pleasant-tasting remedy, gentle yet positive in action, and quickly relieves indigestion, constipation, sick headache, belching, etc. Drug stores sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle, and in thousands of homes it is the indispensable family remedy. For a free trial bottle write Dr. W. B. Caldwell, 452 Washington St., Monroeville, Ill.

IT ain't no figure of speech when a fellow says he gets "stung" with a poor tobacco. Try some VELVET—with every trace of sting mellowed out of it.

ANYTHING that is seasoned quickly by an artificial process is not truly seasoned—whether it is a piece of wood or a tobacco leaf.

VELVET is the mellowest of smoking tobaccos, because it is mellowed in the only way anything can be mellowed—Nature's way—by time.

Only the best of Kentucky's Burley crop—that is, the best of the world's best pipe tobacco—is selected for VELVET.

Two years this tobacco matures in great wooden casks, so that the peculiar fragrance and rich mildness of the Burley shall be brought out to the full in VELVET.

Once taste a pipeful of VELVET, The Smoothest Smoking Tobacco, note its cool, slow-burning qualities, and you will understand why VELVET smokers are increasing by thousands.
