A MOTHER'S NERVES

When your children "get on your nerves," the trouble is with your nerves, not with the children. You find yourself scolding them when you should be reasoning with them and if you are wise you will realize that your nervous system needs attention. You observe, doubtless, that you wake up in the morning unrefreshed by your night's sleep, that you often feel better at night than you do in the morning. You realize that the more you get irritable, the more you worry, that didn't formerly and you have headaches more frequently than you used to.

Colorado and What It Means

The Perfect Summer Resting Place. Sun tanned, bright eyed, rosy cheeked youngsters; Burro (donkey) riding, fishing, climbing, wild flower gathering, eating good wholesome food with the appetite of a hired man; sleeping the sound and restful sleep of health; comfortable quarters at moderate prices, wonderful air and glorious scenery; all of this expressed in the one word "Colorado."

For Catarrhal Deafness and Head Noises

Here in America there is much suffering from catarrhal deafness and head noises. American people would do well to consider the method employed by the English to combat this insidious disease. Everyone knows how damp the English climate is and how dampness affects the ears. In England they treat catarrhal deafness and head noises as a constitutional disease and use a remedy for it that is really very efficacious. Sufferers who could scarcely hear a watch tick tell how they had their hearing restored by the English treatment to such an extent that the tick of a watch was plainly audible seven and eight inches away from either ear. Therefore, if you know someone who is troubled with catarrhal deafness or head noises, cut out this formula and hand it to them and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be easily prepared at home for about 75c and is made as follows: From your druggist obtain 1 oz. of Permin (Double Strength), about 75c worth. Take this home, and add to it 1/2 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take a tablespoonful four times a day. Permin is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to the usually excess of secretions in the middle ear. Permin is used in this way not only usually remarkably quick and effective. Every person who has catarrhal in any form should give this recipe a trial and themselves from its destructive disease.—Advertisement.

Positive Relief For Constipation
The progress of modern medical science is, perhaps, no more forcefully evident than in the simplifying of many of the old time remedies of past generations. For instance, the harsh cathartics and violent purgatives used by our forefathers to relieve constipation are now known to be not only unnecessary but really harmful. Constipation can be more effectively relieved without the discomfort and pain these old-time remedies occasion.
A combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin is most effective, yet mild and pleasant. It is absolutely free from opiates and narcotics and equally as desirable a remedy for the tiniest babe as for rugged manhood. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

HOW TO BE SLIM
By Winifred Grace Forrest
If you are to fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to W. H. Kennedy or any other good druggist, and get a box of Oil of Koraen capsules, take one after each meal and one before retiring at night.
Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body.
It costs little, is absolutely harmless and I am sure a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.—Advertisement.
