

PRESIDENT REVIEWS AMERICAN WARSHIPS IN NEW YORK HARBOR

Salute of 21 Guns Thunders Welcome to Chief Executive on Board Mayflower

PATRIOTIC INTEREST AROUSED Hundreds of Thousands Thronged Streets This Morning Prior to Opening of Program

By Associated Press New York, May 17.—A mighty armada of battleships, destroyers, submarines and auxiliary craft, the nation's bulwark in case of war, swung at anchor in the Hudson River to-day groomed for review by the President of the United States.

The most powerful array of fighting ships ever assembled in an American port, sixty-four in all, the fleet stretched for four miles in a double line of solemn gray, but touched with gay colors where pennants and ensigns streamed from fighting top and masthead in honor of the occasion.

Each battleship was in readiness to thunder out the presidential salute of twenty-one guns when the navy yacht Mayflower, with the President on the bridge, passed them during the afternoon.

Conveyed by the cruiser Baltimore, the Mayflower, bringing the President from Washington, reached the harbor last night and steamed up the river to anchorage off West Forty-first street.

It was after midnight when she arrived there and the President and his party, expecting a long day of ceremonies, had retired for the night.

The naval review, preceded in the forenoon by a land parade, was on the program as the ceremonial feature of the ten days' visit of the Atlantic fleet to this port.

To-morrow the demonstration will end with the departure of the fleet for a naval war game along the Atlantic coast.

Patriotic Interest Aroused Three times since the ships of Admiral Dewey returned from the victory from Manila Bay, 17 years ago, has New York been the scene of a United States fleet, but never since Dewey's return has the presence of the warships here aroused greater patriotic interest than on this occasion.

Hundreds of thousands thronged the streets at an early hour to witness the land parade, later to seek vantage points on the Hudson water front.

The city was in holiday attire and decked with flags.

Protection For President This morning the President set out for shore aboard a navy launch, to perform the first duty of the day, a review of the land parade of sailors, marines and New York State naval militia, nearly 6,000 strong.

Waiting to greet him at the foot of Forty-first street were representatives of the

Historic Liberty Bell Will Be Shown Here on Trip Across Continent

Philadelphia, Pa., May 17.—Philadelphia, home of the Liberty Bell, to-day recognized the claim of Harrisburg for a chance to witness the famous old relic enroute to the Pacific coast by including that city in the itinerary.

Twelve days will be consumed in the trip to San Francisco, where the bell will be placed on exhibition.

The special train carrying the Liberty Bell and the councilmen who will accompany it will pass through Harrisburg on Monday, July 26, at 3 p. m., and a stop of one-half hour will be made.

By special arrangements with the railroads the car carrying the relic will be trucked at a point easily accessible to those who wish to inspect the symbol of liberty.

In view of the countless pleas from cities in all parts of the country that stops be made so their citizens may see the bell, the cities on the itinerary may be considered favored. Councilmen this afternoon finally made up the list of towns where stops are to be made, including Harrisburg.

Former "Wet" Lawyer Tells of Machinations of the Liquor Interests

SIMPLY BAMBOOZLE PEOPLE Now Collect Taxes From Saloons and Use Money to Repair the Damage They Are Doing

Fifteen hundred people—a gathering showing the widespread opposition to the liquor business in this city—yesterday afternoon heard Major Dan Morgan Smith, of Illinois, deliver a stirring plea for national prohibition in the Derry Street United Brethren Church, Fifteenth and Derry streets.

Major Smith for years was a lawyer for the "wet" interests and stumped many states fighting against the "dry" exponents. He finally came to the conclusion that he was a "dupe" for the liquor people and decided that the only way to take liquor out of politics and the lawbreaker out of the liquor business was by national constitutional prohibition.

Major Smith said: "From 1908 to 1912, I was the head of the law department of one of the

SUFFRAGISTS TO HELP ON GOOD ROADS DAY

Will Supply Lunch to Volunteer Workers Who Wield Shovel and Pick

Pennsylvania's women suffragists will do their part to assure the State-wide success of "Good Roads Day" on May 25. They will provide refreshment to all the hungry and blistered male citizens who wield shovel and pick that day in the interests of better public roads.

In every township where the masculine population turns out for "road duty," a band of the local suffragists will be on hand with baskets of sandwiches and buckets of cooling draughts. And whether "pro" or "anti" in his beliefs on "votes for women," each individual worker will find a smiling suffragist ready to cater to the inner man when the noon whistle blows.

The story of the suffragists' desire to help in the improvement of the public highways is best told, perhaps, in the letter which has just been sent to their county and city chairmen by Miss Hannah J. Patterson, State Chairman of the Pennsylvania Woman Suffrage Party.

In this letter Miss Patterson says: "The Governor has fixed May 25 as a State-wide Good Roads Day, and has called upon men, women and children to help. As all suffragists are deeply interested in the development of Pennsylvania, this opportunity to co-operate in the improvement of the State will appeal to all our men."

"The State Highway Department suggests that the best way for the women to help is in providing lunches for the workers along the highway. Will the workers along the highway."

Mrs. Vaughn is conceded to be one of the finest Better Foods Better Homes lecturers in the country and much of her popularity is due to her sane and practical views of domestic science as applied to everyday housekeeping. The sessions will be held in the Y. M. C. A., Second and Locust streets, and will be entirely free.

Governor Says Repealer Would Have Left People Without Protection

It is expected at the Capitol that Governor Brumbaugh's veto of the cold storage law repealer, to-day, will be followed by immediate action on the Buckman uniform cold storage law, which is the most advanced of the cold storage legislation. This bill has passed the Senate and is in the House judiciary general committee. The Ringer House bill, which also changes the cold storage law, has not been reported out of the House committee and could not be acted upon in time.

In his message vetoing the Clark bill, the Governor says: "This bill is a direct repealer of the act of May 18, 1913, and is generally referred to as the cold storage repealer. The arguments adduced in its favor are that the law is too drastic and that it is of no benefit to the public. To repeal the present law would leave the people without protection from unwholesome food and with no safeguard against fraud and deception in the sale of cold storage food as fresh food. Two wrongs do not make a right. To repeal it is to shift the alleged unfairness from the dealers to the people. The Commonwealth is anxious to foster, to protect, to encourage all legitimate activity of its merchants and other businessmen, but it is in a commanding way determined not to permit knowingly any harm to come upon its people."
