

# WARNING TO VESSEL STOPPED HER FROM HELPING LUSITANIA

Boston, Mass., May 18.—According to her captain, W. F. Wood, the Leyland Line steamer Etonian, which arrived from Liverpool to-day, was prevented from going to the rescue of the passengers of the sinking Lusitania by a warning that an attack might be made upon his own vessel.

The Etonian left Liverpool May 6, a day before the Lusitania disaster. When Captain Wood was within some forty miles from Kinshasa he received a wireless call from the Lusitania for immediate assistance.

The call was also picked up by the steamer City of Exeter and Narragansett. The Narragansett, Captain Wood said, was made a target for submarine attack, a torpedo missing her by a few feet, and her commander then warned Captain Wood not to attempt to reach the Lusitania.

"It was 2 in the afternoon, May 7, that we received the wireless S O S," Captain Wood said.

"I was then about forty-two miles distant from the position he gave me. The Narragansett and the City of Exeter were ahead of me. The Narragansett was closer to the Lusitania and she answered the S O S.

"At 5 p. m. I observed the City of Exeter cross our bows and she signalled: 'Have you heard anything of the disaster?'"

"I signalled to the engine room for every available inch of speed. Then we saw the submarine come up astern of us. I now ordered full speed ahead and we left the submarine slowly. The periscope remained in sight about twenty minutes.

"No sooner had we lost sight of the submarine astern than I saw another on the starboard bow. This one was directly ahead and on the surface, not submerged.

"I starboarded hard away from him, he swinging as we did. About eight minutes later he submerged. I continued at top speed for four hours and

**Civic Club Heads Move to Get Youngsters Early to Bed**

City Council this afternoon was urged by a big delegation of the Civic Club of Harrisburg, ministers, school supervisors, and lawyers to adopt the "curfew" ordinance now pending on third reading postponed calendar.

The measure may be amended to make the curfew ages 14 for girls and 15 for boys and the hours may be changed so as to make 9 o'clock the winter "curfew" hour and 9:30 o'clock the prohibitory hour in summer.

The Civic Club was represented by ex-District Attorney John Fox Wells, who made the opening address and introduced the other speakers. Other speakers were the Rev. Dr. M. M. Hassett, rector of St. Patrick's Cathedral; the Rev. Dr. Lewis S. Mudge, pastor of Pine Street Presbyterian Church; Mrs. William Henderson, president of the Civic Club; Professor J. J. Erehin, school supervisor; Mrs. John W. Helly, ex-president of the Civic Club; Miss Helen J. Kennedy, member of the Civic Club; Miss Rachel Pollock, interested worker among young women of the city, and the Rt. Rev. James Henry Worthington, bishop of the Episcopal diocese of Harrisburg.

All urged Council to adopt a curfew measure and pointed out the ultimate good that would come by the enactment of such a measure insofar as the moral and physical well-being of the future men and women of the city is concerned.

**Makes Old Rugs Look Like New**

Sprinkle a little Nomordust across your rug, then sweep it ahead of you as you go.

You'd think the rug was new, so bright will be the colors.

Nomordust attracts dust and dirt like a magnet.

If you use Nomordust, you need never again wear a dusting cap. You can dust your ornaments and furniture before you sweep, then leave them uncovered, and they'll be as clean when you finish sweeping as when you started.

It makes sweeping easier, too, and prevents repeated dusting. You can clean any room in half the time if you use Nomordust, and you need only sweep half as often, for every time you do sweep you get all the dirt (it clings to the powder), whereas ordinary sweeping spreads the dust from one part of a room to another.

Fine for wood floors and linoleums as well as rugs. Get a 10c can to-day from your favorite grocer—he'll refund your money if you're not more than pleased.

## WANT TO OUST NEW WATER CO. DIRECTORS

Williams Valley Organization at Odds With Former Holding Institution

In connection with the injunction proceedings brought by the Sterling Consolidated Electric Company against P. B. Shaw, George Parkman, R. W. McConnell, James H. Tanner and William J. Kennedy, directors of the recently organized Williams Valley Water company for the purposes of ousting the directors from control of the water company, the latter today brought suit in assumpsit against John Peffley, former treasurer of the Williams Valley and now said to be an officer of the Electric company. Peffley, according to the Williams Valley company, has refused to turn over to it the funds he had in his control while serving as the Williams Valley company's treasurer. The injunction case was heard in the Dauphin county court to-day.

**HOW TO GET RID OF CATARRH**

If you have catarrh, catarrhal deafness, or head noises go to your drugist and get 1 oz. of Peppermint (double strength), add to it 1/2 pint of hot water and 4 oz. of granulated sugar. Take 1 tablespoonful 4 times a day.

This will often bring instant relief from the distressing head noises. Clogged nostrils will open, breathing become easy and the mucous stops dropping into the throat.

It is easy to make, tastes pleasant and costs little. Every one who has catarrh should give this treatment a trial. You will find it is just what you need.

## Says Jails and Prisons Will Soon Be Abolished; Grave Is Unrest's Remedy

Washington, D. C., May 18.— Clarence S. Darrow told the industrial Relations Commission to-day he believed the day not far distant when jails and prisons would be abolished and hospitals would take their place.

"I don't mean that some people won't be confined," said he, "but they will be treated for their social ills and not punished. Punishment is barbarism and the people generally are beginning to realize it. Some day we will try to wipe out the causes of crime and delinquency," declared Darrow.
